If you've ever been intrigued by the tarot but were confounded by the complexities of multi-card spreads and the vague interpretations given in most books, this is the guide for you. Here is a real breakthrough in interpreting the tarot! With Tarot Made Easy you can easily interpret the meaning of any card and apply it to the particular circumstances of your life. With the simple process outlined here, you need only choose one tarot card and then consult one (or several) of the 32 categories listed under each card -- including Romance, Travel, Career, Finances, Friends, and Special Guidance -- to discover the card's specific message for you. For example, if you want to know about your romantic future and the Queen of Cups turns up, you may find that the standard description given is "an honest, devoted woman; loving intelligence and happiness." How should you interpret this? But with Tarot Made Easy, the Queen of Cups Romance category tells you that "someone will enter your life in whom you will be very interested and you will meet this person very close to your home, if not outside your front door." This easy but accurate system banishes the vague interpretations found in most books and gives

There are many ways to the top of the mountain. They all pass through the same place: a monastery filled with monks who have given up on their chance to attain what their hearts have made them want. It is the ego that wants. It is the ego that wants to reach the top of the mountain. It is the ego that drives us to the betterment that eventually leads us to God. In this monastery there are monks losing perspective as some sort of dogma. The view is of all that surrounds. Some in the monastery watch their breath while others have seen the view and are now in towns at pubs enjoying the blessings of life. They are attached and growing. The roots of the plant along the path are attached and that is what nourishes the whole of the organism. Nothing grows on the top of the mountain. Volumes of experience have made their way from pub to paper, like the traveler is a pen and the pages of this story are a mountain.
