Vichy France (French: Régime de Vichy) is the common name of the French State (État français) headed by Marshal Philippe Pétain during World War II. It was an independent ally of Nazi Germany until late 1942 when Berlin took full control. Evacuated from Paris to the resort town of Vichy in the unoccupied "Free Zone" in the southern part of Metropolitan France, (including French Algeria) it

In our study of the book, that is an all-important principle to follow. Let's allow the Revelation to say what it wants to say. Therefore, we have no right to reach into the book and draw out of it some of the wonderful pictures that John describes for us and interpret them as taking place in our day.

The Republic itself is nothing at the start of Plato's most famous and influential book. It does not exist. Not only does it not exist in actuality, but it does not exist in theory either. It must be built. It's architect will be Socrates, the fictional persona Plato creates for himself. In the first episode Socrates encounters some acquaintances during the festival of Bendis.
