In the Land of Invisible Women

This book paints a horrifying reality for women of the desert kingdom. It is a haunting look at the danger of Saudi male dominance and the desperate lives of the women they rule.

Mother-Daughter Incest

The Princess Trilogy consists of Princess, A True Story; Princess Sultana's Daughters; and Princess Sultana's Circle. Sultana is a Saudi Arabian princess, born to uncountable wealth. She has four mansions on three continents, her own private jet, glittering jewels, designer dresses galore. But she has no freedom, no control over her own life, no value but as a bearer of sons. Sultana is a member of the Saudi royal family, closely related to the king. For the sake of her daughters, she has decided to take the risk of speaking out about the life of women in her country, regardless of their rank. She must hide her identity for fear that the religious leaders in her country would call for her death to punish her honesty. Only a woman in her position could possibly hope to escape from being revealed and punished. Although Sultana lives with constant fear of retribution, her passion to provide her daughters a better life transcends her fear and fuels her desire for change.

The New York Times calls *GROWING UP BIN LADEN*: "The most complete account available of the terrorist's immediate family." (May 15, 2011) A true story that few ever believed would come to light, *GROWING UP BIN LADEN* uncovers startling revelations and hidden secrets carefully guarded by the most wanted terrorist of our lifetime, Osama bin Laden. "I was not always the wife of Osama bin Laden. Once I was an innocent child dreaming little girl dreams" Thus begins this powerful story as Najwa bin Laden, who married her cousin Osama bin Laden at the age of 15 to become his first wife and the mother to eleven of his children, and her son, Omar bin Laden, the fourth-born son of Osama bin Laden. Together, mother and son tell an extraordinarily powerful story of a man hated by so many, yet both loved and feared by his family, with spine-tingling details about the life and times of the man they knew as a husband and father, including: - Osama's disapproval of modern conveniences, including electricity and medicine- His plan to toughen up his sons by taking them into the desert without food or water- Transporting his wives and children to the rough terrain of Sudan, where he claimed to be preparing them for attacks from western powers, commanding them to dig holes, and to sleep in those holes, allowing nothing more than sand and twigs for cover- Omar's horror at the rape and murder of a boy his own age, by members of a jihadist group living among them in the Sudan. - What happened in the bin Laden home in Jeddah, Saudi Arabia, on the morning of September 11, 2001, and Omar's surprise phone call with his mother, who escaped from Afghanistan only two days before the shattering events that killed so many innocent people Since September 11, 2001, journalists have struggled to uncover carefully guarded information about Osama's private life. Until now, Osama Bin Laden's family members have not cooperated with any writers or journalists. Now, with unprecedented access and insight, Jean Sasson, author of the bestselling *Princess: A True Story Behind the Veil* in Saudi Arabia, takes us inside the secret world of Osama bin Laden.

Father-Daughter Relationships

Yasmeena was an innocent abroad. She was a college educated, English-speaking flight attendant graced with an unusual amount of confidence and sophistication. She was also a virgin and a conservative Muslim daughter and sister. When Yasmeena's flight out of Kuwait was delayed, it was because Saddam Hussein had just invaded Kuwait. Iraqi soldiers threw her into a woman's prison where the guards committed ghastly sexual attacks and tortured the women in excruciating ways.

The term "sheng nu" ("leftover women") has been recently coined in China to describe the increasing number of women, especially highly educated professional women in their late twenties and over who have not married. This book explores this phenomenon, reporting on extensive research among "leftover women", research which reveals that the majority of women are keen to get married, contrary to the notion that traditional marriage has lost its appeal among the new generations of economically independent women. The book explains the reasons behind these women's failures to get married, discusses the consequences for the future make-up of China's population at the dawn of its modification of the one child policy, and compares the situation in China with that in other countries. The book provides practical solutions for educated women's courtship dilemmas, and long term solutions for China's partnering issues, gender relations, and marriage formation. The book also relates the 'leftover women' problem to theories of family, mate selection, feminism, and individualization.

The Absent Father Effect on Daughters

In the international bestseller, *Princess: The True Story of Life Behind the Veil in Saudi Arabia*, Princess Al-Sa'ud and the acclaimed author Jean Sasson began a remarkable series of books. Now, more than twenty-five years later, this compelling journey continues as we follow the fortunes and the dazzling life of the Princess, her friends and her family. But, of course, there is a less glamorous, much darker side to this engaging series, and in *Stepping Out of the Shadows* Jean and the Princess focus their attention on how, despite positive news on civil rights reforms, Saudi women still suffer physical and psychological abuse and have little legal protection due to the archaic guardianship laws of the land. So, although this is a kingdom on the threshold of revolutionary change – change spearheaded by the young Saudi Crown Prince who is keen to modernize his country – any thoughts of equal rights and the chance to lead an independent life remain little more than dreams for most Saudi women. Whilst the Princess acknowledges and welcomes the reforms that are on the horizon, through stories of joy and sorrow, we see how she is determined to continue to fight for equal rights for women in this, her beloved kingdom.

Osama bin Laden's former sister-in-law provides a penetrating, unusually intimate look into Saudi society and the bin Laden family's role within it, as well as the treatment of Saudi women. On September 11th, 2001, Carmen bin Ladin heard the news that the Twin Towers had been struck. She instinctively knew that her ex-brother-in-law was involved in these horrifying acts of terrorism, and her heart went out to America. She also knew that her life and the lives of her family would never be the same again. Carmen bin Ladin, half Swiss and half Persian, married into and later divorced from the bin Laden family and found herself inside a complex and vast clan, part of a society that she neither knew nor understood. Her story takes us inside the bin Laden family and one of the most powerful, secretive, and repressed kingdoms in the world.

Growing Up bin Laden

"Crime and Punishment" is an 1866 novel by Russian author Fyodor Dostoevsky. The narrative concerns the inner anguish of Rodion Raskolnikov, a poor ex-student in Saint Petersburg who conceives a murderous plan to steal from a notorious pawnbroker. However, after the deed is done he deteriorates into a feverish state and begins to fret obsessively. In his delirium, Rodion wanders the streets of the

city unknowingly drawing attention to himself and his connection to the crime. A masterpiece that places you into the confused mind of a misguided murderer, Dostoevsky's "Crime and Punishment" is a classic of Russian literature not to be missed by any lover of fiction. Fyodor Mikhailovich Dostoevsky (1821 - 1881) was a Russian novelist, essayist, short story writer, journalist, and philosopher. His literature examines human psychology during the turbulent social, spiritual and political atmosphere of 19th-century Russia, and he is considered one of the greatest psychologists in world literature. A prolific writer, Dostoevsky produced 11 novels, three novellas, 17 short stories and numerous other works. Many vintage books such as this are increasingly scarce and expensive. We are republishing this volume now in an affordable, modern, high-quality edition complete with a specially-commissioned new biography of the author.

China's Leftover Women

When Jean Sasson's book *Princess: Life Behind the Veil in Saudi Arabia* was published, it became an immediate international bestseller. It sold to 43 countries and spent 13 weeks on *The New York Times* bestseller list. Now, in this long-awaited, compelling new book, Sasson and the Princess 'Sultana' return to tell the world what it means to be a Saudi woman today. Through advances in education and with access to work, Saudi women are breaking through the barriers; they are becoming doctors, social workers, business owners and are even managing to push at the boundaries of public life. Major steps forward have, undoubtedly, been made. But this is not the whole story. Sadly, despite changes in the law, all too often legal loopholes leave women exposed to terrible suppression, abuse and crimes of psychological and physical violence. For many, the struggle for basic human rights continues. This fascinating insight will include personal stories of triumph and heartbreak, as told to Princess 'Sultana', her eldest daughter, and author Jean Sasson. Each of these stories will offer the reader a glimpse into different aspects of Saudi society, including the lives of the Princess, her daughter and other members of the Al-Saud Royal family.

Electra vs Oedipus explores the deeply complex and often turbulent relationship between mothers and daughters. In contrast to Sigmund Freud's conviction that

the father is the central figure, the book puts forward the notion that women are in fact far more (pre)occupied with their mother. Drawing on the author's extensive clinical experience, the book provides numerous case studies which shed light on women's emotional development. Topics include: love and hate between mothers and daughters the history of maternal love childbirth and depression rejected mothers. Electra vs Oedipus will be a valuable resource for psychoanalysts, psychotherapists and all those with an interest in the dynamics of the mother-daughter relationship.

This unique and groundbreaking book seeks to re-focus gender debate onto the issue of daughter discrimination - a phenomenon still hidden and unacknowledged across the world. It asks the controversial question of why millions of girls do not appear to be surviving to adulthood in contemporary Asia. In the first major study available of this emotive and sensitive issue, Elisabeth Croll investigates the extent of discrimination against female children in Asia and shifts the focus of attention firmly from son-preference to daughter-discrimination. This book brings together demographic data and anthropological field studies to reveal the multiple ways in which girls are disadvantaged, from excessive child mortality to the withholding of health care and education on the basis of gender. Focusing especially on China and India, the book reveals the surprising coincidence of increasing daughter discrimination with rising economic development, declining fertility and the generally improved status of women in East and South Asia. Essential reading for all those interested in gender in contemporary society.

Let Me Explain You

#1 NEW YORK TIMES BESTSELLER • ONE OF ESSENCE'S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS In this iconic memoir of his early days, Barack Obama "guides us straight to the intersection of the most serious questions of identity, class, and race" (The Washington Post Book World). "Quite extraordinary."—Toni Morrison In this lyrical, unsentimental, and compelling memoir, the son of a black African father and a white American mother searches for a workable meaning to his life as a black American. It begins in New York, where Barack Obama learns that his father—a figure he knows more as a myth than as a man—has been killed in a car accident. This sudden death inspires an emotional odyssey—first to a small town in Kansas, from which he retraces the migration of his mother's family to Hawaii, and then to Kenya, where he meets the African side of his family, confronts the bitter truth of his father's life, and at last reconciles his divided inheritance. Praise for *Dreams from My Father* "Beautifully crafted . . . moving and candid . . . This book belongs on the shelf beside works like James McBride's *The Color of Water* and Gregory Howard Williams's *Life on the Color Line* as a tale of living astride America's racial categories."—Scott Turow "Provocative . . . Persuasively describes the phenomenon of belonging to two different worlds, and thus belonging to neither."—The New York Times Book Review "Obama's writing is incisive yet forgiving. This is a book worth savoring."—Alex Kotlowitz, author of *There Are No Children Here* "One of the most powerful books of self-discovery I've ever read, all the more so for its illuminating insights into the problems not only of race, class, and color, but of culture and ethnicity. It is also beautifully written, skillfully layered, and paced like a good

novel.”—Charlayne Hunter-Gault, author of *In My Place* “Dreams from My Father is an exquisite, sensitive study of this wonderful young author’s journey into adulthood, his search for community and his place in it, his quest for an understanding of his roots, and his discovery of the poetry of human life. Perceptive and wise, this book will tell you something about yourself whether you are black or white.”—Marian Wright Edelman

Women in African Cinema: Beyond the Body Politic showcases the very prolific but often marginalised presence of women in African cinema, both on the screen and behind the camera. This study provides the first in-depth and sustained study of women in African cinema. Films by women from different geographical regions are discussed in case studies that are framed by feminist theoretical and historical themes, and seen through an anti-colonial, philosophical, political and socio-cultural cinematic lens. A historical and theoretical introduction provides the context for thematic chapters exploring topics ranging from female identities, female friendships, women in revolutionary cinema, motherhood and daughterhood, women’s bodies, sexuality, and spirituality. Each chapter serves up a theoretical-historical discussion of the chosen theme, followed by two in-depth case studies that provide contextual and transnational readings of the films as well as outlining production, distribution and exhibition contexts. This book contributes to the feminist anti-racist revision of the canon by placing African women filmmakers squarely at the centre of African film culture. Demonstrating the depth and diversity of the feminine or female aesthetic in African cinema, this book will be of great interest to students and scholars of African cinema, media studies and African studies.

Black Book of Arabia

"In this stunningly written book, a Western trained Muslim doctor brings alive what it means for a woman to live in the Saudi Kingdom. I've rarely experienced so vividly the shunning and shaming, racism and anti-Semitism, but the surprise is how Dr. Ahmed also finds tenderness at the tattered edges of extremism, and a life-changing pilgrimage back to her Muslim faith." - Gail Sheehy The decisions that change your life are often the most impulsive ones. Unexpectedly denied a visa to remain in the United States, Qanta Ahmed, a young British Muslim doctor, becomes an outcast in motion. On a whim, she accepts an exciting position in Saudi Arabia. This is not just a new job; this is a chance at adventure in an exotic land she thinks she understands, a place she hopes she will belong. What she discovers is vastly different. The Kingdom is a world apart, a land of unparalleled contrast. She finds rejection and scorn in the places she believed would most embrace her, but also humor, honesty, loyalty and love. And for Qanta, more than anything, it is a land of opportunity. A place where she discovers what it takes for one woman to recreate herself in the land of invisible women.

The Book of the Thousand Nights and a Night

In *Princess*, readers were shocked by Sultana's revelations about life in Saudi

Arabia's royal family. Royal women live as virtual prisoners, surrounded by unimaginable wealth and luxury, privileged beyond belief, and yet subject to every whim of their husbands, fathers, and even their sons. Daughters of Arabia featured Sultana's teenage daughters, determined to rebel but in very different ways. And now, in *Desert Royal*, Sultana's fight for women's rights in a repressive, fundamentalist Islamic society, has an extra sense of urgency. The threat of world terrorism, the gathering strength of religious leaders and the discontent of impoverished Saudis are threatening to topple the comfortable world Sultana has known. But an extended family 'camping' trip in the desert brings Sultana and her relatives face to face with their nomadic roots, and nourishes her will to carry on the fight for women's rights in all Muslim countries. This updated edition contains an all-new chapter as well as a letter from Sultana herself, encouraging all women to take up the struggle for freedom for their abused sisters throughout the world.

Provide more effective services for the victims of this underreported, rarely investigated form of sexual abuse! Until recently, mother-child incest was considered to be virtually nonexistent. The majority of the sexual abuse literature focused on male-perpetrated abuse or father-daughter incest. *Mother-Daughter Incest: A Guide for Helping Professionals* fills that gap in the literature, making an important contribution to knowledge and therapeutic practice by adding the voices of these survivors to the dialogue. This important new book describes the phenomenon and aftermath of mother-daughter incest, focusing on the victim's perception of and reaction to her experience. This book's unique approach integrates psychological theory and practical interventions with the words of the survivors themselves. Their revealing and moving first-person testimonies keenly articulate daughters' reactions to sexual abuse at the hands of their mothers, their past and present relationships with their mothers, and their perceptions of the impact of their mothers' abuse on their lives. This vital book explores: the unique dynamics, psychological impact, and sequelae of this type of incest factors that contribute to the underreporting and underinvestigation of mother-daughter incest the significance of the mother-daughter bond, plus cultural definitions and expectations of motherhood—key factors in society's denial of the existence of this kind of abuse the stigmatization that survivors must endure if they reveal their experiences to others psychological theory—developmental, object-relations, self-in-relation (relational), and attachment—and what they tell us about mother-daughter relationships common themes encountered in therapy with survivors—acute shame, helplessness, isolation, betrayal and grief, identity issues, impaired sexual development, difficulty coping, and parenting concerns—and how to address them ways in which survivors attempt to regulate their internal emotional states strategies for helping a survivor to take charge of her life the ways in which survivors are likely to relate to their therapists and how survivors may expect therapists and other helping professionals to perceive them transference-countertransference dynamics between client and therapist and their effect on the process and outcomes of therapy—and nine strategies for minimizing countertransference There is no other resource like *Mother-Daughter Incest: A Guide for Helping Professionals*. Whether you are a therapist, social worker, medical or mental health professional or a student in any of those fields, this book will inform and educate you in ways that you'll be thankful for if you ever

Seven Pillars of Wisdom (Annotated)

This is a memoir about living, loving, dreaming, daring, and driving while female -- in a country where it's dangerous to do all of the above. Manal al-Sharif grew up in Mecca the second daughter of a taxi driver, born the year strict fundamentalism took hold. In her adolescence, she was religious radical, melting her brother's boy band CDs in the oven because music was haram: forbidden by Islamic law. But what a difference an education can make. By her twenties, she was a computer security engineer, one of a few women working in a desert compound built to resemble suburban America. That's when the Saudi kingdom's contradictions became too much to bear: she was labeled a slut for chatting with male colleagues, her school-age brother chaperoned her on a business trip, and while she kept a car in her garage, she was forbidden from driving on Saudi streets. Manal-al-Sharif has written a memoir about the making of an accidental activist, a story of a young Muslim woman who stood up to a kingdom of men -- and won.

Princess More Tears to Cry

Readers of Princess Sultana's extraordinary biography Princess were gripped by her powerful indictment of women's lives behind the veil within the royal family of Saudi Arabia. They were every bit as fascinated by the sequel, Daughters of Arabia. Here, the princess turns the spotlight on her two daughters, Maha and Amani, both teenagers. Surrounded by untold opulence and luxury from the day they were born, but stifled by the unbearably restrictive lifestyle imposed on them, they reacted in equally desperate ways. Their dramatic and shocking stories, together with many more which concern other members of Princess Sultana's huge family, are set against a rich backdrop of Saudi Arabian culture and social mores which she depicts with equal colour and authenticity. We learn, for example, of the fascinating ritual of the world-famous annual pilgrimage to Makkah as we accompany the princess and her family to this holiest of cities. Throughout,

however, she never tires of her quest to expose the injustices which her society levels against women. In her courageous campaign to improve the lot of her own daughters of Arabia, Princess Sultana once more strikes a chord amongst all women who are lucky enough to have the freedom to speak out for themselves.

After the recent success of *Princess, More Tears to Cry* the Princess Al-Saud and Jean Sasson are collaborating on this new book to bring readers up to date not only with the Princess and her family but the stories and experiences of characters who formed the focus of the last book: Dr Meena - the woman who helps abused women to heal and fight for their rights, and Fatima, the mother of twin daughters who, once abused and abandoned by her family, now works for the Princess in one of the royal palaces. Here too, are the stories of other Muslim women - women who are struggling with human rights abuses from across the region - from Pakistan, Syria and Northern Lebanon - and the many innocent victims who suffer the consequences of ISIS's march across the Middle East. This new book will attract both Jean Sasson's many loyal readers and new audiences eager to learn more about not only how the Saudi Royal family live, but how with courage and determination the Princess continues the fight for equal rights for women in the Middle East.

Paramedic to the Prince

Recently, Black women have taken the world stage in national politics, popular culture, professional sports, and bringing attention to racial injustice in policing and the judicial system. However, rarely are Black women acknowledged and highlighted for their efforts to understand the social problems confronting our generation and those generations that came before us. In the post-civil rights era, research faculty and theoreticians must acknowledge the marginalization of Black women scholars' voices in contemporary qualitative scholarship and debates. *Black Feminism in Qualitative Inquiry: A Mosaic for Writing our Daughter's Body* engages qualitative inquiry to center the issues and concerns of Black women as researcher(s) and the researched while simultaneously questioning the ostensible innocence of qualitative inquiry, including methods of data collection, processes of data analysis, and representations of human experiences and identities. The text centers "daughtering" as the onto-epistemological tool for approaches to Black feminist and critical race data analysis in qualitative inquiry. Advanced and novice researchers interested in decolonizing methodologies and liberatory tools of analysis will find the text useful for cultural, education, political, and racial critiques that center the intersectional identities and interpretations of Black women and girls and other people of color. Daughtering as a tool of analysis in Black feminist qualitative inquiry is our own cultural and spiritual way of being, doing, and performing decolonizing work.

Princess: Stepping Out Of The Shadows

Seven Pillars of Wisdom is the autobiographical account of the experiences of British soldier Thomas E. Lawrence (1888-1935) ("Lawrence of Arabia"), while serving as a liaison officer with rebel forces during the Arab Revolt against the Ottoman Turks of 1916 to 1918. Charles Hill has called the *Seven Pillars* "a novel traveling under the cover of autobiography," capturing Lawrence's highly personal version of the historical events described in the book. Lieutenant Colonel Thomas Edward Lawrence, known professionally as T. E. Lawrence, was a British Army officer renowned especially for his liaison role during the Arab Revolt against Ottoman Turkish rule of 1916-18. The extraordinary breadth and variety of his activities and associations, and his ability to describe them vividly in writing, earned him international fame as Lawrence of Arabia, a title which was used for the 1962 film based on his World War I activities. " The book is very well illustrated. "

The Absent Father Effect on Daughters investigates the impact of absent – physically or emotionally – and inadequate fathers on the lives and psyches of their daughters through the perspective of Jungian analytical psychology. This book tells the stories of daughters who describe the insecurity of self, the splintering and disintegration of the personality, and the silencing of voice. Issues of fathers and

daughters reach to the intra-psychic depths and archetypal roots, to issues of self and culture, both personal and collective. Susan E. Schwartz illustrates the maladies and disappointments of daughters who lack a father figure and incorporates clinical examples describing how daughters can break out of idealizations, betrayals, abandonments and losses to move towards repair and renewal. The book takes an interdisciplinary approach, expanding and elucidating Jungian concepts through dreams, personal stories, fairy tales and the poetry of Sylvia Plath, along with psychoanalytic theory, including Andre Green's 'dead father effect' and Julia Kristeva's theories on women and the body as abject. Examining daughters both personally and collectively affected by the lack of a father, *The Absent Father Effect on Daughters* is highly relevant for those wanting to understand the complex dynamics of daughters and fathers to become their authentic selves. It will be essential reading for anyone seeking understanding, analytical and depth psychologists, other therapy professionals, academics and students with Jungian and post-Jungian interests.
