Flowers for Algernon

Ten years after her parents were killed, Evelyn Radcliffe is once more homeless. The orphanage that was her refuge and later her workplace has burned to the ground, and only she and a young orphan girl have escaped. Convinced this must be related to her parents' murders, Evelyn flees with the girl to Mesquite Springs in the Texas Hill Country and finds refuge in the home of Wyatt Clark, a talented horse rancher whose plans don't include a family of his own. At first, Evelyn is a distraction. But when it becomes clear that trouble has followed her to Mesquite Springs, she becomes a full-blown disruption. Can Wyatt keep her safe from the man who wants her dead? And will his own plans become collateral damage? Suspenseful and sweetly romantic, Out of the Embers is the first in a new series that invites you to the Texas Hill Country in the 1850s, when the West was wild, the men were noble, and the women were strong.

The Panda Chronicles Coloring Book

The year is 2084, and the U.S. has so thoroughly embraced big government that the Wapols (Washington politicians) and their army of pubrats (public bureaucrats) monitor your diet, your finances, even your sex life. But what happens when an omni-present government becomes impotent? In the spirit of Orwell's 1984 and Animal Farm, and Rand's Atlas Shrugged, but written with the style and wit of Kurt Vonnegut, Eidam offers a humorous and thought-provoking cautionary tale against trading away our freedoms to a tech-empowered nanny-state, and asks if it's possible for mankind to become so dependent, we lose the ability to live free. When a virus threatens to wipe out all of mankind, President Poll and his D.C. cronies escape to a survival shelter leaving the rest of the world to perish. However, while the Wapols are safely locked away in their bubble, a reclusive tech genius does what all the experts said was impossible: he develops a treatment that will save mankind from extinction. Only, he won't release it unconditionally; he wants to make sure mankind is worth saving first. Opting to remain anonymous, the man enlists Clyde Sexler, a sixteen-year-old social reject, to issue his demands, and Clyde finds himself playing a starring role in mankind's salvation. But, after first enjoying his newfound power and fame, Clyde starts to worry about how far the recluse is willing to go to reboot civilization. With the Wapols busy fighting for control of their bubble, President Poll taking advice from his talking toilet, and the rest of Washington concerned only with optics and clinging to power, Clyde might be mankind's last hope. Can he save us from certain death or worse?

One stupid party. One stupid boy. One stupid kiss. And my life was virtually over. Tessa McCaide has a unique talent for getting into trouble. Then again, it isn't easy for a girl with psychic visions to ignore what she sees. Luckily Tessa and her family are leaving California and moving halfway across the country, giving her the perfect opportunity to leave her reputation as "Freaky Tessa" behind. But Tessa doesn't realize that kissing the wrong guy in her new Texas town could land her in far more trouble than she ever imagined. Like being forced to attend St. Ailbe's Academy, a secret boarding school for werewolves. Even if the wrong guy did accidentally turn her into a shapeshifter and doom her to attending the weirdest high school ever, Tessa can't help her growing attraction to the mysterious Dastien Laurent. When vampires attack St. Ailbe's and her visions pinpoint an enemy in their midst, Tessa realizes that boy drama and her newfound canine tendencies might just be the least of her problems. Renaissance

First published in 1902, J. Meade Falkner's "The Nebuly Coat" is a vintage suspense novel that tells the story of Edward Westray, a young architect who finds himself in the remote town of Cullerne where he is to oversee restorative work on Cullerne Minster. After becoming embroiled in the day-to-day life of the town, he begins to hear rumours concerning the claim to the title of Lord Blandamer. When the new Lord Blandamer arrives, our protagonist has an inkling that he is perhaps not what he seems. John Meade Falkner (1858–1932) was an English novelist and poet, best known for his 1898 novel, "Moonfleet". As well as being an accomplished writer, Falkner was also a successful businessman, becoming chairman of the weapons manufacturer Armstrong Whitworth in the First World War.

The Black Star (Vintage Mysteries Series)

Charlotte Bronte's Thunder explores the theory that perhaps 'Emily' and 'Anne' were pen names for the real author, their older sister Charlotte. The question of authorship has surrounded Wuthering Heights since its debut in 1847. Later, scholars asked how did Emily Bronte without any previous writing experience, craft such a masterpiece? Charlotte Bronte's Thunder takes the reader on a journey into the closed world of this literary icon's efforts to tell her most private truth and gives a glimpse of what it must have been like to be a brilliant woman living among uneducated men. Bronte fans from around the world as well as curious readers will see how Charlotte left a complicated pattern of cryptography that enabled her to craft clues, riddles, and anagrams into her correspondence, novels, and poetry to tell the public that she, not her sister Emily, wrote Wuthering Heights, and that she also wrote the two Anne Bronte novels Agnes Grey and The Tenant of Wildfell Hall. Historical and biographical facts support this book's claim that there were three sisters but only one writer. But why deny authorship? If Charlotte wrote the books, why not just take credit for them? The Bronte sisters and their story contain many unanswered questions and conflicting mythologies that continue to plague scholars, but Charlotte left hints inside her writing that answer each question and resolve every puzzle, especially why she felt the need to perpetrate this hoax on the literary community. In Charlotte Bronte's Thunder, the code runs a parallel path alongside Bronte's life, anchoring the

biographical facts to her secrets. Charlotte lifts the veil and shows her readers the truth about her writing and her real life, refuting the fictional tale she wove for the public. The uncovered facts are shocking and disturbing as they divulge a unique tale of corruption, cover-ups, and even murder, but they also reveal the inner workings of a remarkable woman's genius and her incredible obsession that compelled her to write all the Bronte works.

Almost everyone is familiar with IQ, or "Intelligence Quotient", a measurement of intelligence arrived at by tests of reasoning and comprehension. A little less well-known is EQ, which refers to emotional intelligence. We know what emotions are--happiness, sadness, fear, anger, boredom, surprise--but what, specifically, is the meaning of emotional intelligence? Simply put, emotional intelligence is the ability to perceive, understand, express and control emotions. At the most basic level, perception: being "in touch" with your emotions, as well as the emotions of others. When you feel bad, do you know specifically what you are feeling? Is it anger, fear, anxiety, sadness, or just boredom? How accurately you can evaluate your feelings is a measure of emotional intelligence. Another important component is how well you can correctly identify the emotions of others. Most of us tend to do this subconsciously, through the observation of facial expressions, body language, and vocal tone, as well as consciously, by listening to what others say (however, if those to whom you are listening are not well in touch with their own emotions, or have a reason to be duplicitous about how they are feeling, it's best to go with the non-verbal cues). ===== TABLE OF CONTENTS =====

Becoming Alpha

Arguably the most exciting event in publishing in our lifetimes, Whimsical Doctor Shoe represents a remarkable achievement in the annals of literature. Poet, author, and editor Charles Hoerner, author of *The Bird and the Hare*, took the raw material that was the manuscript found in the bed of Reuss Spitnode, and used that as the keystone for what is a compelling, exciting, thought-provoking work that reads more like a great novel than a work of nonfictional verisimilitude. When Reuss Spitnode disappeared from the Spitnode's Beverly Hills home (the victim of a kidnapping, or the instigator of a hoax? the answers are unclear), there was found in Reuss' bed the manuscript that Reuss had spent the previous fourteen hours writing. That manuscript outlined the explosive, bizarre story of the final week leading up to the separation of the conjoined Spitnode twins, Reuss and Kellner. The separation of the twins, and Kellner's death as a result of that separation, was a sensation that rocked not only Los Angeles, but the entire world. Who was the mastermind behind this amazing medical procedure? Reuss refused to answer these questions when asked by investigators. But now it can be told -- the eccentric genius who facilitated the separation of the conjoined Spitnode twins was a mysterious, compelling man called Doctor Shoe. Whimsical Doctor Shoe! The plastic surgeon of indeterminate age and descent came into the Spitnode twins' lives only a week before performing the massively complicated procedure that separated them. He was their last hope, as the nature of the twins' conjunction meant that at least one of the twins would not survive the procedure. Because Reuss and Kellner could not decide for themselves which would be the one to make the ultimate sacrifice, they expected their doctor to make the choice. As a result, the twins were unable to find a doctor willing to take on such a case. But Doctor Shoe was special. Unperturbed by the thought of helping one twin sacrifice for the other, he agreed to take on the twins as patients, and to perform the separation they so desperately wanted. On certain conditions. These conditions, outlined in Reuss' found manuscript, included compelling the twins to go rollerblading on the Santa Monica Pier, performing as conjoined clowns at a child's birthday party, and performing nude at a strange karaoke club, frequented by eccentrics. Reuss' words, edited and clarified by Charles Hoerner, shed a light not only on the twins' actions during this final week of their life together, but, also on their childhood, their friendship with the doomed child star Dickie Bird, the deaths of their parents, and their states of mind that resulted from 28 years of living together. But perhaps more importantly, Reuss' words offer an insight into the man who performed the separation. And yet, despite the intense interest of Reuss Spitnode's manuscript, it seems obvious that the author missed some things. To that end, Charles Hoerner took the time to append to Reuss' manuscript an illuminating introduction, and several appendices that provide the reader with insights into the real motives of the amazing, the talented, the unique, the whimsical Doctor Shoe.

Evil Genius Notebook

The Black Star is a criminal mastermind who is pursued by Roger Verbeck and Muggs, a millionaire bachelor and his ex-thug partner. Black Star is a gentleman criminal in that he does not commit murder, nor does he permit any of his gang to kill anyone, not even the police or his arch enemy Roger Verbeck. He does not threaten women, always keeps his word, and is invariably courteous. He is always seen in a black cloak and a black hood on which is embossed a jet black star. The Black Star and his gang used "vapor bombs" and "vapor guns" which rendered their victims instantly unconscious.

Black Magic Betrayal

An American coming-of-age tale during a period when the entire country was losing its innocence to the second world war Set at a boys' boarding school in New England during the early years of World War II, A Separate Peace is a harrowing and luminous parable of the dark side of adolescence. Gene is a lonely, introverted intellectual. Phineas is a handsome, taunting, daredevil athlete. What happens between the two friends one summer, like the war itself, banishes the innocence of these boys and their world.

Possession of My Soul

When seventeen-year-old Nora White successfully graduates High School in 1922 Mississippi and is College bound, everyone is overjoyed and excited. Everyone except Nora. She dreams of Harlem, Cotton Clubs, Fancy Dresses, and Langston Hughes. For years, she's sat under Mr. Oak, the big oak tree on the plush green grass of her families five acres, and daydreamed of The Black Mecca. The ambitious, young Nora is fascinated by the prospect of being a famous writer in The Harlem Renaissance and decides she doesn't want to go to College. Despite her parent's staunch protest, Nora finds herself in Jacobsville, New York, a small town forty-five minutes outside of Harlem. Shocked by their daughter's disappearance, Gideon and Molly White are plagued with visions of the deadly south, like the brutal lynching of Gideon's sister years ago. As the couple embarks on a frightening and gut wrenching search for Nora, they are each stalked by their own traumatic past. Meanwhile, Nora learns that the North is not all it's cracked up to be. Can Gideon and Molly overcome their disturbing past in time to find their daughter before it's too late?

The Black Patch

Eeny, meeny, miny, mo. I've got a secret you don't know. Caiden Cavendish is under my skin. The Four have switched from being my enemies to my closest friends. But not everything has changed. Two truths remain my life is still in danger, and my mother is hiding something. So many questions, and no answers. What secrets lie buried in Alstone? The lies, the secrets, they'll come undone. I'm the monster you can't outrun. Note - this book is not a standalone, and should be read after The Lies We Tell.

The Lost Continent

In December 1995, Jean-Dominique Bauby, the 43-year-old editor of French Elle, suffered a massive stroke that left him permanently paralyzed, a victim of "locked in syndrome." Once known for his gregariousness and wit, Bauby now finds himself imprisoned in an inert body, able to communicate only by blinking his left eye. The miracle is that in doing so he was able to compose this stunningly eloquent memoir. In a voice that is by turns wistful and mischievous, angry and sardonic, Bauby gives us a celebration of the liberating power of consciousness: what it is like to spend a day with his children, to imagine lying in bed beside his wife, to conjure up the flavor of delectable meals even as he is fed through a tube. Most of all, this triumphant book lets us witness an indomitable spirit and share in the pure joy of its own survival.

The Diving Bell and the Butterfly

The Vengeance Game is a tradition as old as time. Right now, three monsters and three humans have been pitted against one another in a battle of good and evil. In a normal world, now completely turned upside down, Eric Denari, Trisha Ivering, and Devlyn Logan must square off against deadly and dangerous enemies from their past and fight for a chance at survival. As legends of the Underworld, Vlaud Craft, Wesley Renwick, and Vitz Venentile are a force to be reckoned with and hell bent on making their victims pay. Who will win in this demon's game of revenge?

The Secrets We Hide

In the beginning God created woman in His own like image, blessed her to go out to be fruitful and multiply, to replenish the earth, subdue it, and have dominion over everything on it, Genesis 1: 27-28. God's Own: The Genesis of Mathematical Story-Telling is about the creativity of God (The Absolute Infinite) as He is reflected in women. It is about the power of The Absolute Infinite to perform signs and wonders reflected in mathematical symbols, patterns, numbers, and graphs. It is a book on His word according to John 1:1, in the beginning was the word, the word was with God, and the word was God. God's Own: The Genesis of Mathematical Story-Telling is a mathematical, cultural, and spiritual story of Dr. Nkechi (God's own) Madonna Adeleine Agwu, aka Nma (Beautiful) Jacob. Dr. Agwu is an African female leader in mathematics and statistics education. Her life trajectory includes experiences of displacement, homelessness, living in refugee camps, single-parenting of a child with hearing and speech needs, and many other issues that from all indications could have set her up for failure, but for God's divine intervention. God's Own: The Genesis of Mathematical Story-Telling is about Dr. Agwu's journey as an ethno-mathematician to her present scholarship in African culture and women's stories in science, technology, engineering, and mathematics (STEM) related fields. It is about how she found her identity as a mathematical story-teller of members of the Organization of Nigerian Women in Agricultural Research and Development (NiWARD). It is a story about the beauty, strength, courage, and nurturing spirit of women. In this era of globalization, African people face the urgent need to foster world-wide education about their mathematics, science, technology, history and culture (Gerdes, 1998). All groups of people have made significant contributions to the development of mathematics. However, the contributions of Africans other than those related to the early beginnings of algebra and geometry in ancient Egypt, are still

highly unacknowledged in the history of mathematics (Lumpkin, 1997). This is partly due to our oral traditions, slavery, colonialism, neo-colonialism, globalization, and the fact that our indigenous mathematics, scientific and technological knowledge as a people is often shrouded in our spirituality. This notwithstanding, efforts must be made to document the mathematical contributions of Africans to enrich the curriculum in a multicultural and interdisciplinary way by providing a wide repertoire of examples of mathematical concepts illustrated from the African context. God's Own: The Genesis of Mathematical Story-Telling does this. In particular, it highlights the indigenous mathematical knowledge and cultural beauty of the Ndebele people of Southern Africa. God's Own: The Genesis of Mathematical Story-Telling is a story about creativity, innovation, and adaptation. It is a story about necessity as the mother of innovation. It is about the philosophy of "do what you can, from where you are, with what you have." It is a story about Nma (Beautiful) Jacob, the survivor, overcomer, successor and faithful servant of God. It is a story that The Absolute Infinite is ever present in our lives shaping our mathematical genomes. Emmanuel - God is with us! His Angels are around us, protecting and guiding us!

Medicine for Mankind

The Instant-Series Presents "Instant Genius" How to Think Like a Genius to Be One Instantly! When you hear the word "genius" - what immediately pops into your mind? Perhaps, people like Albert Einstein, Isaac Newton, Leonardo da Vinci, and Thomas Edison just to name a few. What did all these folks have? What was the common factor that made them a genius? And is possible for you to also be like them? Now what is a genius? Geniuses are, first and foremost, extraordinary individuals They are always somewhat ahead of their time, and their contributions to the world have shaped society into what we know it as of today with all the remarkable fleets of advanced achievements unheard of in the past - just look at how far we have come with modern medicine, science, technologies, etc. And geniuses have helped mankind evolved into more intelligent beings - pushing us to all strive for even greater possibilities. So how to become a genius? The widely-accepted notion is you're either born with a genius IQ or not; however, being a genius has less to do with your level of intelligence. Swimming in a Pool of Peanut Butter

NOW A MAJOR MOTION PICTURE starring Liam Neeson. The covert Watergate whistleblower tells the story of the dramatic showdown between the FBI and the Nixon White House In the 1970s, Mark Felt was given the code name "Deep Throat" and shared intelligence on the Watergate break-in with a young reporter from the Washington Post named Bob Woodward. Thus began the greatest political scandal in the twentieth century, which would besmirch an entire administration and bring down a presidency. A patriotic man, Felt only revealed his role in our national history as he neared the end of his life. Based on his personal recollections, Mark Felt chronicles his FBI career, from the end of the great American crime wave and World War II to the culture wars of the 1960s and his penetration of the Weather Underground; provides rich historical and personal context for his role in the Watergate scandal; and depicts how he came to feel that the FBI needed a "Lone Ranger" to protect it from White House corruption.

A Separate Peace

"I come from Des Moines. Somebody had to." And, as soon as Bill Bryson was old enough, he left. Des Moines couldn't hold him, but it did lure him back. After ten years in England he returned to the land of his youth, and drove almost 14,000 miles in search of a mythical small town called Amalgam, the kind of smiling village where the movies from his youth were set. Instead he drove through a series of horrific burgs, which he renamed Smellville, Fartville, Coleslaw, Coma, and Doldrum. At best his search led him to Anywhere, USA, a lookalike strip of gas stations, motels and hamburger outlets populated by obese and slow-witted hicks with a partiality for synthetic fibres. He discovered a continent that was doubly lost: lost to itself because he found it blighted by greed, pollution, mobile homes and television; lost to him because he had become a

foreigner in his own country.

The Nebuly Coat

A good man is hard to find, as the famous 1919 song by Eddie Green attests, but the pioneering Black filmmaker, movie star, Old Time Radio icon, and composer established himself as the living portrait of all that is admirable. His legacy now inspires a whole new generation. In an era when Black entertainers struggled to gain a foothold in show business, Eddie Green rivaled Oscar Micheaux for honors as a pioneering Black filmmaker. Audiences from The Apollo to Broadway propelled Eddie into two of America's most popular long-running radio series. From poverty to prominence, he accomplished more than most people could dream. Discover Eddie's rags-to-riches story as told by his daughter. Her years of research have unearthed long-buried revelations and enlightening images that testify to one man's determination to rise above all obstacles and triumph against all odds through five decades from Vaudeville to television and then into the stuff of legends. The sands of time may have buried his name, but Eddie Green's laughter still echoes around the world. Thanks to this first-ever biography, a good man is no longer hard to find. Illustrated. Appendices include songs written by Eddie Green; the radio programs and movies in which he appeared; the movies he wrote, produced, and directed; rare script excerpts.

Bumble and the Elves

When the immortal Bai Qian finally meets her intended husband, the heir to the Sky Throne, she considers herself in luck--until an old enemy returns to threaten everything she holds dear. When a mortal woman enters the immortal world to be with her true love, she sparks a jealousy that ends in tragedy. And when a war god depletes his spiritual energy, his

devoted student sustains his body with her own heart's blood until the god's scattered soul reassembles. Spanning a thousand years of tangled lives, To the Sky Kingdom is a story of epic battles, passion, evil, and magic. In its journey across worlds and time, it delves into the powerful forces that drive mortals and gods alike toward revenge, loyalty--and love.

The Elite

To the Sky Kingdom

Do you have a special needs child? If so, you know how these children touch the hearts of folks even if they have no idea the child has special needs. If you don't have a special needs child, please read how this little girl has touched the lives of many. Remember, sometimes special needs are invisible, so you may not know the child you love is a special needs child. Just because you can't see their illness or problem, doesn't mean they're not 'special'. Heather is a very smart two year old young lady that I was lucky enough to be privileged to spend some exceptional time with. My life with her is something I would do over and over. She's beautiful, smart, and steals your heart in a minute. Her big brown eyes and curly brown hair will sweep you off your feet. She's such a cutie! You will get to know her and our many adventures. She's a Mickey Mouse and Minnie Mouse fanatic, and loves to tell you why her little angel hangs on her bed. She loves to cuddle, rock and sing, and of course her puppy is very important too. You won't want to put this book down. Read through to the end to see the results of this special little girls life. All proceeds from this book go to the Foundation in her honor, Captains Sharing & Caring.
