invent, shove, break. To slide your leg over the seat you finally got back from the leather shop. To twist back the throttle grip you wrapped yourself. To lunge into the darkness of an open highway on a creation all your own. More than a motorcycle, this is about your identity. It's about building something as unique as you are. In *The Build*, Robert Hoekman Jr compiles insights from today's best builders to help you plot out your own beautiful beast. Loaded with photos, *The Build* features firsthand advice from the masters of moto design, including John Ryland (Classified Moto), Alan Stulberg (Revival Cycles), Jared Johnson (Holiday Customs), Jarrod DelPrado (DP Customs), and the legendary Max Hazan (Hazan Motorworks). famous Daruma Doll. Yuko-chan, an adventurous blind orphan, is able to do amazing things. She confronts a burglar in the dead of night, and crosses treacherous mountain passes to deliver food to hungry people. During her travels, Yuko-chan trips and tumbles down a snowy cliff. She discovers a strange thing as she waits for help: her tea gourd, regardless of how she drops it, always lands right-side-up. The tea has frozen in the bottom of the gourd! Inspired by this, she creates the famous Daruma doll toy, which rights itself when tipped—a true symbol of resilience. Thanks to Yuko-chan's invention, the villagers are able to earn a living and feed themselves by selling the dolls. Yuko-chan never gave up, no matter the obstacles she faced, and the Daruma doll is a charming reminder of the power of perseverance. With text in English and Japanese this book is of special interest to bicultural families.

A Best Friend for Woodstock

Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.

The Complete Idiot's Guide to Motorcycles

The definitive book about Joan Rivers' tumultuous, victorious, tragic, hilarious, and fascinating life. Joan Rivers was more than a legendary comedian; she was an icon and a role model to millions, a fearless pioneer who left a legacy of expanded opportunity when she died in 2014. Her life was a dramatic roller-coaster of triumphant highs and devastating lows: the suicide of her husband, her feud with Johnny Carson, her estrangement from her daughter, her many plastic surgeries, her ferocious ambition and her massive insecurities. But Rivers' career was also hugely significant in American cultural history, breaking down barriers for her gender and pushing the boundaries of truth-telling for women in public life. A juicy, intimate biography of one of the greatest comedians ever—a performer whose sixty year career was borne, simply, out of a desire to make people laugh so she could feel loved—LAST GIRL BEFORE FREEWAY delves into the inner workings of a woman who both reflected and redefined the world around her.
