Studies of Japanese syntax have played a central role in the long history of Japanese linguistics spanning more than 250 years in Japan and abroad. More recently, Japanese has been among the languages most intensely studied within modern linguistic theories such as Generative Grammar and Cognitive/Functional Linguistics over the past fifty years. This volume presents a comprehensive survey of Japanese syntax from these three research strands, namely studies based on the traditional research methods developed in Japan, those from broader functional perspectives, and those couched in the generative linguistics framework. The twenty-four studies contained in this volume are characterized by a detailed analysis of a grammatical phenomenon with broader implications to general

linguistics, making the volume attractive to both specialists of Japanese and those interested in learning about the impact of Japanese syntax to the general study of language. Each chapter is authored by a leading authority on the topic. Broad issues covered include sentence types (declarative, imperative, etc.) and their interactions with grammatical verbal categories (modality, polarity, politeness, etc.), grammatical relations (topic, subject, etc.), transitivity, nominalizations, grammaticalization, word order (subject, scrambling, numeral quantifier, configurationality), case marking (ga/no conversion, morphology and syntax), modification (adjectives, relative clause), and structure and interpretation (modality, negation, prosody, ellipsis). This third volume of Alan Ayckbourn plays includes *Haunting Julia*, *Sugar Daddies*, *Drowning on Dry Land* and *Private Fears in Public Places*, with an introduction by the author. *Haunting Julia* 'A play for today. It touches on the failures of education and parenting, on media pressure and overdoses. Kurt Cobain comes to mind. More universally, *Haunting Julia* mourns how in adolescence and adulthood, we do our loves wrong.' *Financial Times* *Sugar Daddies* 'A timely warning about the dangers of role-playing and pretence . . . But the real fascination lies in watching

Ayckbourn's own transformation from social observer to impassioned moralist.' Guardian Drowning on Dry Land 'Ayckbourn at the top of his game.' Guardian 'A coruscatingly acid and funny play.' The Times Private Fears in Public Places 'Ayckbourn's construction has a masterly clarity; his writing combines ruthless observation with mature tolerance. Nobody else writing today can create a sense of a complicated little world in 90 minutes, or make banal lives seem so unforgivably interesting. Listen: it's a master's voice.' Sunday Times

Looking for great male, female, and teen monologues with substance and depth? Want a play that focuses on an iconic Entertainer, Civil Rights Activist and American hero? Ready to produce a dramatic play that is great for middle and high school productions? Most people do not know the true history of the Civil Rights Era and how a handful of celebrities used their influence, at the detriment of their careers, to move the movement forward. Harry Belafonte is one such notable entertainer and activist who fostered philanthropy and activism through art integration. This solo play and monologue book displays Belafonte's advocacy towards racial justice and social change. A good friend to Martin Luther King, he altered the context of "celebrityism" in order to effect transformation into the hearts of Americans. Learning a great deal from predecessors like Paul Robeson, Harry Belafonte enacted a way of attracting financial contributions for the Civil

Rights Movement, by boldly challenging people to question their integrity and recognize that the country wins when our humanity is united. Art has always been the carrier of human evolution. - Harry Belafonte *This solo play can be performed solo or as an ensemble.

Saying "I Promise" is the easiest thing to do, its just two tiny words. No one warned me of the weight they hold, that they not only have the power to make something, to give hope, or show devotion. They can destroy everything, cause so much hurt, ruin lives. Every promise holds a toll, if I had known what mine would cost me, I would have walked away. Now I have to pay the price, watch the consequences of my actions unfold. Witnessing someone I love crumble after breaking my oath isn't the hardest thing I've endured, it's being forgotten by the one person that I could never forget.

Is your spiritual path a road to hell paved with good? Most spiritual books offer advice. "The Anti-Wisdom Manual" takes a different approach by describing what behaviours block the spiritual path. With wry compassion, this is a spiritual handbook in reverse, alerting readers to the common traps many sincere seekers fall in to. Whatever their chosen way, Christian, Buddhist, Muslim, or Jewish, the manual highlights how sincere seekers: nip awareness in the bud; use emotions to stay stuck; use the mind to stay entertained; antagonise friends and family with spiritual savvy; become deaf through well-rehearsed spiritual rhetoric; undermine relationships with spiritual mentors; make enormous mountains out of insignificant molehills. The humour never overshadows the message, but like a true magnifying glass, clarifies confusion, false beliefs and pseudo-spiritual certainties; and deals a severe blow to spiritual righteousness and ideology.

The AMORC Imperator and author of the book, H. Spencer Lewis, describes the manual as a ""Guide to the Work and Studies of the Order."" It contains a greeting and preliminary instructions, as well as a description of the AMORC and its important officers, general and special instructions to Members and Lodges, Mystic Symbols and their meanings, magical and alchemical explanations, and a dictionary and FAQ. HARVEY SPENCER LEWIS (1883-1939), a well-known Rosicrucian author, mystic, occultist, alchemist, and inventor, was the founder of the Ancient Mystical Order Rosae Crucis (AMORC) in the USA, as well as its first Imperator from 1915 until his death. Born in Frenchtown, New Jersey, Lewis used his training as a commercial artist for an advertising company to promote the AMORC in its early days through print ads and pamphlets. Lewis believed it was his mission to spread modern mysticism throughout the United States, which he did by promoting AMORC tours, appearing on radio shows, giving demonstrations, writing books, and inventing mystical devices. His inventions include the Luxatone, the Cosmic Ray Coincidence Counter, and the Sympathetic Vibration Harp.
