Diccionario de la lengua náhuatl

An Analytical Dictionary of Nahuatl

Redactado según documentos y manuscritos auténticos y publicados en francés en 1885, constituye la fuente más autorizada para el conocimiento de la antigua lengua mexicana. Además de recoger íntegro el vocabulario de Molina, incluye los términos en los cuales la cultura náhuatl ha perdurado: nombres de dioses, de héroes, de gobernantes, de artes y oficios, de corporaciones, que van revelando una textura mental y social homogénea, toponímicos, nombres de plantas, de animales, de cuerpos celestes, que dan testimonio de las ciencias que eran cultivadas en México.

World Dictionaries in Print 1983

The Learned Ones

The authors, a diverse group of indigenous and non-native scholars and environmental activists, address urgent questions facing indigenous communities as

they struggle with threats to their own sovereignty, increased market and media globalization, and the conservation of endangered bioregions.

European religious drama adapted for an Aztec audience

Appleton's Cyclopaedia of American Biography

Death and Life in Colonial Nahua Mexico presents seven dramas from the first truly American theater. Composed in Nahuatl during the sixteenth and seventeenth centuries, most of these plays survive only in later copies. Five are morality plays.

Presenting Christian views of moral reform, death, judgment, and punishment for sin, they reveal how these themes were adapted into Nahua culture. The other two plays dramatize biblical narratives: the stories of Abraham and Isaac and of the three wise men. In this volume, Barry D. Sell and Louise M. Burkhart offer faithful transcriptions of the Nahuatl as well as new English translations of these remarkable dramas. Accompanying the plays are four interpretive essays and a foreword that broaden our understanding of these rare works. This volume is the

first in a four-volume set entitled Nahuatl Theater, edited by Barry D. Sell and Louise M. Burkhart

Appletons' Cyclopaedia of American Biography

"En esta obra se han reunido aportaciones sobre los términos del sistema de parentesco, la ortografía del náhuatl de la Huasteca o sobre los textos novohispanos en la lengua náhuatl. Pero también podemos leer textos sobre la medicina tradicional, la migración, o la organización política de la comunidad. En su conjunto, estos textos son una contribución importante a los estudios sobre la región pluriétnica, y en especial sobre la población nahua. Al mismo tiempo son un valioso recurso introductorio para el público más amplio que quiere conocer más sobre la Huasteca, ya que son accesibles para personas interesadas no especialistas, aunque nos parece que también serán de interés para los últimos. [Los editores]"--

The Aztecs

"La idea del presente diccionario parte, en muchos aspectos, de la riqueza que representa en nuestros días la lengua náhuatl como idioma vivo. La persistencia en el español de México de voces provenientes del náhuatl se explica por la cultura, que es una realidad que se extiende más allá del fenómeno lingüístico. Esta obra recoge los nahuatlismos vigentes en el habla de varias regiones del país, no sólo de la Ciudad de México, en aspectos

Bookmark File PDF Diccionario De La Lengua Nahuatl O Mexicana Spanish Edition

que van más allá de la sola caracterización dialectal de nuestro español. Contiene más de 2 600 nahuatlismos, mil toponimias y 232 voces relacionadas con la herbolaria; además de 498 frases y refranes derivados de 148 voces de origen náhuatl, 105 nombres personales en náhuatl y 138 figuras poéticas del náhuatl clásico."--Back cover.

They were the healers, teachers, and writers, the “wise ones” of Nahuatl-speaking cultures in Mexico, remembered in painted codices and early colonial manuscripts of Mesoamerica as the guardians of knowledge. Yet they very often seem bound to an unrecoverable past, as stereotypes prevent some from linking the words “indigenous” and “intellectual” together. Not so, according to author Kelly S. McDonough, at least not for native speakers of Nahuatl, one of the most widely spoken and best-documented indigenous languages of the Americas. This book focuses on how Nahuas have been deeply engaged with the written word ever since the introduction of the Roman alphabet in the early sixteenth century. Dipping into distinct time periods of the past five hundred years, this broad perspective allows McDonough to show the heterogeneity of Nahua knowledge and writing as Nahuas took up the pen as agents of their own discourses and agendas. McDonough worked collaboratively with contemporary Nahua researchers and students, reconnecting the theorization of a population with the population itself. *The Learned Ones* describes the experience of reading historic text with native speakers today, some encountering Nahua intellectuals and their writing for the very first time. It intertwines the written word with oral traditions and embodied knowledge, aiming to retie the strand of alphabetic writing to the dynamic trajectory of Nahua intellectual work.

Diccionario de la lengua náhuatl o mexicana

This volume had its beginnings in the two-day colloquium, "Rethinking Chichén Itzá, Tula and Tollan," that was held at Dumbarton Oaks. The selected essays revisit long-standing questions regarding the nature of the relationship between Chichen Itza and Tula. Rather than approaching these questions through the notions of migrations and conquests, these essays place the cities in the context of the emerging social, political, and economic relationships that took shape during the transition from the Epiclassic period in Central Mexico, the Terminal Classic period in the Maya region, and the succeeding Early Postclassic period.

The Popol Vuh is the most important example of Maya literature to have survived the Spanish conquest. It is also one of the world's great creation accounts, comparable to the beauty and power of Genesis. Most previous translations have relied on Spanish versions rather than the original K'iche'-Maya text. Based on ten years of research by a leading scholar of Maya literature, this translation with extensive notes is uniquely faithful to the original language. Retaining the poetic style of the original text, the translation is also remarkably accessible to English readers.

Illustrated with more than eighty drawings, photographs, and maps, Allen J. Christenson's authoritative version brings out the richness and elegance of this sublime work of literature, comparable to such epic masterpieces as the Ramayana and Mahabharata of India or the Iliad and Odyssey of Greece.

Popol Vuh

“Marvels! Rompecabezas! And cartoons that bite into the mind appear throughout this long-awaited book that promises to reshape and refocus how we see Mexicans in the Americas and how we are taught and seduced to mis/understand our human potentials for solidarity. This is the closest Latin@ studies has come to a revolutionary vision of how American culture works through its image machines, a vision that cuts through to the roots of the U.S. propaganda archive on Mexican, Tex-Mex, Latino, Chicano/a humanity. Nericcio exposes, deciphers, historicizes, and 'cuts-up' the postcards, movies, captions, poems, and adverts that plaster dehumanization (he calls them 'miscegenated semantic oddities') through our brains. For him, understanding the sweet and sour hallucinations is not enough. He wants the flashing waters of our critical education to become instruments of restoration. In this book, Walter Benjamin meets Italo Calvino and they morph into Nericcio. Orale! -David Carrasco, Harvard University A rogues' gallery of Mexican bandits, bombshells,

lotharios, and thieves saturates American popular culture. Remember Speedy Gonzalez? “Mexican Spitfire” Lupe Vélez? The Frito Bandito? Familiar and reassuring—at least to Anglos—these Mexican stereotypes are not a people but a text, a carefully woven, articulated, and consumer-ready commodity. In this original, provocative, and highly entertaining book, William Anthony Nericcio deconstructs Tex[t]-Mexicans in films, television, advertising, comic books, toys, literature, and even critical theory, revealing them to be less flesh-and-blood than “seductive hallucinations,” less reality than consumer products, a kind of “digital crack.” Nericcio engages in close readings of rogue/icons Rita Hayworth, Speedy Gonzalez, Lupe Vélez, and Frida Kahlo, as well as Orson Welles' film *Touch of Evil* and the comic artistry of Gilbert Hernandez. He playfully yet devastatingly discloses how American cultural creators have invented and used these and other Tex[t]-Mexicans since the Mexican Revolution of 1910, thereby exposing the stereotypes, agendas, phobias, and intellectual deceptions that drive American popular culture. This sophisticated, innovative history of celebrity Latina/o mannequins in the American marketplace takes a quantum leap toward a constructive and deconstructive next-generation figuration/adoration of Latinos in America.
