Romans (Catholic Commentary on Sacred Scripture)

In this addition to the successful Catholic Commentary on Sacred Scripture (CCSS)

series, Scott Hahn, a bestselling author and a leading Catholic interpreter of Scripture, examines Romans from within the living tradition of the Church for pastoral ministers, lay readers, and students alike. The CCSS relates Scripture to Christian life today, is faithfully Catholic, and is supplemented by features designed to help readers understand the Bible more deeply and use it more effectively in teaching, preaching, evangelization, and other forms of ministry. Supported by leading Catholic scholars as well as popular Bible teachers, the series offers a unique level of commentary for Catholic students of the Bible. Its attractive packaging and accessible writing style make it a series to own--and to read! Drawn from the best of contemporary scholarship, series volumes are keyed to the liturgical year and include an index of pastoral subjects.

Structural Analysis

St. Paul's letters are the focus of this volume. Closest attention has to be paid to them, for they are our most direct and earliest primary sources from the beginnings of Christianity.

Covenant and Communion

Cardinal Joseph Ratzinger's election as Pope Benedict XVI brought a world-class

biblical theologian to the papacy. There is an intensely biblical quality to his pastoral teaching and he has demonstrated a keen concern for the authentic interpretation of sacred Scripture. Here a foremost interpreter of Catholic thought and life offers a probing look at Benedict's biblical theology and provides a clear and concise introduction to his life and work. Bestselling author and theologian Scott Hahn argues that the heart of Benedict's theology is salvation history and the Bible and shows how Benedict accepts historical criticism but recognizes its limits. The author also explains how Benedict reads the overall narrative of Scripture and how he puts it to work in theology, liturgy, and Christian discipleship.

Listening in Detail

Listening in Detail is an original and impassioned take on the intellectual and sensory bounty of Cuban music as it circulates between the island, the United States, and other locations. It is also a powerful critique of efforts to define "Cuban music" for ethnographic examination or market consumption. Contending that the music is not a knowable entity but a spectrum of dynamic practices that elude definition, Alexandra T. Vazquez models a new way of writing about music and the meanings assigned to it. "Listening in detail" is a method invested in opening up, rather than pinning down, experiences of Cuban music. Critiques of imperialism, nationalism, race, and gender emerge in fragments and moments, and in gestures and sounds through Vazquez's engagement with Alfredo Rodríguez's album *Cuba Linda* (1996), the seventy-year career of the vocalist Graciela Pérez, the signature grunt of the "Mambo King" Dámaso Pérez Prado, Cuban music documentaries of the 1960s, and late-twentieth-century concert ephemera.

Perfect for a parish small group study, or for personal reflection, each of the six sessions in *Mercy: A Bible Study Guide for Catholics* will help us rediscover the incredible history of God's mercy in our own lives, which in turn will lead us to an understanding of the importance of extending God's love and mercy to the world around us.

What is sin, why did it happen, and how can we overcome it? Popular EWTN host and speaker Fr. Pacwa uses his extensive knowledge of the Scriptures to take readers on a tour of the Bible to help understand sin and why we need Jesus in our lives to defeat it. By examining important biblical passages, Fr. Pacwa provides us with hope that we can win the battle against sin by putting it to death on the cross and allowing the Holy Spirit to fill us and inform us. He provides guidelines for meditating on important passages in the gospels to understand how Jesus dealt with sinners and to help us examine our consciences. He also shows readers how to use the psalms to pray for repentance and forgiveness. Fr. Pacwa concludes with some practical strategies for living a virtuous and victorious life in Christ.

The Holy Spirit

"A jewel of a book that is unlike any other in the field of documentary studies. It will bring to a far broader audience a rigorous critical intelligence and sensibility, seasoned by years of experience, imbued with a bracing clarity of thought and expression."—Michael Renov, University of Southern California "Vaughan's ruminations on the relationship between documentary, language, and the world, as well as on the implications—at once ethical and epistemological—of the digital revolution, are invariably original and enlightening. I know of no precedent for the manner in which he combines philosophic precision with grounding in actual filmmaking practice. Vaughan is the most singular—and discomfitting—voice that we have had in documentary studies for a long, long time."—Lucien Taylor, coauthor of *Cross-Cultural Filmmaking*

“O Holy Spirit, descend plentifully into my heart. Enlighten the dark corners of this neglected dwelling and scatter there Thy cheerful beams.” —Saint Augustine The Holy Spirit, the third person of the Trinity, remains a mystery for many of us. We “adore and glorify” the Spirit with the Father and the Son, but do we really understand the power or the actions of the Spirit? Father Mitch Pacwa, renowned spiritual leader and popular author and TV host, guides us through seven sessions on the Holy Spirit, and answering questions like: What’s the Holy Spirit’s role in creation? How does the Holy Spirit bestow authority and empower us? How did the Spirit work through the prophets? How does the Spirit give us wisdom and “lead us into all truth”? What is the relationship between the Holy Spirit, Jesus, and the

Trinity? How did the Holy Spirit empower Mary and others in the New Testament? What role does the Holy Spirit play in our spiritual lives? Written to be used by groups or individuals, each session includes catechesis, discussion, and a call to put the learning into practice. Let this study encourage you, the words of the Veni, Creator Spiritus, which dates back to the ninth century, pray, “Come Holy Spirit, Creator blest, and in our souls take up Thy rest.”

The best way for today's sailors to learn about a battle is from those who fought it. The Battle of Midway, commemorated annually in the U.S. Navy, warrants close attention. This Naval Institute guide includes some of the most vibrant and informed accounts by individuals who fought on both sides of the June 1942 battle. The anthology pulls together memoirs, articles, excerpts from other Naval Institute books, and relevant government documents to help readers understand what happened and explain why the battle was so significant to the naval service. The core of the book focuses on events leading up to the battle and the battle itself, with a separate section examining how others have interpreted the battles' often desperate engagements. When the U.S. Navy stopped the Japanese steamroller off Midway Island, it not only turned the progress of the war but set the Navy's foundation for future counter offensives. The Navy's comeback spread to the Solomon Islands and on to the other key strategic areas in the Pacific. While many know that Midway was a crucial American victory, they often do not know the details of the battle. This book tells how, for example, the American PT boats contributed to the victory, how the carrier planes formed up for their attacks, and what role radar played in the battle. In addition to excerpts from books and articles, the guide includes selections from several important Naval Institute oral

histories. From the enlisted mans perspective all the way to the admirals, for both Americans and Japanese, readers see the U.S. Navys greatest victory as the participants saw it.

Percival Everett's *Erasure* is a blistering satire about race and writing. Thelonious "Monk" Ellison's writing career has bottomed out: his latest manuscript has been rejected by seventeen publishers, which stings all the more because his previous novels have been "critically acclaimed." He seethes on the sidelines of the literary establishment as he watches the meteoric success of *We's Lives in Da Ghetto*, a first novel by a woman who once visited "some relatives in Harlem for a couple of days." Meanwhile, Monk struggles with real family tragedies—his aged mother is fast succumbing to Alzheimer's, and he still grapples with the reverberations of his father's suicide seven years before. In his rage and despair, Monk dashes off a novel meant to be an indictment of Juanita Mae Jenkins's bestseller. He doesn't intend for *My Pafology* to be published, let alone taken seriously, but it is—under the pseudonym Stagg R. Leigh—and soon it becomes the Next Big Thing. How Monk deals with the personal and professional fallout galvanizes this audacious, hysterical, and quietly devastating novel.

Dynamic Business Law: The Essentials is appropriate for the one-semester Business Law course. It contains the basics of business law but does not get bogged down in the kind of details that are more appropriate in an upper-level law class. The text provides an examination of the basic questions, concepts, and legal rules of business law. Emphasis on the BUSINESS in business law. Dynamic Business Law: The Essentials emphasizes the tie of legal issues back to the core business curriculum. This will help both students and faculty. Faculty need to know how this is integrated as they are constantly 'defending' the inclusion of this course in the business curriculum. And students need to understand how the concepts tie to their future business careers. Emphasis on TEACHING. Many professors teaching this course are attorneys first and academics second. They do

not have a lot of time to prepare or think about how to apply this information effectively for their business students. *Dynamic Business Law: The Essentials* contains a helpful instructor's manual, particularly for the many adjuncts teaching this course. Emphasis on CRITICAL THINKING. Neil Browne, one of the co-authors of this text, has written a successful text on critical thinking. His framework is included in *Dynamic Business Law: The Essentials* as well - to help students learn how to frame and reframe a question/issue. Critical thinking questions are also included at the end of each case, to tie in this component even further.
