Entranced by a neighbor's music, a teenage girl learns what it means to love At fourteen years old, Deidre is just beginning to notice boys. Her cousin Susan is about to go on her first date, with a drop-dead gorgeous sixteen-year-old, but Deidre doesn't feel ready—that is, until she hears Jeff Elliot play. She's making dinner for her mother when the sound of the piano comes down through the ceiling—a haunting melody of heartbreak and loss that fills her with a joy she never imagined. When Deidre meets Jeff by their apartment building's pool, she knows immediately that she loves him. Although he is much older than she, Deidre believes she understands him like no one else can. But as she and Susan begin to find, nothing is as blinding as love at first sight.

The Lázaro family are carpenters who would rather be piano-makers. In the dusty back room of their carpentry shop in Lisbon is the 'piano cemetery', filled with broken-down pianos that provide the spare parts needed for repairing and rebuilding instruments all over the city. It is a mysterious and magical place, a place of solace, a dreaming place and, above all, a trysting place for lovers. Peixoto weaves the tragic true story of the marathon-runner, Francisco Lázaro, into a rich narrative of love, betrayal, domestic happiness and dashed hopes.

Michael Campbell's best-selling POPULAR MUSIC IN AMERICA, now in its fourth edition, remains the industry standard in breadth of coverage, readability, and musical focus. The text provides a rich account of the evolution of popular music from the mid-19th century to the present. Discussions highlight connections, contrasts, and patterns of influence among artists, styles, and eras. Coverage of listening skills allows students to place music of their choice in context. The Fourth Edition expands the coverage of country, Latin, world, and late 20th century music to give instructors more options to teach the course as they choose to. A major reorganization replaces long chapters with units broken into small chapters to make the material easier for students to read and master. Units are clearly defined by style and timeframe, and chapters feature narrowly focused objectives. This edition features a vibrant, richly illustrated, magazine-like design, plus numerous online resources. Almost all listening examples are available on iTunes via dedicated playlists; instructors who adopt the text will also receive copies of the heritage 3-CD set from the 3rd edition for personal, library, and class use. The first full biography of John Ogdon; a tortured genius and arguably the greatest British pianist of all time. From the beginning of his professional career as a soloist John Ogdon was hailed as a musician of rare understanding and phenomenal technical gifts. Able to play and memorize just about any score at sight, tales of his impossible exploits at the keyboard are legion. Yet Ogdon was a man of extremes and it was this very extremity, while the source of much of his gift, that also led to appalling suffering. Here was a man whose feelings were inexpressibly deep and often tormenting, and Ogdon's glory days, following his coveted Tchaikovsky prize in 1962, came to a sudden end in 1973 when he suffered a severe mental breakdown which led to his being certified insane and made patient of the Court of Protection. Over the course of several harrowing years Ogdon would spend large periods of time in and out of psychiatric wards and halfway houses. The drugs and treatments prescribed sometimes affected his coordination, and his reputation suffered as a result. Yet Ogdon's commitment to his art remained undimmed, and until the end he drew out performances of tremendous beauty and conviction from the depths of his ravaged heart. In this illuminating biography, Charles Beauclerk explores the life of a brilliantly inspired artist, for whom music was both his cross and his salvation.

A moving, lyrical, eye-opening look at the true nature of intimacy among men. The L.A. riots had an indelible effect upon the city of Los Angeles, upon the wider debate in this country about race, and especially -- in the pages of this wonderful memoir -- on ten weekend basketball players. After the riots, and once he'd fled his mid-city home for the relative safety of suburban Santa Monica, Alan Eisenstock at last found himself with a driveway that was big enough for a weekly basketball game. For years he'd yearned for this; now all that stood between him and the zone defense was the fruits of the carob tree that fell on the driveway and threatened to ruin the game. Once the surface was clear, however, Sundays were given over to a raucous, competitive, and hilarious series of ball games. But what began as a recreation soon became a chance to shatter the Boy Code once and for all. So here they are: doctors, lawyers, writers, construction guys -- some single, some married -- all, however, committed to the game they're playing, and to the deepening of friendships the time together

engenders. Along the way there's a fight and a falling-out; the tragic death of one of the guys' wives; a trip to Mexico that's right out of a buddy movie, except that these early-middle-aged men end up in bed by 9:30 P.M.; a laugh-out-loud karaoke session that has to be read to be believed; and more bagels than any book should ever be able to bear. Holding it all together is Alan Eisenstock himself. His own personal journey from unhappy, stressed-out screenwriter to full-fledged, fulfilled book writer is the story of a man risking his financial and emotional life in order to follow his heart. And what begins as a weekly ritual of game-playing becomes, over five years, a meaningful exchange on marital issues, money worries, and the onset of various midlife crises. The result is a lovely, whimsical, and hilarious book about guys and what they talk about when their better halves are not around.
