### How Should I Read These?

Our human capacity for responsible agency infuses our lived experience yet seems impossible to situate fully within a materialistic scientific worldview. This book indicates how we can reconcile scientific and personal perspectives without eroding the integrity of either. The structural solution both amends foundational assumptions for understanding scientific activity, meaning and reality, and also recognizes our own participation in constituting each of these domains. The book reanalyzes the requirements for scientific objectivity, and then reconstructs and aligns both an external/causal and an internal/subjective account of our potential for genuine mental causation

and responsibility. An Appendix presents original experimental data from the author's journey. This book is intended for anyone who has struggled with the tensions between scientific and humanistic conceptions of ourselves; for anyone interested in a conceptually unified solution to diverse problems in philosophy of science, mind and meaning; and for scientists wanting to take authentic responsibility for their science.

### **Jessica's Ghost**

What if you set aside time to look at the issues that are keeping you stuck? What if you prepared extra time to take care of yourself so that the process was enlightening rather than grueling? Shadow work is looking at the parts of yourself you try to ignore. Shadow work explores the areas you suppress or find embarrassing. Your shadow is often caused by thoughts and beliefs that you learned from negative experiences or that were taught to you by caregivers and peers. Bring these thoughts and beliefs to the light of day, and you can move forward without being held back by feelings from the past. We all do shadow work. When faced with a big change or stressor we work through what is holding us back in order to move forward. Unfortunately, most of us only do this work when faced with a crisis. We wait until we are so uncomfortable that we have to look at the issues that are causing us pain. This journal gives you a way to look at your shadow while in a relaxed state. Set aside time each year to unpeel another layer of your shadow and feel the release of letting go of old

thoughts and beliefs that no longer fit who you are.

It's clear this summer on the island is shaping up to be very different from those Grayson, Mike, and Ian had come to rely on. ## **I Like where I Am**

A new, fully restored edition of the essential Canadian classic. An unflinchingly honest memoir of her experience as a Métis woman in Canada, Maria Campbell's *Halfbreed* depicts the realities that she endured and, above all, overcame. Maria was born in Northern Saskatchewan, her father the grandson of a Scottish businessman and Métis woman--a niece of Gabriel Dumont whose family fought alongside Riel and Dumont in the 1885 Rebellion; her mother the daughter of a Cree woman and French-American man. This extraordinary account, originally published in 1973, bravely explores the poverty, oppression, alcoholism, addiction, and tragedy Maria endured throughout her childhood and into her early adult life, underscored by living in the margins of a country pervaded by hatred, discrimination, and mistrust. Laced with spare moments of love and joy, this is a memoir of family ties and finding an identity in a heritage that is neither wholly Indigenous or Anglo; of strength and resilience; of indomitable spirit. This edition of *Halfbreed* includes a new introduction written by Indigenous (Métis) scholar Dr. Kim Anderson detailing the extraordinary work that Maria has been doing since its original publication 46 years ago, and an afterword by the author looking at what has changed, and also what has not, for Indigenous people in Canada today. Restored are the recently discovered missing pages from the original text of this groundbreaking and significant work.

Ursula Catalain, current keeper of the *Book of Secrets*, is content to concoct spells in her garden cottage until the ghost of the man she murdered when she was 12 appears at her door in a new form. His return pulls Jasmine,

Ursula's daughter, back into the fold. Once believed to be the most powerful of the Catalains, she foreswore her gift years before to bury a shameful secret. The ghost of the murdered man also calls home Katrine, Jasmine's sister, who has been banished for fourteen years. ### **Book of Jessica**

The #1 New York Times Bestseller Jessica reveals for the first time her inner monologue and most intimate struggles. Guided by the journals she's kept since age fifteen, and brimming with her unique humor and down-to-earth humanity, Open Book is as inspiring as it is entertaining. This was supposed to be a very different book. Five years ago, Jessica Simpson was approached to write a motivational guide to living your best life. She walked away from the offer, and nobody understood why. The truth is that she didn't

want to lie. Jessica couldn't be authentic with her readers if she wasn't fully honest with herself first. Now America's Sweetheart, preacher's daughter, pop phenomenon, reality tv pioneer, and the billion-dollar fashion mogul invites readers on a remarkable journey, examining a life that blessed her with the compassion to help others, but also burdened her with an almost crippling need to please. Open Book is Jessica Simpson using her voice, heart, soul, and humor to share things she's never shared before. First celebrated for her voice, she became one of the most talked-about women in the world, whether for music and fashion, her relationship struggles, or as a walking blonde joke. But now, instead of being talked about, Jessica is doing the talking. Her book shares the wisdom and inspirations she's learned and shows the real woman behind all the pop-culture clichés — "chicken or fish," "Daisy Duke," "football jinx," "mom jeans," "sexual napalm..." and more. Open Book is an opportunity to laugh and cry with a close friend, one that will inspire you to live your best, most authentic life, now that she is finally living hers.

## **Rescue and Jessica**

A Best Book of 2020: Open Letters Review "Andrews's writing is transportingly voluptuous, conjuring tastes and smells and sounds like her literary godmother, Edna O'Brien . . . What makes her novel sing is its universal themes: how a young woman tries to make sense of her world, and how she grows up." -Penelope Green, The New York Times Book Review This "luminous" (The Observer) feminist coming-of-age novel captures in sensuous, blistering prose the richness and imperfection of the bond between a daughter and her mother It begins with our bodies . . . Safe together in the violet dark and yet already there are spaces beginning to open between us. From that first immaculate, fluid connection, through the ups and downs of a working-class childhood in northern England, the one constant in Lucy's life has been her mother: comforting and mysterious, ferociously loving, tirelessly devoted, as much a part of Lucy as her own skin. Her mother's lessons in womanhood shape Lucy's appreciation for desire, her sense of duty as a caretaker, her hunger for a better, perhaps reckless life. At university in glamorous London, Lucy's background sets her apart. And then she is finished, graduated, adrift. She escapes to a tiny house in Donegal left empty by her grandfather, a place where her mother once found happiness. There she will take a lover, live inside art and the past, and track back through her memories and her mother's stories to make sense of her place in the world. In "a

stunning new voice in British literary fiction” (The Independent) that lays bare our raw, dark selves, Jessica Andrews’s debut honors the richness and imperfection of the bond between a daughter and her mother. Intricately woven in lyrical vignettes, *Saltwater* is a novel of becoming-- a woman, an artist-- and of finding a way forward by looking back.

## **The Selected Poetry of Jessica Powers**

An innocent night of fun takes a shocking turn in *Not That I Could Tell*, the next page-turner from Jessica Strawser. When a group of neighborhood women gathers, wine in hand, around a fire pit where their backyards meet one Saturday night, most of them are just ecstatic to have discovered that their baby monitors reach that far. It’s a rare kid-free night, and they’re giddy with it. They drink too much, and the conversation turns personal. By Monday morning, one of them is gone. Everyone knows something about everyone else in the quirky small Ohio town of Yellow Springs, but no one can make sense of the disappearance. Kristin was a sociable twin mom, college administrator, and doctor’s wife who didn’t seem all that bothered by her impending divorce—and the investigation turns up more questions than answers, with her husband, Paul, at the center. For her closest neighbor, Clara, the incident triggers memories she thought she’d put behind her—and when she’s unable to extract herself from the widening circle of scrutiny, her own suspicions quickly grow. But the neighborhood’s newest addition, Izzy, is determined not to jump to

any conclusions—especially since she’s dealing with a crisis of her own. As the police investigation goes from a media circus to a cold case, the neighbors are forced to reexamine what’s going on behind their own closed doors—and to ask how well anyone really knows anyone else.
