Treasures in the Dust

From a Newbery Medal-winning author, an “exciting novel” about a colonial girl’s experience during the French and Indian War (Saturday Review). In the year 1754, the stillness of Charlestown, New Hampshire, is shattered by the terrifying cries of an Indian raid. Young Miriam Willard, on a day that had promised new happiness, finds herself instead a captive on a forest trail, caught up in the ebb and flow of the French and Indian War. It is a harrowing march north. Miriam can only force herself to the next stopping place, the next small portion of food, the next icy stream to be crossed. At the end of the trail waits a life of hard work and, perhaps, even a life of slavery. Mingled with her thoughts of Phineas Whitney, her sweetheart on his way to Harvard, is the crying of her sister’s baby, Captive, born on the trail. Miriam and her companions finally reach Montreal, a city of shifting loyalties filled with the intrigue of war, and here, by a sudden twist of fortune, Miriam meets the prominent Du Quesne family, who introduce her to a life she has never imagined. Based on an actual narrative diary published in 1807, *Calico Captive* skillfully reenacts an absorbing facet of history. “Vital and vivid, this short novel based on the actual captivity of a pre-Revolutionary girl of Charlestown, New Hampshire, presents American history with force and verve.” —Kirkus Reviews

The Silver Sword

Shards of War

The night the Nazis come to take their mother away, three children escape in a terrifying scramble across the rooftops. Alone in the chaos of Warsaw they have to learn to survive on their own. Then they meet Jan, a ragged boy with a paperknife - the silver sword - that they recognize as belonging to their lost father. The sword becomes their symbol of hope as, with Jan, they begin the hazardous journey across war-torn Europe to find their parents. Ian Serraillier's moving account of a family torn apart by war speaks as much to us today as it did when it was first written.

The Trap

A gripping wilderness adventure and survival story It was getting colder. Johnny pulled the fur-lined hood of his parka over his head and walked towards his own cabin with the sound of snow crunching beneath his boots. "He should be back tomorrow," he thought, as a star raced across the sky just below the North Star. "He should be back tomorrow for sure." Seventeen-year-old Johnny Least-Weasel knows that his grandfather Albert is a stubborn old man and won't stop checking his own traplines even though other men his age stopped doing so years ago. But Albert Least-Weasel has been running traplines in the Alaskan wilderness alone for the past sixty years. Nothing has ever gone wrong on the trail he knows so well. When Albert doesn't come back from checking his traps, with the temperature steadily plummeting, Johnny must decide quickly whether to trust his grandfather or his own instincts. Written in alternating chapters that relate the parallel stories of Johnny and his grandfather, John Smelcer's *The Trap* poignantly addresses the hardships of life in the far north, suggesting that the most dangerous traps need not be made of steel.

Fleeing by foot and train, deep into Ukraine and beyond, the teens spend a brutal winter in a town near Stalingrad, where they nearly perish from hunger and cold. In July of 1942, they escape again ahead of the Germans onslaught. The siblings saga of loss, courage, and endurance is interlaced with accounts of critical events of the war and of the annihilation of the Jews in Ukraine, offering an important historical narrative of the challenges wartime refugees faced in the Soviet Union. "Its very well-written and tells an extraordinary story with much passion, empathy and skill." - Omer Bartov, professor of history, Brown University "Michael portrays in shattering detail the improbable survival of most Polish Jews who eluded the Holocaust by fleeing to the Soviet Union. The memoir offers a novel, absolutely essential perspective on the catastrophic events of World War II." - Atina Grossmann, professor of history, Cooper Union, New York "This unbelievable, yet true, unique story will help teachers meet the NJ mandate that all students must learn about bias, prejudice and bigotry through the teaching of the Holocaust and genocide." -

What's Happening to Me? (Boys)

Strife has raged about Karl Marx for decades, and never had it been so embittered as at the time of this book's first publication, 1936. Marx had impressed his image on the time as not other had done. To some he was - and still is - a fiend, the arch-enemy of human civilisation, and the prince of chaos, while to others he is a far-seeing and beloved leader, guiding the human race towards a brighter future. The arena in which Marx was fought about in 1936 was in the factories, in the parliaments and at the barricades. In both camps, the bourgeois and the socialist, Marx was first of all, if not exclusively, the revolutionary. This book sets out to describe the life of Marx the fighter.
