physics' boundaries, which he uses to create revolutionary propulsion systems. His existence, however, is determined by a form of metaphysics, fascinating and not explainable, related to the legendary Count Dracula of Transylvania. Until one day Cornel Stan delivers lectures on mobility of the future, from Saxony and Paris to California and Transylvania. After two dozen specialized books that have been translated into several languages, he published his first novel, Carmakers, which is welcomed by readers. His writer career continues with Dracfried, who is just starting his hero career. These are Professor Cornel Stan's novels: Automacher (in German); you will find this book here:

Romanian: An Essential Grammar

Nikephoros Bryennios' history of the Byzantine Empire in the 1070s is a story of civil war and aristocratic

File Type PDF Manual Limba Romana Pentru Straini Nongpinore

rebellion in the midst of the Turkish conquest of Anatolia. Commonly remembered as the passive and unambitious husband of Princess Anna Komnene (author of the *Alexiad*), Bryennios is revealed as a skilled author whose history draws on cultural memories of classical Roman honor and proper masculinity to evaluate the politicians of the 1070s and implicitly to exhort his twelfth-century contemporaries to honorable behavior. Bryennios' story valorizes the memory of his grandfather and other honorable, but failed, generals of the eleventh century while subtly portraying the victorious Alexios Komnenos as un-Roman. This reading of the *Material for History* sheds new light on twelfth-century Byzantine culture and politics, especially the contested accession of John Komnenos, the relationship between Bryennios' history and the *Alexiad* and the function of cultural memories of Roman honor in Byzantium.

LEARN ROMANIAN THROUGH CONVERSATION This book is in Romanian. It is a B1/B2-level course in Romanian for foreign students. The main focus is on conversation. Cele optsprezece teme prezente în această carte doresc să iasă din tiparul manualelor dedicate învățării limbii române de către străini. Sunt abordate teme noi, de actualitate - și deci prezente în viața obișnuită -, de fiecare zi. Unele dintre aceste teme sunt serioase, altele sunt amuzante, dar toate sunt interesante. Metoda folosită în această carte este cea comunicativă. Toate temele încep cu câteva întrebări pregătitoare, care conduc cursantul către tema discutată. Întrebările sunt urmate de citirea unui text în cadrul căruia este introdus vocabularul tematic, totul culminând cu o serie de exerciții care ajută într-un prim pas la însușirea cunoștințelor și apoi la punerea în practică a acestora. Prin jocurile de rol sunt prezentate diferite situații de care fie ne-am izbit, fie am auzit de la prietenii nostri, iar cursanții au posibilitatea să folosească termenii dobândiți în pașii anteriori. Discuțiile libere dezvoltă capacitățile cursanților de a discuta în limba română, accentul fiind pus pe conversație. Exercițiile de vocabular vin să susțină această abilitate de a dezbate, prin asimilarea de noi termeni și expresii, contribuind astfel la dezvoltarea vocabularului specific nivelului B1/B2, conform Cadrului European de Referință. Temele prezentate în această carte sunt următoarele: Administrația publică și corupția Buna creștere Educația Căsătoria Cum vă simțiți? Relația de dragoste Emigrarea Greu de vândut În vacanță

Regalitate Modă Schimbări în viață Sporturi extreme
Prietenia Un nou loc de muncă Unde locuiesc Viața la țară
Viața și banii Cartea este ideală atât pentru cursurile de grup, cât și pentru cursurile individuale, putând fi în același timp un instrument complementar cursurilor care se bazează exclusiv pe învățarea noțiunilor de gramatică specifice nivelului B1-B2.

Every year, millions of foreigners visit The Philippines. They go to the World War II battlefield of Corregidor, tour the presidential home Malacañang Palace, play golf, lounge on the white sand beaches, and . . . Some do things that don't have chapters in the standard tourist phrasebooks and textbooks of the primary native language, Tagalog. Tagalog is spoken as a first language by millions of Filipinos in and around the nation's capital of Manila, including Angeles and Subic Bay. In addition, Tagalog is spoken and understood to some extent throughout the rest of the country because it's the language of school, TV, newspapers and movies. Tagalog Down & Dirty is your guide to the Tagalog you won't learn in the other books. Sex, drugs, alcohol, insults, obscenities, dirty talk, curse words, slurs about your mind, body and sexual equipment, the supernatural, gambling, and "gay

language”—which gay men use to hide their meaning from the general population. Best of all, words for lovers and would-be lovers. Tagalog Down & Dirty is arranged in chapters according to subject. Next is a chapter including a long list of gay language words. And finally is a list of all the standard Tagalog words arranged in alphabetical order – Tagalog to English – so it’s easy to look up Tagalog words you don’t know. Come to The Philippines prepared to recognize such basic insults as "Your mother is a _____," "You're _____" and "You have no _____ ." (Don't say yourself yourself, though, unless you're prepared to defend yourself!) Discover the Tagalog words for parts of your body, at least the most interesting parts, and their functions. Learn the names of the many monsters and ghosts you must avoid at night. If you're a man who has sex with other men, discover how Filipino gays classify your sexuality. Because language is intimately tied to culture, you'll get an inside look at how different Filipinos value are from average Western countries. Call an American woman "ugly" and you'll probably get a lecture on how men objectify women and/or men should look for beautiful personalities. Call a Filipino woman "ugly" and look out! Tell an American they have no shame, and they probably won't even know what you're talking about. If you say it to a Filipino, you better run for your life. Describe an American woman as flirtatious and she'll take it as a compliment. Tell a Filipino woman that and, depending on circumstances, she may take it as an insult to her sexual morality. Whether you wish to learn more about The Philippines because you're chatting up some sweet young thing online and want to meet her in person, or you wish to check out the

bar scene, or to swim and sun bathe at the white sand beaches, explore the jungles or oceans teeming with exotic wildlife, or to backpack in the mountains, or a linguist checking out the phenomenon of gay language, Tagalog Down & Dirty is where to start your adventure.

MAKING COMMUNICATIVE LANGUAGE TEACHING HAPPEN

"Jonah Berger is one of those rare thinkers who blends research-based insights with immensely practical guidance. I am grateful to be one of the many who have learned from this master teacher."
—Jim Collins, author *Good to Great*, coauthor *Built to Last* From the author of New York Times bestsellers *Contagious* and *Invisible Influence* comes a revolutionary approach to changing anyone's mind. Everyone has something they want to change. Marketers want to change their customers' minds and leaders want to change organizations. Start-ups want to change industries and nonprofits want to change the world. But change is hard. Often, we persuade and pressure and push, but nothing moves. Could there be a better way? This book takes a different approach. Successful change agents know it's not about pushing harder, or providing more information, it's about being a catalyst. Catalysts remove roadblocks and reduce the barriers to change. Instead of asking, "How could I change someone's mind?" they ask a different question: "Why haven't they changed already? What's stopping them?" The Catalyst identifies the key barriers to change and how to mitigate them. You'll learn how catalysts change

minds in the toughest of situations: how hostage negotiators get people to come out with their hands up and how marketers get new products to catch on, how leaders transform organizational culture and how activists ignite social movements, how substance abuse counselors get addicts to realize they have a problem, and how political canvassers change deeply rooted political beliefs. This book is designed for anyone who wants to catalyze change. It provides a powerful way of thinking and a range of techniques that can lead to extraordinary results. Whether you're trying to change one person, transform an organization, or shift the way an entire industry does business, this book will teach you how to become a catalyst.

This volume contains two very different narratives: a work of literary imagination on early Hungarian history, and an eye-witness account of the Mongol invasion of 1241/42. An anonymous notary of King Bela of Hungary (probably Bela III, d. 1196), also Known as P dictus magister, wrote a Latin Gesta Hungarorum, (ca 1200/10), and enigmatic and much disputed work on the Hungarian conquest of the

Carpathian Basin in the late ninth century, including a mythical origo gentis, and a history of the Magyars prior to the foundation of the kingdom in 1000 A.D. Additionally, he wove into it stories of heroic ancestors of the great men of his time. Anonymus (as he is commonly referred to) tried to (re)construct the events and protagonists---including ethnic groups---of several centuries before from the names of places, rivers, and mountains of his time, assuming that these retained the memory of times past. Based on these, he presented a narrative in the style of the popular romances of the siege of Troy and the exploits of Alexander the Great, also utilizing some oral traditions and earlier chronicles. One of his major "inventions" was the inclusion of Attila the Hun into the Hungarian royal genealogy, a feature later developed into the myth of Hun-Hungarian continuity (by Simon of Keza and other chroniclers). Already translated into most Central-European languages, it is here for the first time presented in an updated Latin text with an annotated English translation. The Italian Master Roger (born around the time the retired notary was writing his Gesta) was canon of the cathedral of Varad/Oradea when the Mongols attacked Hungary. He recorded in great detail and vivid prose his experiences, including his hiding from and falling into the hands of the "Tatars". This he prefaced by an astute observation of political conflicts in mid-thirteenth-century Hungary. His description of the events, together with those of Archdeacon Thomas of Split (CEMT 4), is the basic evidence for the horrible devastation of the country by Batu Khan's armies. The present translation is based on the editio princeps of 1488, as no manuscript has survived.
