I Am Luca

Encyclopedia of New Age Beliefs

I am Arden - as the oldest child in my family, I have to deal with my two younger brothers (who can be annoying!) and the constant nagging of my parents (they call it encouragement!), as I navigate the challenges of middle school - I am too old to be spoiled, but too young to be independent. This puts me in a tough spot. From dealing with my unusual name to trying to outwit my Mom by using the microwave to melt my ice cream just right, to currying favor with the school's Principal, and to starting a dog walking business with my best friend, Ron, I am going through life trying to fully experience everything. But will I be able to deal with it all? Read my story, but be prepared for a wild ride

Fostering Children's Mathematical Power

First published in London in 1707, this book is a collection of testimonies about the "small prophets of the Cevennes," these young boys and girls, sometimes infants who called the Protestant people to repentance and later on to resistance. This book highlights a little known prophetic movement which took place between 1688 and 1702 in the South of France (Drome, Vivarais, Cevennes and Bas Languedoc). These witnesses, who were also fighters, affirm their unwavering convictions and tell how they became prophetic, and how their prophetic gift led them to take arms to fight for their freedom of conscience. Many of them went into exile in England, Switzerland, Holland and Germany.

Children's Magazine Guide

Features 46 cards and a 156 page guidebook awakening our role in the preservation and balance of life.

Wild Born

Here is a simple, easy-to-read, delightfully illustrated book for young children! The author presents, in a very easily comprehensible way, the basic Spiritual truths, explaining who we are, where we have come from, why we are here and the part God plays in all our lives. It is our responsibility as adults and particularly as

parents, to ensure that our young children come to an understanding of the truths about Spiritual matters at as early an age as possible. This book is meant to develop a child's imagination, awakening tender young minds to the beauty that lies all around us and to connect with that beauty in an inspiring and meaningful way. It also explains, in simple terms, realities about creation and the subtle higher energy vibrational levels, which exist in close proximity all around us. The exercises and experiments will delight and amaze, as well as nurture your child's creativity, introducing, in a fascinating way, the truths that are fundamental to our understanding of our existence here on Planet Earth. Your child will learn that life is meant to be fun and to be enjoyed. But there are rules, as in any game! This book explains these Spiritual Universal Laws, helping your child to see this world as the wonderful, amazing, beautiful place it really is, and to live a life of fulfillment, joy and abundance. What more could you ever hope for?

The Daxton and Miranda Adventure Coloring Book

Children's Classic Books

When Lucas and Niara first became friends when he was just a toddler, he could never have imagined the adventures they would go on, or the ways they would change each other's lives. Lucas is a typical ten year old boy, who for as long as he can remember, has had a pet elephant no one else can see. It isn't until the night before his first day of fourth grade he realizes how real she truly is, when he starts visiting her in Africa almost every night in his dreams. Struggling with being teased at school, his visits to Africa become a welcome escape, but as he spends more time there he finds out there are much bigger problems on the other side of the world. Tsavo Dreams is a story about how the unconditional friendship of two friends can overcome anything. That just because you're a kid, it doesn't mean you can't change the world around you and make it a better place.
