Mansa Musa: Leader of Mali

Young readers will be fascinated to learn what life was like for the colonists in early America. The detailed images and easy-to-read text explore such topics as Puritans, the Mayflower Compact, House of Burgesses, Navigation Acts, and slavery. Along with brief biographies on colonists and Indians like John Smith, William Penn, Pocahontas, and John Rolfe, this engaging reader explains means of survival and living through farming, colonial crops, and plantations. A table of contents and glossary are provided to enhance readers' understanding of the content and vocabulary.

Research Bulletin of the National Education Association

Supplement your science curriculum with 180 days of daily practice! This invaluable classroom resource provides teachers with weekly science units that build students' content-area literacy, and are easy to incorporate into the classroom. Students will analyze and evaluate scientific data and scenarios, improve their understanding of science and engineering practices, answer constructed-response questions, and increase their higher-order thinking skills. Each week covers a particular topic within one of three science strands: life science, physical science, and Earth and space science. Aligned to Next Generation Science Standards (NGSS) and state standards, this resource includes digital materials. Provide students with the skills they need to think like scientists with this essential resource!

Our Government Bulletin Board

Research in Education

180 Days of Social Studies for Fourth Grade

Differentiating Instruction with Menus: Social Studies (Grades 3-5)

Examines historical facts that tell the story of the state of Ohio, from its beginning to present day.

180 Days of Social Studies for Kindergarten

Retells, in tall-tale fashion, how Levi Strauss went to California during the Gold Rush, saw the need for a sturdier kind of trouser, and invented jeans.

Moving West, Grades 4-6

Explores the biblical and cultural history of dragons and argues that these fantastic beings are connected to the last living dinosaurs.

Innovate Inside the Box

Give your child a smart start with the revised and updated What Your First Grader Needs to Know What will your child be expected to learn in the first grade? How can you help him or her at home? How can teachers foster active, successful learning in the classroom? This book answers these all-important questions and more, offering the specific shared knowledge that hundreds of parents and teachers across the nation have agreed upon for American first graders. Featuring a new Introduction, filled with opportunities for reading aloud and fostering discussion, this first-grade volume of the acclaimed Core Knowledge Series presents the sort of knowledge and skills that should be at the core of a challenging first-grade education. Inside you'll discover • Favorite poems—old and new, such as “The Owl and the Pussycat,” “Wynken,

Where To Download 4th Grade Social Studies Study Guide

Blynken, and Nod,” and “Thirty Days Hath September” • Beloved stories—from many times and lands, including a selection of Aesop’s fables, “Hansel and Gretel,” “All Stories Are Anansi’s,” “The Tale of Peter Rabbit,” and more • Familiar sayings and phrases—such as “Do unto others as you would have them do unto you” and “Practice makes perfect” • World and American history and geography—take a trip down the Nile with King Tut and learn about the early days of our country, including the story of Jamestown, the Pilgrims, and the American Revolution • Visual arts—fun activities plus full-color reproductions of masterworks by Leonardo da Vinci, Vincent van Gogh, Paul Cézanne, Georgia O’Keeffe, and others • Music—engaging introductions to great composers and music, including classical music, opera, and jazz, as well as a selection of favorite children’s songs • Math—a variety of activities to help your child learn to count, add and subtract, solve problems, recognize geometrical shapes and patterns, and learn about telling time • Science—interesting discussions of living things and their habitats, the human body, the states of matter, electricity, our solar system, and what’s inside the earth, plus stories of famous scientists such as Thomas Edison and Louis Pasteur From the Trade Paperback edition.

Scott Foresman Social Studies

Hands-on projects and activities teach kids about their state! This project book includes : creating a cartoon panel to describe how our state name may have come about ; creating a fort replica ; making a state history museum ; dressing up as a famous explorer and recreating the main discovery ; and more!

U.S. Government and Presidents, Grades 3 - 5

In Innovate Inside the Box, George Couros and Katie Novak provide informed insight on creating purposeful learning opportunities for all students. By combining the power of the Innovator's Mindset and Universal Design for Learning (UDL), they empower educators to create opportunities that will benefit every learner.

Me on the Map

Levi Strauss Gets a Bright Idea

A comprehensive review of the research literature on history education with contributions from international experts The Wiley International Handbook of History Teaching and Learning draws on contributions from an international panel of experts. Their writings explore the growth the field has experienced in the past three decades and offer observations on challenges and opportunities for the future. The contributors represent a wide range of pioneering, established, and promising new scholars with diverse perspectives on history education. Comprehensive in scope, the contributions cover major themes and issues in history education including: policy, research, and societal contexts; conceptual constructs of history education; ideologies, identities, and group experiences in history education; practices and learning; historical literacies: texts, media, and social spaces; and consensus and dissent. This vital resource: Contains original writings by more than 40 scholars from seven countries Identifies major themes and issues shaping history education today Highlights history education as a distinct field of scholarly inquiry and academic practice Presents an authoritative survey of where the field has been and offers a view of what the future may hold Written for scholars and students of education as well as history teachers with an interest in the current issues in their field, The Wiley International Handbook of History Teaching and Learning is a comprehensive handbook that explores the increasingly global field of history education as it has evolved to the present day.

Supplement your social studies curriculum with 180 days of daily practice! This essential classroom resource provides teachers with weekly social studies units that build students' content-area literacy, and are easy to incorporate into the classroom. Students will analyze primary sources, answer text-dependent questions, and improve their grade-level social studies knowledge. Each week covers a specific American social studies topic within one of the four disciplines of social studies: history, economics, civics, and geography. Aligned to the National Council for the Social Studies (NCSS) and state standards, this social studies workbook includes digital materials.

What Your First Grader Needs to Know (Revised and Updated)

Core Skills Social Studies, Grade 4

The Roadmap series works as a year-long companion to earning higher grades, as well as passing the high-stakes 4th Grade Social Studies Ohio Proficiency Test that is necessary for grade level promotion. This book has been designed according to the specific standards set forth by the state of Ohio. Now parents can work with their kids to both improve their grades and pass these important tests. The experts at The Princeton Review have analyzed the OPT, and this book provides the most up-to-date, thoroughly researched practice possible. TPR breaks the test down into individual skills and provides lessons modeled after the OPT to familiarize students with the test's structure, while increasing their overall skill level. The Princeton Review knows what it takes to succeed in the classroom and on tests. This book includes strategies that are proven to raise student performance. TPR provides:

- Content review, detailed lessons, and practice exercises modeled after the actual exam
- Test-taking skills and social studies essentials such as using charts and graphs and reading maps
- 2 complete practice OPTs

The Wiley International Handbook of History Teaching and Learning

Includes: "historical background and facts; maps and a time line; arts and crafts projects; reading and writing connections; evaluation forms."

Map Skills for Today: Grade 4

Until now, freedom-minded parents had no educational material to teach their children the concepts of liberty. The Tuttle Twins series of books helps children learn about political and economic principles in a fun and engaging manner. With colorful illustrations and a fun story, your children will follow Ethan and Emily as they learn about liberty!

Ohio History

Designed by experts in education, a workbook features full-color illustrations to guide children step-by-step through a variety of developmentally appropriate activities in phonics, reading, reading comprehension, language arts, writing, and math.

180 Days of Science for First Grade

Learn history and geography while studying maps of countries, continents, and bodies of water. Plus, an introduction to time zones.

Book Bulletin

Collects over sixty poems, tracing the spirit of exploration from ancient to recent times and from Alexander the Great to Sylvia Earle, and includes biographical information about the explorers.

A History of US

Maps can show you where you are anywhere in the world! A beloved bestseller that helps children discover their place on the planet, now refreshed with new art from Qin Leng. Where are you? Where is your room? Where is your home? Where is your town? This playful introduction to maps shows children how easy it is to find where they live and how they fit in to the larger world. Filled with fun and adorable new illustrations by Qin Leng, this repackaging of Me on the Map will show readers how easy it is to find the places they know and love with help from a map.

DK Workbooks: Geography, Fourth Grade

These all-inclusive skills resources provide the focused practice students need to apply, reinforce, and review skills in reading, math, and test-taking. Answer key included.

Recording for the Blind & Dyslexic, Catalog of Books

Contains source documents for American history and the series index.

Illinois

Perfect for children ages 9 and 10, this workbook develops the further understanding of geography of fourth graders and contains curriculum-aligned exercises on topics including a more detailed look at each continent, physical features, and types of maps, with a focus on different maps of the United States. Level by level, the write-in DK Workbooks: Geography series offers at-home practice that kids actually enjoy--making them ideal supplements to schoolwork. Designed to support curriculum standards, this series is developed with leading educational experts to build confidence and understanding. Each leveled workbook, for children ages 3-9, is packed with activities and challenges, offering the beneficial repetition and cumulative learning that lead to mastery. Fact boxes on each page give a simple overview of the topics being covered, review the basics, and often offer an example of the task at hand. The exercises themselves reinforce key geography topics including map reading, compass directions, continents, countries and states, borders, bodies of water, and more.

Florida History Projects

Supplement your social studies curriculum with 180 days of daily geography practice! This essential classroom resource provides teachers with weekly geography units that build students' geography knowledge, and are easy to incorporate into the classroom. In a world that is becoming more connected and globalized, 21st century students must have the skills necessary to understand their world and how geography affects them and others. Students will develop their map and spatial skills, learn how to answer text- and photo-dependent questions, and study the 5 themes of geography. Each week covers a particular topic and introduces students to a new place or type of map. The first two weeks consist of a mini-unit that focuses entirely on map skills. For additional units, students will study various places, and how culture and geography are related. With a focus on US states, students will explore various types of maps including physical maps, political maps, topographic maps, thematic maps, climate maps, and various topics including scale, legends, cardinal directions, latitude and longitude, and more. Aligned to state standards and National Geography Standards, this resource includes digital materials.

Florida Social Studies

A brief history of the North Carolina colony discusses the colony's indigenous peoples, exploration and settlement by Europeans, daily life, and Revolutionary War experience.
