### **Dessler**

Fundamentals of Human Resource Management, by Noe, Hollenbeck, Gerhart and Wright is specifically written to provide a complete introduction to human resource management. While it doesn't cover the depths of human resource management

theory, the book is rich with examples and engages students through application. Fundamentals differs from the hardback textbook by the same author team. Instead of a higher level of theory that's geared towards the HRM majors, this book focuses on the uses of human resources for the general business manager. Issues such as strategy are reduced to give a greater focus on how human resources management is used in the everyday work environment. It provides students with the background necessary to manage human resources effectively and to be able to distinguish good from poor human resource management practices and how they impact business. Instructors are provided with a robust ancillary package that includes a comprehensive instructor's manual, test bank, PowerPoint presentation and a complete Online Learning Center to make course preparation easy.

## **A Framework for Human Resource Management**

Summary/Basic Approach: For introductory courses in Human Resource Management. Foundations in Management Beyond the HR Department Fundamentals of Human Resources Management supports human resources training for all students of management—not just HR managers. The text presents a wide range of HR topics within a single semester of material, and a wealth of functional examples and applications. Fundamentals is also the first text of its kind to make talent management processes a core study. This Fourth Edition has been updated with practical personnel techniques, real company examples, and new material on business sustainability—and each chapter now touches on important recurring themes in management, including employee engagement tactics, small/global business management, employment law features, and positive employee relations. MyManagementLab® is not included. Students, if MyManagementLab is a recommended/mandatory component of the course, please ask your instructor for the correct ISBN. MyManagementLab should only be purchased when required by an instructor. Instructors, contact your Pearson representative for more information. MyManagementLab is an online homework, tutorial, and assessment product designed to personalize learning and improve results. With a wide range of interactive, engaging, and assignable activities, students are encouraged to actively learn and retain tough course concepts.
