Concrete and Constructional Engineering

Roads and Engineering Construction

Beginning in 1956 each vol. includes as a regular number the Blue book of southern progress and the Southern industrial directory, formerly issued separately.

Civil Engineering and Public Works Review

Spon's Civil Engineering and Highway Works Price

A comprehensive book on project management, covering all principles and

methods with fully worked examples, this book includes both hard and soft skills for the engineering, manufacturing and construction industries. Ideal for engineering project managers considering obtaining a Project Management Professional (PMP) qualification, this book covers in theory and practice, the complete body of knowledge for both the Project Management Institute (PMI) and the Association of Project Management (APM). Fully aligned with the latest 2005 updates to the exam syllabi, complete with online sample Q&A, and updated to include the latest revision of BS 6079 (British Standards Institute Guide to Project Management in the Construction Industry), this book is a complete and valuable reference for anyone serious about project management. â€¢The complete body of knowledge for project management professionals in the engineering, manufacturing and construction sectors â€¢Covers all hard and soft topics in both theory and practice for the newly revised PMP and APMP qualification exams, along with the latest revision of BS 6079 standard on project management in the construction industry â€¢Written by a qualified PMP exam accreditor and accompanied by online Q&A resources for self-testing

New for 2001: A free CD ROM containing Spon's Civil Engineering and Highway Works price data is included in the back of this book and will allow you to: *View the book 'on screen' *Cut and paste prices into other tender documents *Produce other tender documents *Export to other major packages *Adjust rates and data *Perform simple calculations New features in this 15th edition of Spon's Civil Engineering and Highway Works Price Book include: *An in-depth review of drainage section labour and plant resources *A detailed re-working of the highways and other approximate estimate data *Revision of the plant resources section to conform with the CECA Schedules of Dayworks. *Free updates available on the web www.pricebooks.co.uk

Spon's Civil Engineering and Highway Works Price

This volume discusses the readiness of the U.S. Department of Energy's (DOE) Waste Isolation Pilot Plant (WIPP) facility near Carlsbad, New Mexico, to serve as a geological repository for transuranic radioactive waste. WIPP is located in a Permian-age bedded salt deposit 658 meters below the surface. The committee has long reviewed DOE's readiness efforts, now aimed at demonstrating compliance with U.S. Environmental Protection Agency regulations. Site characterization studies and performance assessment modeling are among the topics considered in this volume.

Municipal Journal

The Bulletin of the General Contractors Association

Topics discussed include the structure and magnitude of the construction industry, responsibilities and roles of the organisations and people within the industry.

Yearbook

The Municipal Index

Contains the 4th session of the 28th Parliament through the session of the Parliament.

Municipal Journal and Engineer

The Reminiscences of a Civil Engineering Contractor provides an account of the various engineering works of Robert Brodie, a civil engineer. This book covers several engineering projects, including Tay Bridge Railways, Montrose and

Arbroath Railway, Scarborough and Whitby Railway, Mersey Railway, Loch Katrine aqueduct, Peterhead Harbor improvement, and Fraserburgh Harbor improvement. Organized into two parts encompassing 16 chapters, this book begins with an overview of the Tay Bridge work. This text then discusses the construction of the missing link of the East Coast route between Arbroath and Kinaber junction, including rock cuttings and extensive viaducts. Other chapters consider the various contracts at Swansea. This book discusses as well the establishment of the Federation of Civil Engineering Contractors in 1919. The final chapter deals with other contracts, including railways, docks, roads, reservoirs, pipe tracks, and catchment board improvements all over Wales and England. This book is a valuable resource for civil engineers.

Book 2006 is a comprehensive work manual that all those in the civil engineering, surveying and construction business will find it hard to work without. It gives costs for general and civil engineering works, highway works, and shows a full breakdown of labour, plant and material elements. Thoroughly comprehensive and structured to comply with CESMM3 and MMHW, the book includes prices and rates covering everything from rock bolts to runways, from staircases to step irons. In a time when it is essential to gain 'competitive advantage' in an increasingly congested market, this book provides instant-access cost information and is a one-stop reference containing tables, formulae, technical information and professional advice. This twentieth edition, in its easy-to-read format, incorporates a general review throughout, with special emphasis on the tender and estimating process. Plus the standard features you have come to expect from Spon's Civil Engineering and Highway Works Price Book: for budgeting: estimating principles, on-cost advice, method-related charges for resource costings: labour costs, plant costs, material prices for rapid cost information: approximate estimates, dayworks, cost indices for plant and labour allowances: production rates, outputs, man hour constants for detailed pricing: unit costs with full breakdown, or specialist prices, with advice on item coverage, waste allowances and comparative costs for incidental advice: tables and formulae, technical information, professional advice updated, free of charge, every three months - see enclosed card to register. Updates are available online at www.pricebooks.co.uk With FREE CD-ROM containing Spon's Civil Engineering and Highway Works price data.
