Corrections Today

Millions in our nation are under some type of judicial sanction, with some individuals behind bars but the majority serving their sentences while living and working among us. Introduction to Corrections examines predominant issues related to the system of administering to offenders in the United States. Written in a simple, concise style and enhanced with discussion questions and a list of key terms in each chapter, this volume begins with an overview of the system and a historical review and then focuses on select issues, including: Sentencing goals and rationales, and types of sentencing Noncustodial supervision, including probation, electronic monitoring, home confinement, halfway houses, and offender registration Parole and postconfinement release Jail, prison, and jurisdictional differences in correction systems Challenges faced by corrections personnel, including overcrowding, health issues, sexual assault in institutions, and prison gangs Constitutional challenges to inmate controls Issues related to victims' rights, including federal and state funds and notification programs Correctional counseling perspectives and prevailing sociological theories Controversies surrounding capital punishment in the United States Juvenile corrections, including probation, parole, and life sentences for minors The evolution of corrections in the United States has spanned three centuries and has moved from an origin of basic community-based confinement to an extensive system that includes federal, state, local, private, and military facilities and programs. Examining diverse topics relevant to a range of professionals in the corrections community, this book explores the functions of corrections as well as those who serve in the profession.

Corrections

NOTE: This edition features the same content as the traditional text in a convenient, three-hole-punched, loose-leaf version. Student Value Editions also offer a great value; this format costs significantly less than a new textbook. Before

purchasing, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of MyLab(tm) and Mastering(tm) platforms exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a Course ID, provided by your instructor, to register for and use MyLab and Mastering platforms. A practical, inside look at the world of corrections Updated with state-of-the-practice information, recent data, and new research and findings, *Corrections: An Introduction*, 5/e, provides a practical approach to the world of corrections. Richard Seiter focuses on what people do in corrections, why they do it, and what challenges face contemporary correctional staff and administrators. Seiter gives students a first-hand look at corrections, integrating his experience in the field with correctional theory, history, and policy. Coverage of the realities and rationales of actual correctional practices at the local, state, and federal levels allows readers to see how theory is put into practice. Engaging case studies, career tips, and personal insights help students connect with the material and gain a realistic and practical understanding of corrections today. *Corrections*, 5/e is also available via REVEL(tm), an interactive learning environment that enables students to read, practice, and study in one continuous experience. Learn more.

Introduction to Corrections

One of the few bestselling introductory criminal justice texts written by professors who actively teach the course to large numbers of undergraduates each year, *INTRODUCTION TO CRIMINAL JUSTICE* is uniquely attuned to the needs of today's students and instructors. Now in its fifteenth edition and known for its authoritative, solidly researched content, Siegel and Worrall's text delivers comprehensive, cutting-edge coverage of criminal justice. Extremely student friendly, the text's balanced and objective presentation is packed with provocative real-world examples and the latest developments from the field. Crisp writing, complemented by vivid illustrations, deftly guides readers through the intricate workings of the police, courts, and correctional systems; the concepts and processes of justice; and key policy issues. The book also includes an emphasis on today's criminal justice careers, offering insights from numerous professionals on the rewards and realities of their jobs. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Essentials of Community Corrections

This text explores the challenges that convicted offenders face over the course of the rehabilitation, reentry, and reintegration process. Using an integrated, theoretical approach, each chapter is devoted to a corrections topic and incorporates original evidence-based concepts, research, and policy from experts in the field, and examines how correctional practices are being managed. Students are exposed to examples of both the successful attempts and the failures to reintegrate prisoners into the community, and they will be encouraged to consider how they can help influence future policy decisions as practitioners in the field.

A Brief Introduction to Corrections - Interactive EBook

Beginning with sentencing and offender classification and proceeding to parole and reentry, *American Corrections: Theory, Research, Policy, and Practice*, Third Edition walks students through the entire correctional system and its processes and is the easy choice for undergraduate corrections courses. Important Notice: The digital edition of this book is missing some of the images or content found in the physical edition.

Introduction to Corrections, Task #1

Winner of the 2001 National Book Award for Fiction Nominated for the National Book Critics Circle Award An American Library Association Notable Book Jonathan Franzen's third novel, *The Corrections*, is a great work of art and a grandly entertaining overture to our new century: a bold, comic, tragic, deeply moving family drama that stretches from the Midwest at mid-century to Wall Street and Eastern Europe in the age of greed and globalism. Franzen brings an old-time America of freight trains and civic duty, of Cub Scouts and Christmas cookies and sexual inhibitions, into brilliant collision with the modern absurdities of brain science, home surveillance, hands-off parenting, do-it-yourself mental healthcare, and the anti-gravity New Economy. With *The Corrections*, Franzen emerges as one of our premier interpreters of American society and the American soul. Enid Lambert is terribly, terribly anxious. Although she would never admit it to her neighbors or her three grown children, her husband, Alfred, is losing his grip on reality. Maybe it's the medication that Alfred takes for his Parkinson's disease, or maybe it's his negative attitude, but he spends his days brooding in the basement and committing shadowy, unspeakable acts. More and more often, he doesn't seem to understand a word Enid says. Trouble is also brewing in the lives of Enid's children. Her older son, Gary, a banker in Philadelphia, has turned cruel and materialistic and is trying to force his parents out of their old house and into a tiny apartment. The middle child, Chip, has suddenly and for no good reason quit his exciting job as a professor at D----- College and moved to New York City, where he seems to be pursuing a "transgressive" lifestyle and writing some sort of screenplay. Meanwhile the baby of the family, Denise, has escaped her disastrous marriage only to pour her youth and beauty down the drain of an affair with a married man--or so Gary hints. Enid, who loves to have fun, can still look forward to a final family Christmas and to the ten-day Nordic Pleasurelines Luxury Fall Color Cruise that she and Alfred are about to embark on. But even these few remaining joys are threatened by her husband's growing confusion and unsteadiness. As Alfred enters his final decline, the Lamberts must face the failures, secrets, and long-buried hurts that haunt them as a family if they are to make the corrections that each desperately needs.

Introduction to Criminal Justice

Thoroughly updated to reflect recent developments in corrections, *INTRODUCTION TO CORRECTIONS*, Second Edition provides a concise, yet comprehensive overview of the American correctional system that considers all types of custody, including probation and parole. The text is written for an introductory corrections course that focuses on both adult corrections and juvenile court dispositions. A new co-author, Michael Birzer, brings his teaching experience and insight to the second edition. Cliff Roberson's experiences as a judge, prosecutor, and defense counsel, coupled

with his lengthy college teaching experience, add unique depth to his understanding of the field. With these authors as their guides, readers will attain a practical and complete understanding of the correctional system in an interesting and thought-provoking way.

The Oxford Handbook of Sentencing and Corrections

Unique in perspective and exceptionally comprehensive in coverage, this book provides a complete “cutting-edge” overview of the entire field of corrections. Easy to read and extensively illustrated with quick-reference charts and graphs, it offers a balanced “insider’s” (e.g., correctional employees, ex-offenders, inmates) view of how Corrections works in the real world — including the most current trends and controversies. Offers exceptionally strong coverage of jails, juvenile corrections, corrections management, and staffing, and provides pro and con explorations of all controversial issues and current trends. Examines high-tech innovations in Corrections — from ground-penetrating radar to telemedicine, smart cards, retinal image scanning, and variable threat lasers. Explores proactive approaches for reducing crowding, controlling inmates, and managing stress. Provides a review of what works in correctional treatment — from acupuncture and “pet therapy” to cognitive restructuring and therapeutic communities. Discusses current trends — in correctional accreditation, work-force diversity, security threat groups (prison gangs), and the skyrocketing costs of geriatric inmates. Features a chapter on legal issues and liability that covers topics ranging from Constitutional rights and landmark correctional cases to liability trends and employee drug testing to federal Legislation to curtail frivolous inmate lawsuits. Features unique “Close-up’s on Corrections” — short, human interest profiles — often written in the words of ex-offenders, inmates, or correctional employees themselves. For corrections practitioners, government officials, and anyone interested in the recent developments, controversies, and trends in corrections today.

Corrections (Justice Series)

Community Based Corrections: A Text/Reader is a text-reader that includes a collection of carefully selected, edited articles on community-based corrections that have previously appeared in a number of leading criminal justice academic journals. This book is a substitute for a 'standard' community-based corrections textbook, without becoming 'standard' because it will include text and original articles along with current research. The book is divided into eleven Sections that will include 15 pages of authored text and 3-4 significant research-based articles with a policy orientation. The articles will provide the reader with a grasp of the development and current status of research on the various community-based corrections topics. Ancillaries include instructor and student resource sites. Instructors will be provided test questions and PowerPoint slides. Materials on the student study site will include self-study quizzes and extra articles for each section of the book.

Introduction to Corrections

This updated third edition of Legal Aspects of Corrections Management provides a

current, informative, and reader-friendly discussion of the contemporary legal issues impacting corrections management. Through the use of case law, this text provides readers with a practical understanding of how the First, Fourth, Fifth, Eighth and Fourteenth Amendments relate to the day-to-day issues of running a prison, jail, and other corrections programs, such as probation and parole. The authors' combined corrections experience included such positions as General Counsel, Regional Counsel, and Correctional Program Officer, as well as working within corrections facilities. Their work involved advising corrections staff and management on the legal issues associated with policies and procedures. The authors also have extensive teaching experience in corrections law, the criminal justice system, and criminology.

Corrections in the 21st Century

CORRECTIONS TODAY, 3rd Edition, is a briefer, visual, paperback alternative to hardback Introduction to Corrections texts, ideal for instructors who are looking for course materials that present numerous real-world concepts and applications. It examines the field of corrections through the lens of students who are giving serious thought to a career in the field or are working in corrections while seeking an advanced degree in order to be promoted or switch job paths. CORRECTIONS TODAY, 3rd Edition, offers a practical, engaging, career-focused, and authoritative introduction to corrections. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Corrections: A Text/Reader

The new edition of Introduction to Corrections provides students with a basic understanding of the structure and operations of correctional systems, the evolutionary and political development of corrections, and the goals of corrections in contemporary society. It takes students from an examination of the role of corrections in society's attempt to control crime to an in-depth look at two of the most pressing problems in U.S. corrections today: overcrowding and financial problems.

Introduction to Corrections

This textbook is designed to be comprehensive, yet affordable This textbook is directly targeted toward a clear pedagogical or teaching function This textbook is written at a level to be read and understood by students who have little or no academic background in corrections. It has been used in traditional classrooms throughout the United States and more recently in distance learning classes conducted via satellite television. After completing this text, students have a foundation from which to pursue additional study.-Pref.

Correctional Mental Health

The Second Edition of Introduction to Corrections provides students with a strong, comprehensive foundation in the field of corrections using modern research, theoretical origins, and practical application. Designed for introductory corrections

courses, this text uniquely illustrates how the day-to-day practitioner conducts business in the field of corrections, in both the institutional and community settings. Experienced correctional practitioner, scholar, and author, Robert D. Hanser shows students how the corrections system actually works, from classification, to security, to treatment, to demonstrating how and why correctional practices are implemented.

Addicted to Incarceration

Introduction to Corrections

For courses in Introduction to Corrections and Corrections Theory and Policy Brief. Affordable. Visual. Corrections provides an affordable, thought-provoking look at corrections that uses clear writing and eye-catching visuals to get your students straight to the important concepts. By focusing on these core concepts, students will gain true understanding of the material, without becoming overwhelmed with unnecessary information. The text examines how evidence-based practices are used in corrections and how theory is linked to treatment and punishment of offenders. The book's conversation-starting pedagogy encourages active participation in learning, encouraging students to think critically about community corrections, prison life, treatment of offenders, reentry, legal issues, the death penalty, and juveniles in corrections. The Corrections

A condensed, more accessible version of the best-selling corrections book on the market, AMERICAN CORRECTIONS IN BRIEF, 3rd Edition, introduces students to the dynamics of corrections in a way that captures their interest and encourages them to enter the field. The brief paperback format makes this book more approachable, and the well-respected author team incorporates several pedagogical elements to promote students' success. Complete with valuable career-based material, insightful guest speakers, illuminating real-world cases, and uniquely even-handed treatment of institutional and community sanctions, the text examines the U.S. correctional system from the perspectives of both the corrections worker and the offender, providing students with a well-rounded, balanced introduction to

corrections. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

American Corrections

Essentials of Community Corrections offers you a concise and practical perspective on community corrections while emphasizing successful offender reentry through strong community partnerships. Author Robert D. Hanser draws on his expertise with offender treatment planning, special needs populations, and the comparative criminal justice fields to present you with a complete introduction to community corrections today. A variety of practical pedagogical tools offer you insights into the daily lives of those working in the field and encourage you to start thinking like practitioners. Key Features: What Would You Do? assignments give you the chance to apply what they have learned by analyzing real-world scenarios to determine the best course of action for common challenges in community supervision. Applied Theory inserts throughout the book provide you with a focused application of a specific theory to particular issues in community corrections. Cross-National Perspective boxes demonstrate common themes in community corrections around the world, as well as different approaches used in other countries. Applied Exercises encourage you to reflect on your understanding of each chapter's content and to demonstrate your competence in using the information, techniques, and processes that you have learned. Food for Thought features at the end of each chapter guide you through a recent research study related to community corrections and include follow-up questions to help you think critically.

Introduction to Corrections

"Corrections, when seen as the control and punishment of convicted offenders, has been an important part of organized society from the earliest days of civilization. It has not always had a proud past, however. In premodern times, atrocious physical punishment, exile, and unspeakable torture were the tools used all too often by those called upon to enforce society's correctional philosophies-especially the strongly felt need for vengeance. Important changes in correctional practice began around the time of the American Revolution when the purposes of criminal punishments were closely examined by influential reformers. More recently, corrections has become an important field of study in which scientific techniques are valued and reasoned debate is encouraged. The best, however, is yet to come. Only within the past 30 years have conscientious corrections practitioners begun to embrace the notion of professionalism-wherein ethics, a sense of high purpose, a personal longterm career commitment, a respect for the fundamental humanity of those supervised, and widely agreed-upon principles and standards guide the daily work of correctional personnel. Corrections professionalism, although not yet as well-known as police professionalism, has garnered support from policymakers and is winning respect among the public. It serves as this textbook's organizing principle"--

American Corrections

A Brief Introduction to Corrections is a condensed version of the best-selling

Introduction to Corrections by Robert D. Hanser. This new text provides students with an overview of corrections that is both practitioner-driven and grounded in modern research. Experienced correctional practitioner and scholar Robert D. Hanser shows readers how the corrections system actually works, from classification to security and treatment to demonstrating how and why correctional practices are implemented.

Corrections

American Corrections: Concepts and Controversies, by Barry Krisberg, Susan Marchionna, and Chris Hartney, presents an incisive view of every aspect of corrections (including jails, probation, sentencing, prisons, and parole), prompting students to think critically about the complex issues involved in responding to the current crisis in the U.S. correctional system. Incorporating theory, research, and the most recent available data, the book takes a contemporary and issues-oriented approach as it explores the most interesting and progressive developments in correctional policy and practice. Students will come away with practical knowledge, as well as a framework for thoughtful analysis of a subject that can seem mysterious or impenetrable. In addition, the book covers subjects many corrections texts treat only minimally, including women in corrections, the death penalty, and special populations. Perhaps most importantly, the book offers a point of view on what is plaguing the American correctional system and a realistic look at the solutions that offer real promise.

American Corrections in Brief

Introduction to Corrections

For the Introduction to Corrections course An easy-to-use, easy-to-teach, comprehensive overview of the field of corrections Based on its established tradition of comprehensive, student-friendly coverage with extensive supplemental material, Corrections in America has been the best-selling text in the field for over 40 years. It covers virtually all aspects of corrections, including its history, prisons in the present, correctional ideologies, sentencing and legal issues, alternatives to imprisonment, institutional corrections, and correctional clients. This new edition includes expanded coverage of contemporary issues, including juvenile facilities, state and federal prisons, and security threats and gangs. Photos and figures provide a visual learning experience that presents complex data in a very simple and readable manner. Key words, review questions, definitions and objective-based summaries make instruction more focused, and help students master the materials. ¿ Also available with MyCJLab This title is also available with MyCJLab—an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Essentials of Corrections

Correctional Mental Health is a broad-based, balanced guide for students who are learning to treat criminal offenders in a correctional mental health practice. Featuring a wide selection of readings, this edited text offers a thorough grounding in theory, current research, professional practice, and clinical experience. It emphasizes a biopsychosocial approach to caring for the estimated 20% of all U.S. prisoners who have a serious mental disorder. Providing a balance between theoretical and practical perspectives throughout, the text also provides readers with a big-picture framework for assessing current correctional mental health and criminal justice issues, offering clear strategies for addressing these challenges.

Introduction to Corrections

Long at the forefront of the course and now in its Tenth Edition, AMERICAN CORRECTIONS has been a trusted resource for introducing students to the dynamics of corrections in a way that captures their interest and encourages them to enter the field. Complete with valuable career-based material, insightful guest speakers, illuminating real-world cases, and uniquely even-handed treatment of institutional and community sanctions, the text examines the U.S. correctional system from the perspectives of both the corrections worker and the offender, providing students with the most well-rounded, balanced introduction to corrections available. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Legal Aspects of Corrections Management

Introduction to Corrections and Practices Vol 2

In *Addicted to Incarceration*, author Travis C. Pratt uses an evidence-based approach to explore the consequences of what he terms America's "addiction to incarceration." Highlighting the scope of the issue, the nature of the political discussions surrounding criminal justice policy in general and corrections policy in particular, and the complex social cost of incarceration, this book takes an incisive look at the approach to corrections in the United States. The Second Edition demonstrates that the United States' addiction to incarceration has been fueled by American citizens' opinions about crime and punishment, the effectiveness of incarceration as a means of social control, and perhaps most important, by policies legitimized by faulty information. Analyzing crime policies as they relate to crime rates and society's ability to both lower the crime rate and address the role of incarceration in preventing future crime, the book shows students how ineffective the rush to incarcerate has been in the last decade and offers recommendations

and insights to navigate this significant problem going forward.

Corrections in America

This is that book: The one that is authoritative and readable. The one that covers the subject thoroughly, but is always manageable, navigable, and engaging. It pairs sterling authorship with an accessible style. Like the wind at your back, Richard Tewksbury's Introduction to Corrections motivates you through a wide range of interesting topics without impediment—because clear text needs no box. Accessible and authoritative, Richard Tewksbury's Introduction to Corrections features: A succinct overview of the American correctional system, by a renowned scholar in the field Thorough coverage of course content The structure and operations of correctional systems The history and politics of corrections The goals of corrections in society today A logical organization, from the role of corrections in controlling crime, to an in-depth look at the most troubling issues in corrections today A clean page design Consistently clear and direct narrative style

Introduction to Corrections

"Very thorough text that makes great use of high-profile cases to engage students and foster a passion for criminal justice." —Patricia Ahmed, South Dakota State University Introduction to Criminal Justice, Second Edition, provides students with balanced, comprehensive, and up-to-date coverage of all aspects of the criminal justice system. Authors Brian K. Payne, Willard M. Oliver, and Nancy E. Marion cover criminal justice from a student-centered perspective by identifying the key issues confronting today's criminal justice professionals. Students are presented with objective, research-driven material through an accessible and concise writing style that makes the content easier to comprehend. By exploring criminal justice from a broad and balanced perspective, students will understand how decision making is critical to the criminal justice process and their future careers. The fully updated Second Edition has been completely revised to include new studies and current examples that are relatable to today's students. Two new feature boxes have been added to this edition to help students comprehend and apply the content. "You Have the Right to" gives insight into several Constitutional amendments and their relationship with criminal justice today; and "Politics and Criminal Justice" explores current political hot topics surrounding the justice system and the debates that occur on both sides of the political aisle. Introduction to Corrections

This volume is an attempt to be at the forefront of engaging in this conversation about the future of the American prison. Ináthirteen chapters,áthe authorsáask established correctional scholars to imagine what this prison future might entail. Each scholar uses their expertise to craftùin an accessible way for students to

read a blueprint for how to create a new penology along a particular theme. At the book's end, the editors write a comprehensive essay that will pull together the lessons learned from the preceding chapters. Features and Benefits

1. Written by talented corrections scholars, the volume includes 12 different ideas, divided into six parts, on how to improve the American prison.
2. The scholars have contributed essays that use correctional research and theory to map out feasible approaches for fashioning a truly humane and effective prison.
3. Each chapter is introduced by the Editors who highlight the chapters importance and relevance to changing today's correctional environment.

American Corrections: Theory, Research, Policy, and Practice

Corrections: A Text/Reader, Second Edition is designed for undergraduate and/or graduate corrections courses. Organized like a traditional corrections text, it offers brief authored introductions in a mini-chapter format for each key Section, followed by carefully selected and edited original articles by leading scholars. This hybrid format - ensuring coverage of important material while emphasizing the significance of contemporary research - offers an excellent alternative which recognizes the impact and importance of new directions and policy in this field, and how these advances are determined by research.

Community Corrections

Written by two academic scholars and former practitioners, Corrections: From Research, to Policy, to Practice, Second Edition offers students a 21st-century look into the treatment and rehabilitative themes that drive modern-day corrections. Authors Mary K. Stohr and Anthony Walsh expertly weave together research, policy, and practice to give readers a foundational understanding of the field of corrections.

Corrections

Offering comprehensive coverage with an applied, practical perspective, Community Corrections, Second Edition covers all the major topics in the field while emphasizing reintegration and community partnerships and focusing strongly on assessment, risk prediction, and classification. Author Robert D. Hanser draws on his expertise with offender treatment planning, special needs populations, and the comparative criminal justice fields to present a complete assessment of the issues and challenges facing community corrections today. Insights into how the day-to-day practitioner conducts business in community corrections are illustrated by such things as the increasing role technology plays in the field.

Introduction to Criminal Justice

Written by former practitioners who are experts in the field, Corrections: The Essentials, Third Edition, addresses the most important topics in corrections in a brief, yet comprehensive format. Authors Mary K. Stohr and Anthony Walsh introduce students to the history and development of correctional institutions, while offering a unique perspective on ethics and diversity. The Third Edition

provides insights into the future of corrections as well as updated coverage of the most important issues impacting the field today. New to the Third Edition Updated and expanded coverage of ethical considerations, special populations, and the history of corrections provides students with the context for understanding policy decisions and their consequences, both past and present. More coverage on disparities in sentencing and drug courts encourages students to think critically about U.S. drug policies and the effectiveness of those policies. Additional content on federal procedures and private prisons shows real examples of private prisons, their profit motives, and the effect they have had on the correctional system. The most current data, facts, figures, and research are included throughout the book to provide students with insights into today's world of corrections. A Complete Teaching & Learning Package Contact your rep to request a demo, explore bundling options, answer your questions, and find the perfect combination of tools and resources below to fit your unique course needs. Learn more about instructor resources. SAGE edge FREE online resources for students that make learning easier. See how your students benefit.

Introduction to Corrections

It is no secret that America's sentencing and corrections systems are in crisis, and neither system can be understood or repaired fully without careful consideration of the other. This handbook examines the intertwined and multi-layered fields of American sentencing and corrections from global and historical viewpoints, from theoretical and policy perspectives, and with close attention to many problem-specific arenas. Editors Joan Petersilia and Kevin R. Reitz, both leaders in their respective fields, bring together a group of preeminent scholars to present state-of-the-art research, investigate current practices, and explore the implications of new and varied approaches wherever possible. The handbook's contributors bridge the gap between research and policy across a range of topics including an overview of mass incarceration and its collateral effects, explorations of sentencing theories and their applications, analyses of the full spectrum of correctional options, and first-hand accounts of life inside of and outside of prison. Individual chapters reflect expertise and source materials from multiple fields including criminology, law, sociology, psychology, public policy, economics, political science, and history. Proving that the problems of sentencing and corrections, writ large, cannot be addressed effectively or comprehensively within the confines of any one discipline, The Oxford Handbook of Sentencing and Corrections is a vital reference volume on these two related and central components of America's ongoing experiment in mass incarceration.

A Brief Introduction to Corrections

A Brief Introduction to Corrections shows students how to think practically about the correctional system by offering them a proven, problem-based approach to learning in a concise and accessible format. In this first edition, author Robert D. Hanser, draws on his many years of combined practitioner and academic experience to hone in on the core topics to demonstrate how the day-to-day practitioner conducts business in the field of corrections in both institutional and community settings.

Correctional Theory

-The book's final chapter examines possible future improvements in correctional policies and practices. --Book Jacket.
