The Works of Robert Louis Stevenson

Block Adventures

The classic work on the evaluation of city form. What does the city's form actually mean to the people who live there? What can the city planner do to make the city's image more vivid and memorable to the city dweller? To answer these questions, Mr. Lynch,

Download Free Block City How To Build Incredible Worlds In Minecraft Turtleback School Library Binding Edition

supported by studies of Los Angeles, Boston, and Jersey City, formulates a new criterion--imageability--and shows its potential value as a guide for the building and rebuilding of cities. The wide scope of this study leads to an original and vital method for the evaluation of city form. The architect, the planner, and certainly the city dweller will all want to read this book.

Lego Micro Cities

Changes, Changes

From award-winning author, Thal Dixon, comes a creative story about immigration and integration set in a community of shapes. It communicates that the different talents and abilities of the many shapes make a better place to live.

Pen Pictures from the Garden of the World, Or Santa Clara County, California

Thirty years after its publication, The Death and Life of Great American Cities was described by The New York Times as "perhaps the most influential single work in the history of town planning.[It] can also be seen in a much larger context. It is first of all a work of literature; the descriptions of street life as a kind of ballet and the bitingly satiric account of traditional planning theory can still be read for pleasure even by those who long ago absorbed and appropriated the

book's arguments." Jane Jacobs, an editor and writer on architecture in New York City in the early sixties, argued that urban diversity and vitality were being destroyed by powerful architects and city planners. Rigorous, sane, and delightfully epigrammatic, Jacobs's small masterpiece is a blueprint for the humanistic management of cities. It is sensible, knowledgeable, readable, indispensable. The author has written a new foreword for this Modern Library edition.

The Boston Directory

Block Wonders

The little wooden couple are happy in their building-block house—until it catches fire. The solution? They transform the house into a fire engine! But then there's so much water that they have to build a boat. The very youngest can "read" this charming, wordless picture book all by themselves.

The Modern City

Boost oral language and early literacy skills through hands-on activities with students in grade PreK using Preschool Theme Boxes. This 160-page resource includes tips and materials lists for building theme boxes, set-up ideas for transforming the classroom, suggested picture books, literacy activities, and reproducible picture sets of scenes to sequence and discuss. The book includes themes such as art gallery,

Improvement Bulletin

Minecraft - a humble computer game about placing blocks - is today a global phenomenon that has captured imaginations around the world. Create & Construct Incredible Minecraft Cities showcases the towering heights of this creative freedom, featuring incredible cityscapes from master builders that have been years in the making. From sprawling urban metropolises to otherworldly fantasy kingdoms, the vistas featured in this book are many and varied. Step-by-step tutorials are included for readers to create structures and features within, such as helicopters, lamp posts, famous landmarks, historical castles, super slides, big wheels, and more. An introductory section gives new players the essentials - how to get started, an explanation of different game modes, and a guide to crafting - while a directory of materials acts as a quick reference of the resources available for the more seasoned Minecrafters. With builds to suit all skills levels, Create & Construct Incredible Minecraft

Cities will appeal to all fans of the game.

The City Record

Create a sampler quilt as unique as you are! Tula Pink gives you an inspiring quilt block collection with Tula Pink's City Sampler. Make a beautiful, modern quilt of your own design with the 100 original quilt blocks or try one of the 5 city-themed sampler quilts designed by Tula. A note from Tula: "You will notice that the blocks are not named but simply numbered. This is intentional. I may have designed the blocks and given you the instructions on what to cut and where to stitch, but I have not infused the blocks with any meaning. This is your quilt. The fabrics that you choose, the colors that you use and why you are making it are what will give the quilt a purpose. Name your blocks, write in the margins, cross out the ones that you don't like, draw hearts around the ones that you love. In a perfect world, everyone's book would end up looking like a journal, coffee stains and all. The more adventurous ones might rename the book and write their own introduction. Tula Pink's City Sampler is a collaboration between you and me. I am the platform and you are the speaker, so stand on my shoulders and tell the future who you are and why you make."

The Death and Life of Great American Cities

The deliberate devaluation of Blacks and their communities has had very real, far-reaching, and

Download Free Block City How To Build Incredible Worlds In Minecraft Turtleback School Library Binding Edition

negative economic and social effects. An enduring white supremacist myth claims brutal conditions in Black communities are mainly the result of Black people's collective choices and moral failings. "That's just how they are" or "there's really no excuse": we've all heard those not so subtle digs. But there is nothing wrong with Black people that ending racism can't solve. We haven't known how much the country will gain by properly valuing homes and businesses, family structures, voters, and school districts in Black neighborhoods. And we need to know. Noted educator, journalist, and scholar Andre Perry takes readers on a tour of six Black-majority cities whose assets and strengths are undervalued. Perry begins in his hometown of Wilksburg, a small city east of Pittsburgh that, unlike its much larger neighbor, is struggling and failing to attract new jobs and industry. Bringing his own personal story of growing up in Black-majority Wilksburg, Perry also spotlights five others where he has deep connections: Detroit, Birmingham, New Orleans, Atlanta, and Washington, D.C. He provides an intimate look at the assets that should be of greater value to residents—and that can be if they demand it. Perry provides a new means of determining the value of Black communities. Rejecting policies shaped by flawed perspectives of the past and present, it gives fresh insights on the historical effects of racism and provides a new value paradigm to limit them in the future. Know Your Price demonstrates the worth of Black people's intrinsic personal strengths, real property, and traditional institutions. These assets are a means of empowerment and, as Perry argues in this provocative and very personal book, are what we

need to know and understand to build Black prosperity.

When I Build with Blocks

As night falls in Delhi, a mother spins tales from her past for her sleeping daughter. Now grown up, her child is a puzzle with a million pieces, whom she hopes, through her words and her love, to somehow make whole again. Meanwhile, a young man rides the last train from Rajiv Chowk Station and dreams of murder. In another corner of the city, a newborn wrapped in a blood-red towel lies on the steps of an orphanage as his mother walks away. There are twenty million bodies in this city, but the stories of this woman, man, and child--of a secret love that blossoms in the shadows of grief, of a corrosive guilt that taints the soul, and of a boy who maps his own destiny--weave in and out of the lives of those around them to form a dazzling kaleidoscope of a novel. Beautiful, beguiling, and audacious, this is the story of a city and its people, of love and horror, of belonging and forgiveness: a powerful and unforgettable tale of modern India.
