Fighting Faiths

Solomon's image as a wise king and the founder of Jerusalem Temple has become a fixture of Jewish, Christian, and Islamic literature. Yet, there are essential differences between the portraits of Solomon that are presented in the Hebrew Bible. In this volume, Isaac Kalimi explores these differences, which reflect divergent historical contexts, theological and didactic concepts, stylistic and literary techniques, and compositional methods among the biblical historians. He highlights the uniqueness of each portrayal of Solomon - his character, birth, early life, ascension, and temple-building - through a close comparison of the early and late biblical historiographies. Whereas the authors of Samuel-Kings stay closely to their sources and offer an apology for Solomon's kingship, including its more questionable aspects, the Chronicler freely rewrites his sources in order to present the life of Solomon as he wished it to be. The volume will serve scholars and students seeking to understand biblical texts within their ancient Near Eastern contexts.

The Historical Books

965 BCE Upon the death of his father, Solomon has been appointed king of the united monarchy of Israel and Judah and charged with building the Temple of

the Lord in Jerusalem. He travels to Egypt to negotiate with Pharaoh Psusennes II for gold for the temple and to improve relations between the two nations. There he falls in love with the pharaoh's beautiful daughter, Nicaule, and the two kings agree to an arranged marriage. Against her will, for she loves another, Nicaule follows her new husband to Israel. Forty years later, Solomon's empire is on the verge of collapse. Power has made him arrogant, permissive, and blind to the scheming of his wife and one of his lieutenants to topple the united monarchy. As the king's faith falters and his people's morals collapse, enemies gather at the gates of Israel. A visit from a mysterious queen restores Solomon's perspective in time to save his soul—but it is too late to preserve his kingdom. Someone who once was loyal to King Solomon has come back to claim the crown of Israel—and tear Solomon's empire asunder.

Writing and Rewriting the Story of Solomon in Ancient Israel

Reports of Cases Argued and Determined in the Superior Court of the City of New York [1871-1892]

The prophetic books of the Old Testament offer a fascinating collection of oracles, poetic images, and theological ideas. Among the most prominent themes are those of judgment and salvation, especially concerning the fate of Zion. This place, where the people of God dwell, is alternately presented as either

the object of divine wrath or the image of a salvific ideal. Representing Zion provides a thorough and critical study of the images of Zion in the entire prophetic literature of the Old Testament. The book challenges traditional interpretations of Zion and offers a fresh exploration of the literary and theological nature of the biblical writings. Zion has largely been treated by scholars as an image of the inviolable city consistently and unambiguously used by Old Testament authors. Representing Zion reveals the Zion motif to be contested, complex and profoundly theological—a reflection of the ambiguous role of YHWH as judge and saviour.

The People's Bible: Ecclesiastes, the Song of Solomon, Isaiah XXVI

Jacob Abrams et al. v. United States is the landmark Supreme Court case in the definition of free speech. Although the 1918 conviction of four Russian Jewish anarchists--for distributing leaflets protesting America's intervention in the Russian revolution--was upheld, Justice Oliver Wendell Holmes's dissenting opinion (with Justice Louis Brandeis) concerning clear and present danger has proved the touchstone of almost all subsequent First Amendment theory and litigation. In *Fighting Faiths*, Richard Polenberg explores the causes and characters of this dramatic episode in American history. He traces the Jewish immigrant experience, the lives of the convicted anarchists before and after the trials, the careers of the major players in the court cases--men such as Holmes, defense attorney Harry Weinberger,

Southern Judge Henry DeLamar Clayton, Jr., and the young J. Edgar Hoover--and the effects of this important case on present-day First Amendment rights. --Nat Hentoff, Washington Post Book World

A Judgment for Solomon

Accuracy in judging personality is important in clinical assessment, applied settings, and everyday life. Personality judgments are important in assessing job candidates, choosing friends, and determining who we can trust and rely on in our personal lives. Thus, the accuracy of those judgments is important to both individuals and organizations. In examining personality judgment, *Personality Judgment* takes a sweeping look at the field's history, assumptions, and current research findings. The book explores the construct of traits within the person-situation debate, defends the human judge in the face of the fundamental attribution error, and discusses research on four categories of moderators in judgment: the good judge, the judgeable target, the trait being judged, and the information on which the judgment is based. Spanning two decades of accuracy research, this book makes clear not only how personality judgment has come to its current standing but also where it may move in the future. Covers 20 years worth of historical, current and future trends in personality judgment Includes discussions of debatable issues related to accuracy and error. The author is well known for his recently developed theory of the process by which one person may render an accurate judgment of the personality traits of another

The Judgment of Solomon, Applied to the Question of Educating the Children Employed in Factories and Mines. A Sermon [on 1 Kings Iij. 27].

Synthesizing the theory behind and methodology for conducting judgment tests, Using Judgments in Second Language Acquisition Research aims to clarify the issues surrounding this method and to provide best practices in its use. The text is grounded on a balanced and comprehensive background of the usage of judgment data in the past up through its present-day applications. SLA researchers and graduate students will find useful a chapter serving as a "how-to" guide for a variety of situations to conduct research using judgments, including ways to optimize task design and examples from successful studies. Lucid and practical, Using Judgments in Second Language Acquisition Research offers guidance on a method widely used by SLA researchers, both old and new to the field.

Judgment in the Victorian Age

View our feature on Ann Aguirre's Hell Fire. The second in the thrilling national bestselling series As a handler, Corine Solomon can touch any object and know its history. It's too bad she can't seem to forget her own. With her ex-boyfriend Chance in tow—lending his own supernatural brand of luck—Corine journeys back home to Kilmer, Georgia, in order to discover the truth behind her mother's death and the origins of "gift". But while trying to uncover the secrets in her

past, Corine and Chance find that something is rotten in the state of Georgia. Inside Kilmer's borders there are signs of a dark curse affecting the town and all its residents-and it can only be satisfied with death

The York Legal Record

Social Discourse and Moral Judgement

How and why did the images of the crucified Christ and his grieving mother achieve such prominence, inspiring unparalleled religious creativity as well such imitative extremes as celibacy and self-flagellation? To answer this question, Fulton ranges over developments in liturgical performance, private prayer, doctrine, and art.

Personality Judgment

Looks at the life and legacy of King Solomon, describing his temple, the nature of his wisdom, and his biblical writings.

Hell Fire

This volume explores how and why people make judgments and decisions that have economic consequences, and what the implications are for human well-being. It provides an integrated review of the latest research from many different disciplines, including social, cognitive, and developmental psychology; neuroscience and neurobiology; and

Read PDF A Judgment For Solomon The Dhauteville Case And Legal Experience In Antebellum America Cambridge Historical

economics and business. The book has six areas of focus: historical foundations; cognitive consistency and inconsistency; heuristics and biases; neuroeconomics and neurobiology; developmental and individual differences; and improving decisions. Throughout, the contributors draw out implications from traditional behavioral research as well as evidence from neuroscience. In recent years, neuroscientific methods have matured, beyond being simply correlational and descriptive, into theoretical prediction and explanation, and this has opened up many new areas of discovery about economic behavior that are reviewed in the book. In the final part, there are applications of the research to cognitive development, individual differences, and the improving of decisions. The book takes a broad perspective and is written in an accessible way so as to reach a wide audience of advanced students and researchers interested in behavioral economics and related areas. This includes neuroscientists, neuropsychologists, clinicians, psychologists (developmental, social, and cognitive), economists and other social scientists; legal scholars and criminologists; professionals in public health and medicine; educators; evidence-based practitioners; and policy-makers.

Wise King Solomon & the Honey Bee

The Blackwell Handbook of Judgment and Decision Making is a state-of-the art overview of current topics and research in the study of how people make evaluations, draw inferences, and make decisions

under conditions of uncertainty and conflict. Contains contributions by experts from various disciplines that reflect current trends and controversies on judgment and decision making. Provides a glimpse at the many approaches that have been taken in the study of judgment and decision making and portrays the major findings in the field. Presents examinations of the broader roles of social, emotional, and cultural influences on decision making. Explores applications of judgment and decision making research to important problems in a variety of professional contexts, including finance, accounting, medicine, public policy, and the law.

The Judgment of the King of Navarre

This volume concerns judges, judgment and judgmentalism. It studies the Victorians as judges across a range of important fields, including the legal and aesthetic spheres, and within literature. It examines how various specialist forms of judgment were conceived and operated, and how the propensity to be judgmental was viewed.

On Signs

Reports of Cases Argued and Determined in the Superior Court of the City of New York

Revised version of the author's thesis (Ph. D.)--University of Aberdeen, Scotland.

Solomon

Convenient, entertaining, and provocative, talk radio today is unapologetically ideological. Focusing on Rush Limbaugh—the medium's most influential talk show—*Rushed to Judgment* systematically examines the politics of persuasion at play on our nation's radio airwaves and asks a series of important questions. Does listening to talk radio change the way people think about politics, or are listeners' attitudes a function of the self-selecting nature of the audience? Does talk radio enhance understanding of public issues or serve as a breeding ground for misunderstanding? Can talk radio serve as an agent of deliberative democracy, spurring Americans to open, public debate? Or will talk radio only aggravate the divisive partisanship many Americans decry in poll after poll? The time is ripe to evaluate the effects of a medium whose influence has yet to be fully reckoned with.

Judgment and Decision-Making Research in Accounting and Auditing

Rushed to Judgment

Originally published in 1988, this volume includes the full text and translation of The Judgment of the King of Navarre by Guillaume de Machaut, alongside textual and biographical notes including the life of the author, comparative studies of Chaucer and Machaut, and criticism and study guides.

Painting on Light

This volume is part of a series which brings together the best articles on major fields of Old Testament/Hebrew Bible studies from the Journal for the Study of the Old Testament. The aim of the series is to provide for scholars and students a convenient and up-to-date briefing on developments in the field. The so-called historical books embrace a vast amount of diverse biblical material, from Joshua to Nehemiah, and this selection of 20 essays covers a breadth of biblical material using a wide range of methodological approaches. The breadth of its scope combined with the depth of scholarship makes this Reader a useful and comprehensive resource for both undergraduate and graduate courses.

Moments of Impact

The publication of the King James version of the Bible,

translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

Justice and Judgment Among the Tiv

Examines aspects of communication and culture such as advertising, fashion, movies, psychoanalysis, store windows, and supermarket design

Situational Judgment Tests

In the face of conflict and despair, we often console ourselves by saying that history will be the judge. Today's oppressors may escape being held responsible for their crimes, but the future will condemn them. Those who stand up for progressive values are on the right side of history. As ideas once condemned to the dustbin of history—white supremacy, hypernationalism, even fascism—return to the world, threatening democratic institutions and values, can we still hold out hope that history will render its verdict? Joan Wallach Scott critically examines the belief that history will redeem us,

Read PDF A Judgment For Solomon The Dhauteville Case And Legal Experience In Antebellum America Cambridge Historical

revealing the implicit politics of appeals to the judgment of history. She argues that the notion of a linear, ever-improving direction of history hides the persistence of power structures and hinders the pursuit of alternative futures. This vision of necessary progress perpetuates the assumption that the nation-state is the culmination of history and the ultimate source for rectifying injustice. Scott considers the Nuremberg Tribunal and South Africa's Truth and Reconciliation Commission, which claimed to carry out history's judgment on Nazism and apartheid, and contrasts them with the movement for reparations for slavery in the United States. Advocates for reparations call into question a national history that has long ignored enslavement and its racist legacies. Only by this kind of critical questioning of the place of the nation-state as the final source of history's judgment, this book shows, can we open up room for radically different conceptions of justice.

King Solomon

The National Book Award-winning author of *The Noonday Demon* explores the consequences of extreme personal differences between parents and children, describing his own experiences as a gay child of straight parents while evaluating the circumstances of people affected by physical, developmental or cultural factors that divide families. 150,000 first printing.

Blackwell Handbook of Judgment and Decision Making

Read PDF A Judgment For Solomon The Dhauteville Case And Legal Experience In Antebellum America Cambridge Historical

"Wise King Solomon and the Honey Bee", Bialik's classic story inspired by the biblical fable, is played out in simple language together with colorful illustration which reflect the beauty and landscape of the story and the period time. The tales of King Solomon's wisdom which have been told throughout the ages and passed down through generations bring to the reader moral inspiration and intellectual introspection. "The King shook with laughter charmed to his toes, at the very idea that this tiny creature, this winged atom, could one day come to the aid of so great and powerful a monarch.

On the Judgment of History

The story of the d'Hauteville case, a controversial child custody battle fought in 1840. It uses the story of one couple's bitter fight over their son to explore timebound and timeless features of American legal culture.

A Dictionary of the Bible: Pleroma-Zuzim

The Judgment

This edited work presents a unique and authoritative look at morality - its development within the individual, its evolution within society, and its place within the law. The contributors represent some of the foremost authorities in these fields, and the book represents a collection of essays presented at a symposium on social constructivism and morality.

Using Judgments in Second Language Acquisition Research

The names Albrecht Dürer and Hans Holbein the Younger evoke the dazzling accomplishments of Renaissance panel painting and printmaking, but they may not summon images of stained glass.

Nevertheless, Dürer, Holbein, and their southern German and Swiss contemporaries designed some of the most splendid works in the history of the medium. This lavish volume is a comprehensive survey of the contribution to stained glass made by these extraordinarily gifted draftsmen and the equally talented glass painters who rendered their compositions in glass. Included are discussions of both monumental church windows and smaller-scale stained-glass panels made for cloisters, civic buildings, residences, and private chapels. The subjects of these rarely seen drawings and panels range from religious topics to secular themes, including love, planets, hunts, and battles. Focusing on stained glass produced in Germany and Switzerland from about 1495 to 1530, *Painting on Light* includes drawings by Dürer, Holbein, Albrecht Altdorfer, Hans Baldung Grien, Jörg Breu the Elder, Hans Burgkmair, Urs Graf, Hans von Kulmbach, Hans Leu the Younger, Niklaus Manuel Deutsch, Hans Schäufelein, Hans Weiditz, and others. This informative book is published in conjunction with an exhibition at the Getty Museum from July 11 through September 24, 2000, and from November 7, 2000, to January 4, 2001, at the Saint Louis Art Museum.

The Heart of Judgment

Though the world's wisest king, Solomon's heart was led astray by temptations of wealth, sex, and power. And we face the same dangers today, though the temptations may be different in degree and detail. Author Philip Ryken writes, "In witnessing Solomon's moral triumphs and sinful failures we learn how to live more wisely. By the grace of God, we may avoid a tragic downfall of our own and learn how to use money, sex, and power for the glory of God." Tracing Solomon's life from coronation to burial—and from godly devotion to self-serving excess—Ryken shows readers how to avoid similar downfalls and seek God's glory amid earthly temptations. These thirteen chapters are pastoral, rich in application, and biblically faithful. This overview of Solomon's life also includes a study guide, making it a great resource for both personal and group use.

The History of Freemasonry

Situational Judgment Tests advances the science and practice of SJTs by promoting a theoretical framework, providing an understanding of best practices, and establishing a research agenda for years to come. Currently, there is no other source that provides such a comprehensive treatment of situational judgment testing. Key features of this book include: chapters rich with theoretical insights and future research possibilities; numerous implications for improving the practical applications of SJTs, which include not only SJT development and scoring, but

also operational issues affecting test administration and interpretation; comprehensive summaries of published and unpublished SJT research; and chapters that address topics that are timely and current, such as issues involving the international application of SJTs and technological considerations. This text is relevant for academics, practitioners, and students of human resource management, organizational behavior, management, and industrial/organizational psychology. This book is new in SIOP's Organizational Frontiers Series, publications of the Society of Industrial and Organizational Psychology.

Transvaal Law Reports

Since publication in 1957 the importance of Bohannan's study of judicial institutions and procedures among the Tiv has been widely recognized. It has contributed widely to the continuing discussion concerning the objectives and methods to be followed in the anthropological study of law and the contribution this makes to comparative jurisprudence. The work describes and defines Tiv ideas of 'law' as expressed in the operations of their courts known as Jir. The analysis is based on and illustrated by numerous cases which the author attended and discussed with leaders in the Jir.

A timely and comprehensive study on behavioural decision-making within the field of accounting.

One and Two Kings

This volume provides a readable introduction to the narrative books of 1 and 2 Kings appropriate for the student, pastor, and scholar. Fritz combines historical, literary, and archaeological approaches in an engaging synthesis. While he addresses issues of the deuteronomic redaction, the author does not become bogged down in technical discussions or allow this to overshadow the holistic interpretation of the text.

Far From the Tree

A record of cases argued and determined in the various courts of York County; together with reports and abstracts of the most important cases adjudicated throughout the Commonwealth (varies slightly).

Ecclesiastes

This book presents 12 original essays on historical and contemporary philosophical discussions of judgment. The central issues explored in this volume can be separated into two groups namely, those concerning the act and object of judgment. What kind of act is judgment? How is it related to a range of other mental acts, states, and dispositions? Where and how does assertive force enter in? Is there a distinct category of negative judgments, or are these

simply judgments whose objects are negative?

Concerning the object of judgment: How many objects are there of a given judgment? One, as on the dual relation theory of Frege and Moore? Or many as in Russell's later multiple relation theory? If there is a single object, is it a proposition? And if so, is it a force-neutral, abstract entity that might equally figure as the object of a range of intentional attitudes? Or is it somehow constitutively tied to the act itself? These and related questions are approached from a variety of historical and contemporary perspectives. This book sheds new light on current controversies by drawing on the details of the distinct intellectual contexts in which previous philosophers' positions about the nature of judgment were formulated. In turn, new directions in present-day research promise to raise novel interpretive prospects and challenges in the history of philosophy.

Neuroeconomics, Judgment, and Decision Making

The Heart of Judgment explores the nature, historical significance, and continuing relevance of practical wisdom. Primarily a work in moral and political thought, it also relies extensively on research in cognitive neuroscience to confirm and extend our understanding of the faculty of judgment. Ever since the ancient Greeks first discussed practical wisdom, the faculty of judgment has been an important topic for philosophers and political theorists. It remains one of the virtues most demanded of our public officials. The greater the liberties and responsibilities accorded
