York Times, Marie Claire, Vogue, Essence, PopSugar, Daily Mail, Electric Literature, Red Magazine, Stylist, Daily Kos, Library Journal, The Every Girl, and Read It Forward! “A courageous story.”—The New York Times “A celebration of girls who dare to dream.”—Imbolo Mbue, author of *Behold the Dreamers* (Oprah’s Book Club pick) A powerful, emotional debut novel told in the unforgettable voice of a young Nigerian woman who is trapped in a life of servitude but determined to fight for her dreams and choose her own future. Adunni is a fourteen-year-old Nigerian girl who knows what she wants: an education. This, her mother has told her, is the only way to get a “louding voice”—the ability to speak for herself and decide her own future. But instead, Adunni's father sells her to be the third wife of a local man who is eager for her to bear him a son and heir. When Adunni runs away to the city, hoping to make a better life, she finds that the only other option before her is servitude to a wealthy family. As a yielding daughter, a subservient wife, and a powerless slave, Adunni is told, by words and deeds, that she is nothing. But while misfortunes might muffle her voice for a time, they cannot mute it. And when she realizes that she must stand up not only for herself, but for other girls, for the ones who came before her and were lost, and for the next girls, who will inevitably follow; she finds the resolve to speak, however she can—in a whisper, in song, in broken English—until she is heard.

How do we find the right word for the job? Where does that word come from? Why do we spell it like that? And how do we know what it means? Words are all around us - we use them every day to communicate our joys, fears, hopes, opinions, wishes and demands - but we don't often think about them too deeply. In this highly accessible introduction to English words, the reader will discover what the study of words can tell them about the extraordinary richness and complexity of our daily vocabulary and about the nature of language in general. Assuming no prior knowledge of linguistics, the book covers a wide range of topics, including the structure of words, the meaning of words, how their spelling relates to pronunciation, how new words are manufactured or imported from other languages, and how the meaning of words changes with the passage of time. It also investigates how the mind deals with words by highlighting the amazing intellectual feat performed routinely when the right word is retrieved from the mental dictionary. This revised and expanded second edition brings the study of words right up to date with coverage of text messaging and email and includes new material on psycholinguistics and word meaning. The Pearl of Dari takes us into the heart of Afghan refugee life in the Islamic Republic of Iran through a rich ethnographic portrait of the circle of poets and intellectuals who make up the "Pearl of Dari" cultural organization. Dari is the name by which the Persian language is known in Afghanistan. Afghan immigrants in Iran, refugees from the Soviet war in Afghanistan, are marginalized and restricted to menial jobs and lower-income neighborhoods. Ambitious and creative refugee youth have taken to writing poetry to tell their story as a group and to improve their prospects for a better life. At the same time, they are altering the ancient tradition of Persian love poetry by promoting greater individualism in realms such as gender and marriage. Zuzanna Olszewska offers compelling insights into the social life of poetry in an urban, Middle Eastern setting largely unknown in the West.
