After sisters Raechel and Jacqueline Houck died in a fiery crash while driving a Chrysler PT Cruiser belonging to Enterprise Rent-A-Car, their parents were shocked to learn that the car was under recall at the time for a flawed power steering hose. A small plaintiffs' law firm, Grassini & Wrinkle, agreed to take their case, filing suit against DaimlerChrysler and Enterprise in June 2005. *Death by Rental Car: The Houck v. Enterprise Case* offers an insider's view of the six-year court battle between the Houcks and the two corporate defendants, who attempted to blame the crash on the sisters. With a foreword by Ralph Nader, this book uncovers the shocking truth about defective rental cars, deadly malfeasance, and the failure of public policy to close loopholes that allow companies to put profits ahead of consumer safety.

Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated. Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.
