In December 1995, Jean-Dominique Bauby, the 43-year-old editor of French Elle, suffered a massive stroke that left him permanently paralyzed, a victim of “locked in syndrome.” Once known for his gregariousness and wit, Bauby now finds himself imprisoned in an inert body, able to communicate only by blinking his left eye. The miracle is that in doing so he was able to compose this stunningly eloquent memoir. In a voice that is by turns wistful and mischievous, angry and sardonic, Bauby gives us a celebration of the liberating power of consciousness: what it is like to spend a day with his children, to imagine lying in bed beside his wife, to conjure up the flavor of delectable meals even as he is fed through a tube. Most of all, this triumphant book lets us witness an indomitable spirit and share in the pure joy of its own survival.

### Your Body

What, exactly, do you know about your body? Do you know how your immune system works? Or what your pancreas does? Or the myriad -- and often simple -- ways you can improve the way your body functions? This full-color, visually rich guide answers these questions and more. Matthew MacDonald, noted author of *Your Brain: The Missing Manual*, takes you on a fascinating tour of your body from the outside in, beginning with your skin and progressing to your vital organs. You'll look at the quirks, curiosities, and shortcomings we've all learned to live with, and pick up just enough biology to understand how your body works. You'll learn: That you shed skin more frequently than snakes do Why the number of fat cells you have rarely changes, no matter how much you diet or exercise -- they simply get bigger or smaller How you can measure and control fat That your hair is made from the same stuff as horses' hooves That you use only a small amount of the oxygen you inhale Why blood pressure is a more important health measure than heart rate -- with four ways to lower dangerously high blood pressure Why our bodies crave

foods that make us fat How to use heart rate to shape an optimal workout session -- one that's neither too easy nor too strenuous Why a tongue with just half a dozen taste buds can identify thousands of flavors Why bacteria in your gut outnumber cells in your body -- and what function they serve Why we age, and why we can't turn back the clock What happens to your body in the minutes after you die Rather than dumbed-down self-help or dense medical text, *Your Body: The Missing Manual* is entertaining and packed with information you can use. It's a book that may well change your life. Reader comments for *Your Brain: The Missing Manual*, also by author Matthew MacDonald: "Popular books on the brain are often minefields of attractive but inaccurate information. This one manages to avoid most of the hype and easy faulty generalizations while providing easy to read and digest information about the brain. It has useful tricks without the breathless hype of many popular books."-- Elizabeth Zwicky, *The Usenix Magazine* "a unique guide that should be sought after by any who want to maximize what they can accomplish with their mental abilities and resources."-- James A. Cox, *The Midwest Book Review - Wisconsin Bookwatch* "If you can't figure out how to use your brain after reading this guide, you may want to return your brain for another."-- *The Sacramento Book Review, Volume 1, Issue 2, Page 19* "It's rare to find a book on any technical subject that is as well written and readable as *Your Brain: The Missing Manual*. The book covers pretty much anything you may want to know about your brain, from what makes it up, through how it develops to how to mitigate the affects of aging. The book is easy reading, fact packed and highlighted notes and practical applications. So if you want to learn more about your brain, how it works, how to get the best out of it or just want to stave off the ravages of Alzheimers (see chapter ten for details of how learning helps maintain your brain) then I can't recommend this book highly enough."-- Neil Davis, *Amazon.co.uk* "MacDonald's writing style is perfect for this kind of guide. It remains educational without becoming overly technical or using unexplained jargon. And even though the book covers a broad scope of topics, MacDonald keeps it well organized and easy to follow. The book captures your attention with fun facts and interesting studies that any person could apply to their own understanding of human ability. It has great descriptions of the brain and its interconnected parts, as well as providing full color pictures and diagrams to offer a better explanation of what the author is talking about."-- Janica Unruh, *Blogcritics Magazine*

PBS fitness personality on *Classical Stretch* and creator of the fitness phenomenon *Essentrics*, Miranda Esmonde-White offers an eye-opening guide to anti-aging that provides essential tools to help anyone turn back the clock and look and feel younger no matter what age. Miranda Esmonde-White trains everyone from prima ballerinas to professional hockey players to Cerebral palsy patients: what do they all have in common? All of these people are hoping to heal their bodies, prevent further injury, and move optimally and without pain. In fact, they have the same goals as any of us who are trying to stay young, fit, and reverse the hands of time. Because the aging of our bodies occurs in our cells, it must be repaired there too—that's where Miranda's highly effective and sought-after techniques come in. The body is programmed to self-destruct as we age, but the speed at which it self-destructs is up to us. Recent scientific studies have proven this fact! In *Aging Backwards*, Miranda offers a groundbreaking guide on how to maintain and repair

our cells, through scientifically designed workouts. Healthy cells prevent joint pain, muscle loss and weak bones—helping to control weight, increase energy, and improve strength and mobility. Miranda offers readers of all ages the tools they need to look and feel young. Complete with tips, tools, and her Eight Basic Age-Reversing Workouts accompanied by instructional photos and web clips, *Aging Backwards* will help you grow younger, not older!

As a fitness advocate, Tim Robards gets the importance of diet in achieving and maintaining a strong healthy body. As a practicing chiropractor, he knows that people struggle to find easy-to-understand information about what to eat. In response, and to complement his fitness app, *The Robards Method*, Tim has developed his unique eating plan. The 7:2:1 Plan is not about counting calories or avoiding food groups. It is a beautifully simple formula of eating 70% super-clean (lots of veggies and good-quality protein and fats), 20% sensible (some carbs from grains) and 10% relaxed (whatever you like) for a nutritionally balanced lifestyle. Tim provides a clear description of the 7:2:1 categories, ideas for portion control, tips on shopping and storage and 100 delicious recipes following the 7:2:1 protocol. He also includes an expertly tailored step-by-step exercise guide to get you moving in the right way. Fully photographed and packed with ideas and information, this is a complete guide for improving your health, not just for now but for years to come. This is a specially formatted fixed-layout ebook that retains the look and feel of the print book.

The exercise program is a collaboration between a certified personal trainer, David Zid, a nurse, Jackie Russell and an orthopedic surgeon, Dr. Thomas Mallory, who retired due to Parkinson's disease. The idea was sparked when Dr. Mallory discovered that a daily exercise routine created for him by Zid seemed to dramatically improve his symptoms. The result was a book detailing a fitness plan for Parkinson's patients at every stage of the disease. The 70 page spiral bound book lays flat enabling the person to easily consult each Parkinson's specific exercise which is illustrated in full color with a detailed description on how to perform the exercise. Emphasis is placed on activities of daily living that frequently become a challenge to those with Parkinson's, such as rising from a chair or moving around in crowds. The program is well thought out and works the entire body.

In his Nautilus Award-winning classic *Touching Spirit Bear*, author Ben Mikaelson delivers a powerful coming-of-age story of a boy who must overcome the effects that violence has had on his life. After severely injuring Peter Driscall in an empty parking lot, mischief-maker Cole Matthews is in major trouble. But instead of jail time, Cole is given another option: attend Circle Justice, an alternative program that sends juvenile offenders to a remote Alaskan Island to focus on changing their ways. Desperate to avoid prison, Cole fakes humility and agrees to go. While there, Cole is mauled by a mysterious white bear and left for dead. Thoughts of his abusive parents, helpless Peter, and his own anger cause him to examine his actions and seek redemption—from the spirit bear that attacked him, from his victims, and, most importantly, from himself. Ben Mikaelson paints a vivid picture

of a juvenile offender, examining the roots of his anger without absolving him of responsibility for his actions, and questioning a society in which angry people make victims of their peers and communities. *Touching Spirit Bear* is a poignant testimonial to the power of a pain that can destroy, or lead to healing. A strong choice for independent reading, sharing in the classroom, homeschooling, and book groups.

From an elite Special Operations physical trainer, an ingeniously simple, rapid-results, do-anywhere program for getting into amazing shape For men and women of all athletic abilities! As the demand for Special Operations military forces has grown over the last decade, elite trainer Mark Lauren has been at the front lines of preparing nearly one thousand soldiers, getting them lean and strong in record time. Now, for regular Joes and Janes, he shares the secret to his amazingly effective regimen—simple exercises that require nothing more than the resistance of your own bodyweight to help you reach the pinnacle of fitness and look better than ever before. Armed with Mark Lauren’s motivation techniques, expert training, and nutrition advice, you’ll see rapid results by working out just thirty minutes a day, four times a week—whether in your living room, yard, garage, hotel room, or office. Lauren’s exercises build more metabolism-enhancing muscle than weightlifting, burn more fat than aerobics, and are safer than both, since bodyweight exercises develop balance and stability and therefore help prevent injuries. Choose your workout level—Basic, 1st Class, Master Class, and Chief Class—and get started, following the clear instructions for 125 exercises that work every muscle from your neck to your ankles. Forget about gym memberships, free weights, and infomercial contraptions. They are all poor substitutes for the world’s most advanced fitness machine, the one thing you are never without: your own body. From the Trade Paperback edition.

It's simple. It's backed by science. And it works. Here's what YOU can expect while you lose weight like crazy: You won't count calories! You won't feel hungry or deprived! You

can enjoy dessert! You can have a cocktail with your friends! You can speed up your results by adding fast, fun exercise routines that you'll love! (free lifetime access to my 2 new workout videos included with the book!) You can maintain your new body and feel amazing—for life!

## **T Is for Transformation**

There is something terribly wrong with the state of exercise as we know it presently. Sales of treadmills, running shoes, gym memberships, and yoga classes are at an all-time high, but so too are our national levels of obesity and type II diabetes. Ever since the 1960s the exercising public has been told to stretch for flexibility and to perform low-intensity steady-state aerobic exercise for their cardiovascular systems and some form of resistance training to keep their muscles strong. With regard to diet, they have been told to restrict or omit macronutrients such as fats and carbohydrates and lots of other advice with regard to calorie-counting. Could it be that this information, however well intended, was mistaken? And is it really necessary to devote so much time to the pursuit? Fitness researcher and pioneer John Little has spent more than twelve years researching the actual science underpinning our most prevalent beliefs about exercise and has come away from the enterprise convinced that we need an entirely new paradigm, one that would involve reliance on briefer workouts. He presents this revolutionary new approach in *The Time-Saver's Workout*. Among the fascinating revelations presented in this book:

- Certain types of exercise can actually make you less healthy and fatter.
- Taking large doses of food supplements might actually shorten your life and put you at greater risk for disease.
- Stretching to become more flexible or to recover quicker from injury has been found to do neither of these things.
- Resistance training, once considered to be the weak sister of exercise, is now looking like the best form of exercise one should engage in. The new protocols that Little exposes offer a far safer alternative for those looking to become stronger, fitter, and healthier without spending their lives in the gym.

## **Bigger Leaner Stronger**

Reverse the effects of aging and maintain optimal health for life through the revolutionary 6 Keys program by New York Times-bestselling author Jillian Michaels. With Master Your Metabolism, Jillian Michaels showed us how to take control of the metabolic machinery underneath our weight and health struggles. Now she's ahead of the curve again -- conquering the mayhem, myths, and misunderstandings associated with aging. After all, if you can decide your weight, why not your age? Scientists and doctors have identified six major age inciters: metabolism, damaged macromolecules, epigenetics, inflammation, stress adaptation, telomeres. The 6 Keys presents an ageless health, fitness, and beauty plan that addresses all six of them -- and gets them working for you instead of against you. Empowering and rigorously researched, The 6 Keys outlines powerful lifestyle interventions, dietary guidelines, exercise plans, and vanguard strategies for cultivating mindfulness that restore and protect human performance, keeping you fit, healthy, and beautiful for life.

## **Orange Coast Magazine**

A 30-day food, fitness, and mind/body plan that helps readers drop a crazy amount of weight fast. Written by Beachbody super trainer and nutrition/fitness expert Autumn Calabrese, the book provides inspiring life lessons and practical guidelines that readers can use to overcome the excuses and obstacles that have been holding them back from achieving the body they've always wanted. Lose Weight Life Crazy offers a jumpstart to Calabrese's wildly popular 21 Day Fix and Ultimate Portion Fix programs that teach the principles of portion control, balancing macronutrients and eliminating added sugars and highly processed food. The book is jam-packed with tips, secrets, and advice, plus 23 delicious portion-controlled recipes and two invigorating workouts.

## **The Video Librarian**

Discover the four key foods and the four-minute workouts that will change the way readers look and feel in just four weeks. Celebrity trainer and former marine Erin Oprea's motto is "lean and clean." Her unique 4 x 4 diet shows readers how to get clean by reducing the four major hitches in most diets- sugar, starch, sodium, and alcohol. She also tells readers how to get lean, using her 4-minute tabata workouts- 8 repetitions of 20 seconds of high-intensity moves, then 10 seconds of rest. Within four weeks, the average person will be able to reduce bloating and belly fat; gain increased muscle definition in the arms, legs, and stomach; improve cardiovascular endurance; and break sugar and sodium addictions. Complete with meal plans and recipes, the 4 x 4 diet is perfect for anyone looking to streamline their body and lifestyle.

## **The Bikini Body Diet**

Jennifer Aniston. Kate Beckinsale. Helen Hunt. Brooke Shields. In addition to their fame, these actresses share something else in common: they owe their enviable silhouettes to fitness expert and celebrity yoga instructor Mandy Ingber. In *Yogalosophy®*, Ingber—one of the most sought-after fitness and wellness advisors in Los Angeles—offers up a unique 28-day plan to help readers achieve healthier bodies and happier minds. Building on the concepts offered in Ingber's popular *Yogalosophy®* DVD, this handbook provides an accessible program of proven workouts and eating guidelines designed to tone and strengthen the entire body, inside and out. In addition to recipes and detailed body-sculpting workouts (which combine yoga postures with a wide range of other effective exercises), Ingber also offers up wise insights and thought-provoking anecdotes in each chapter, encouraging readers to establish a healthier, more life-embracing mindset. Full of girlfriend-y wisdom, *Yogalosophy®* is a realistic, flexible, daily plan that will help readers transform their minds, their bodies, and their lives.
