Nabokov's Favorite Word Is Mauve

What are our favorite authors' favorite words? Which bestselling writer uses the most clichés? How can we judge a book by its cover? Data meets literature in this playful and informative look at our favorite authors and their masterpieces. “A literary detective story: fast-paced, thought-provoking, and intriguing.” —Brian Christian, coauthor of *Algorithms to Live By* There's a famous piece of writing advice—offered by Ernest Hemingway, Stephen King, and myriad writers in between—not to use -ly adverbs like “quickly” or “fitfully.” It sounds like solid advice, but can we actually test it? If we were to count all the -ly adverbs these authors used in their careers, do they follow their own advice compared to other celebrated authors? What's more, do great books in general—the classics and the bestsellers—share this trait? In *Nabokov's Favorite Word Is Mauve*, statistician and journalist Ben Blatt brings big data to the literary canon, exploring the wealth of fun findings that remain hidden in the works of the world's greatest writers. He assembles a database of thousands of books and hundreds of millions of words, and starts asking the questions that have intrigued curious word nerds and book lovers for generations: What are our favorite authors' favorite words? Do men and women write differently? Are bestsellers getting dumber over time? Which bestselling writer uses the most clichés? What makes a great opening sentence? How can we judge a book by its cover? And which writerly advice is worth following or ignoring? Blatt draws upon existing analysis techniques and invents some of his own. All of his investigations and experiments are original, conducted himself, and no math knowledge is needed to understand the results. Blatt breaks his findings

down into lucid, humorous language and clear and compelling visuals. This eye-opening book will provide you with a new appreciation for your favorite authors and a fresh perspective on your own writing, illuminating both the patterns that hold great prose together and the brilliant flourishes that make it unforgettable.

100 new and classic images of popular Instagram celebrity Jimmy Choo the Bull Terrier On Rafael Mantesso's thirtieth birthday, his wife left him. She took their cookware, their furniture, their photos, their decorations. She left Rafael alone in an empty all-white apartment. The only thing she didn't take was their bull terrier, whom she'd named after her favorite shoe designer: Jimmy Choo. With only Jimmy

for company, Rafael found inspiration in his blank walls and his best friend and started snapping photos of Jimmy Choo as he trotted and cavorted around the house in glee. Then, when Jimmy collapsed in happy exhaustion next to the white wall, on a whim Rafael grabbed a marker and drew a new world around his ginger-eared pup. Suddenly, Rafael felt his long-dormant inspiration—for drawing, for art, for life—returning. The result? Hundreds of charming and cheeky images chronicling the owner and dog's relationship and adventures, including poses in a Star Wars stormtrooper helmet, passed out with liquor bottles, and as the shark in Jaws. Mantesso's Instagram feed quickly garnered fans from all over the world and caught the attention of major media outlets like Today, The Huffington Post, USA Today, and the Daily Mail, as well as Jimmy's namesake, the luxury shoe brand Jimmy Choo Ltd. Now, Mantesso presents a definitive selection of new and classic images of Jimmy and includes the backstory of how the two became such great collaborators. Throughout the first 100 days of Donald Trump's presidency, 100 artists came together to illustrate the things that already make America great. The project has continued beyond those initial 100 days and 100 artists. Each spread of the book contains an artist's statement on the left and artwork on the right side. The art touches on several issues and topics, including religious freedom, immigration, energy solutions, plurality—and even bourbon. It features a foreword by Steven Heller, an American art director, journalist, critic, author, and editor who specializes in topics related to graphic design.

Urban Art Legends

A dramatic account of the politics and personalities behind NBC's calamitous attempt to reinvent late-night television. When NBC decided to move Jay Leno into prime time to make room for Conan O'Brien to host the Tonight show—a job he had

been promised five years earlier-skeptics anticipated a train wreck for the ages. It took, in fact, only a few months for the dire predictions to come true. Leno's show, panned by critics, dragged down the ratings-and the profits-of NBC's affiliates, while ratings for Conan's new Tonight show plummeted to the lowest levels in history. Conan's collapse, meanwhile, opened an unexpected door of opportunity for rival David Letterman. What followed was a boisterous, angry, frequently hilarious public battle that had millions of astonished viewers glued to their sets. In *The War for Late Night*, New York Times reporter Bill Carter offers a detailed behind-the-scenes account of the events of the unforgettable 2009/2010 late-night season as all of its players- performers, producers, agents, and network executives- maneuvered to find footing amid the shifting tectonic plates of television culture.

Crusoe, the Celebrity Dachshund

Also known as the Italian Mastiff, the Cane Corso is a large dog with a lot of love and affection for the family. However, they are also one of the best guard dog breeds. Like other guard dogs, their appearance is part of what makes the Cane Corso so intimidating. Its regal appearance hides the fact that this is a breed that can be incredibly playful. They are also loath to be away from their family. There is no doubt that they make great guardians, but proper training and socialization makes them a perfect family dog that can go with you anywhere – which will make everyone happy. Cane Corsos can be great guardians, but the vast majority of the time, they are goofy pups that consider themselves lap dogs – you need to let them know that isn't the case early if you don't want a 110-pound dog trying to claim your lap. Unlike other mastiffs, the Cane Corso is easy to train as they are real people pleasers. They are not a good breed if you have not had a dog before or if you don't have time for regular training and exercise. However, you really could not ask for a better breed when it comes to protection, playing, and affection.
