Wicked Souls

In the art of it there is a reflection of life as it is found across the breadth of nature.

Online Library Chronicles Of Ancient Darkness Soul Walker

The verses within this work are inspired to teach of this universal transcendency we call life. They will be of a purpose by which the reader may learn of him/herself the greater being by which we are a part. Virtue is but the entire whole being greater than the sum of its parts. Alike a loaf of bread made from scratch, each ingredient is bitter and displeasing, yet when carefully added together, given time to bake, then those ingredients comprise a nutritious completion. So a true poem may be of words that teach of an understanding which is greater than the words used to create the verse. Inspiration is but the essence of an artistic creation, and the creator is but the vehicle of such. There we will learn by a work of creativity the nature of life as is understood through nature, truth and beauty. For it is but these qualities which created the greater universe by which we all belong. Live by virtue and there will illumine the entire resolution of any conflict. Within poetry is presented a problem and throughout the verse to the very ending is a solution to this problem, giving the reader understanding and benefit. Learn by art and the never-ending process of life will become more and more complete, like a loaf of bread.

The aging President can't think clearly. The U.S.-Soviet stalemate is about to end. The free world hangs in the balance. It was 1994 when President Reagan announced his Alzheimer's disease diagnosis. But what if the affliction had

manifested years before, during the Cold War negotiations? Vine of the Soul explores the possibility of a sitting President becoming mentally incapable of performing his duties, and the strategies that covert government agencies would consider in such a predicament. The solution? An exotic hallucinogen from the Amazon known as ayahuasca. Given in low doses, the drug seemed to counteract the deleterious effects of Alzheimer's disease. But Reagan was the "just say no" president- how could he be convinced to ingest an illegal drug? Vine of the Soul is an interplay of competing intelligence agencies and provides a fast paced tale of political values, pharmacology, rain forest ecology and the endless search for mind enhancing drugs. The synergy of the mysterious drug ayahuasca and the former President's battle with Alzheimer's disease create a fascinating study of American drug policies and the elusive search for artificial paradise. In addition, the involvement of a young family and their quest to cure their sick infant adds another dimension to the story line.

Chronicles of Ancient Darkness #6: Ghost Hunter

"Two Souls in the Sun: A Twisted Love Story" is a beautifully described journey into a strange and foreign land in a forgotten time. It is the tale of a lonely young officer, isolated in the vast Libyan desert of almost 100 years ago, as he descends into insanity while grappling with his love for a beautiful and exotic girl. This gut-wrenching drama reveals the toll isolation takes on the human mind and spirit, and the dark and deadly twists of a love that turns into obsession. But is the young soldier's love real or is it a creation of his mind? Where does the line exist between reality and fantasy, beauty and horror, love and hate? It is up to the reader to decide. The author, Giacomo Fatuzzo, like the protagonist in his novel, was a young Italian officer posted to a remote location in Italian Libya in the 1920s. He

wrote and published this novel in Libya, in Italian, in 1929. And then the book was lost in the sands of time and war. Ennio Fatuzzo, Giacomo's son, has translated this timeless story into English to share the moving drama with modern day readers.
