Marketing Theory

Examines how ICTs contribute to the development of city marketing strategies to enhance local socio-economic development. Covers topics such as city branding, export promotion, and industry marketing.

Marketing

This book highlights the state-of-the-art tourism and hospitality industry in Southeast Asian countries, while also presenting future directions for the industry with an emphasis on decision-making models. It first elaborates on the significant role of the tourism and hospitality industry given the rapid socio-economic and cultural changes occurring in Southeast Asia, before providing perspectives on medical tourism, tourism for seniors and several other developments within the tourism and hospitality sector. Development of Tourism and the Hospitality Industry in Southeast Asia presents scholarly perspectives from researchers across the region and is geared towards world-wide readers in academia, as well as experts from the industry.

Managing Imitation Strategies

The Content Analysis Guidebook

MARKETING: THE CORE, 2/e by Kerin, Berkowitz, Hartley, and Rudelius continues the tradition of cutting-edge content and student-friendliness set by Marketing 8/e, but in a shorter, more accessible package. The Core distills Marketing's 22

chapters down to 18, leaving instructors just the content they need to cover the essentials of marketing in a single semester. Instructors using The Core also benefit from a full-sized supplements package that surpasses anything offered by the competition, while students will appreciate the easy-to-read paperback format that's equally kind to both the eyes and the pocketbook. The Core is more than just a "baby Kerin"; it combines great writing, currency, and supplements into the ideal package for budget-conscious students and time-conscious professors.

Strategic Marketing Problems

The pharmaceutical industry is one of today's most dynamic and complex industries, involving commercialization of cutting-edge scientific research, a huge web of stakeholders (from investors to doctors), multi-stage supply chains, fierce competition in the race to market, and a challenging regulatory environment. The stakes are high, with each new product raising the prospect of spectacular success—or failure. Worldwide revenues are approaching \$1 trillion; in the U.S. alone, marketing for pharmaceutical products is, itself, a multi-billion dollar industry. In this volume, the editors showcase contributions from experts around the world to capture the state of the art in research, analysis, and practice, and covering the full spectrum of topics relating to innovation and marketing, including R&D, promotion, pricing, branding, competitive strategy, and portfolio management. Chapters include such features as:

- An extensive literature review, including coverage of research from fields other than marketing
- an overview of how practitioners have addressed the topic
- introduction of relevant analytical tools, such as statistics and ethnographic studies
- suggestions for further research by scholars and students

The result is a comprehensive, state-of-the-art resource that will be of interest to researchers, policymakers, and practitioners, alike.

Asian Inward and Outward FDI

Cutting edge and relevant to the local context, this first Australia and New Zealand edition of Hoyer, *Consumer Behaviour*, covers the latest research from the academic field of consumer behaviour. The text explores new examples of consumer behaviour using case studies, advertisements and brands from Australia and the Asia-Pacific region. The authors recognise the critical links to areas such as marketing, public policy and ethics, as well as covering the importance of online consumer behaviour with significant content on how social media and smartphones are changing the way marketers understand consumers.

- * Students grasp the big picture and see how the chapters and topics relate to each other by reviewing detailed concept maps
- * Marketing Implications boxes examine how theoretical concepts have been used in practice, and challenge students to think about how marketing decisions impact consumers
- * Considerations boxes require students to think deeply about technological, research, cultural and international factors to consider in relation to the contemporary consumer
- * Opening vignettes and end-of-chapter cases give students real-world insights into, and opportunities to analyse consumer behaviour, with extensive Australian and international examples providing issues in context

Sustainable Marketing

Electronic Inspection Copy available for instructors here Building on the popularity of the first edition, published in 2000, the Second Edition brings together revised and new, original chapters from an outstanding team of contributors providing an authoritative overview of the theoretical foundations and current status of thinking on topics central to the discipline and practice of marketing. Summary of key features: - A marketing theory text written specifically for students - Provides an introduction and overview of the role of theory in marketing - Contributors are leading, well-established authorities in their fields - Explains key concepts for students in a clear, readable and concise manner. - Provides full, in-depth coverage of all topics, with recommended further readings

Consumer Behavior

Kerin/Hartley's Marketing 14th edition is the most robust Principles of Marketing solution available to meet the needs of a wide range of faculty. Marketing focuses on decision making through extended examples, cases, and videos involving real people making real marketing decisions. The author team's decades of combined experience in the higher education classroom continue to inform the title's innovative pedagogical approach. Marketing is known for its conversational writing style, ability to engage students through active learning techniques, and vivid descriptions of businesses, marketing professionals, and entrepreneurs in cases, exercises, and testimonials that help students personalize marketing and identify possible career interests. Powerful tools like Connect, SmartBook, and the regularly updated resources at www.kerinmarketing.com make this 14th edition of Marketing the best choice for instructors seeking a rigorous, comprehensive program with balanced coverage of traditional and contemporary concepts.

The Power of the Board Or the Strength of the Brand?

Asian Inward and Outward FDI brings together both works from researchers in international business and economic geography. The book is aimed for both scholars with interest in macro and micro economic impact of new flows of FDI.

Marketing in Asia

Pioneers -- those innovative "first movers" who enter markets before competitors -- are often deified as engines of economic growth while imitators are generally scorned as copycats and shameful followers. But who most often wins? Drawing on seven years of research, Steven Schnaars documents that, in sharp contrast to conventional beliefs, imitators commonly surpass pioneers as market leaders and attain the greatest financial rewards. How do they do it? In this ground-breaking book -- the first to formulate imitation strategies for managers -- Schnaars systematically examines 28 detailed case histories, from light beer to commercial jet liners, in which imitators such as Anheuser-Busch and Boeing prevailed over pioneers. He describes the marketing wars, court battles, and even personal vendettas that often resulted, and shows that imitators have several clear advantages. Pioneers are forced to spend heavily on both product and market development. They also risk making costly mistakes. Pioneers often aid in their own destruction, thrown into confusion by rapid growth, internal bickering, and the

neverending search for expansion capital. Moreover, imitators do not have to risk expensive start-up costs or pursuing a market that does not exist, enabling them to quickly outmaneuver pioneers once the market is finally shaped. By patiently waiting on the sidelines while the innovator makes the mistakes, imitators can also usurp benefits from the test of time -- major defects in the product having been removed by the pioneer at an earlier stage in the game. Schnaars discusses the three basic strategies that successful imitators such as Microsoft, American Express, and Pepsi have used to dominate markets pioneered by others. First, some imitators sell lower-priced, generic versions of the pioneer's product once it becomes popular, as Bic did with ballpoint pens. Second, some firms imitate and improve upon the pioneer's product; for example, WordPerfect in the case of word processing software. Third, building on their capital, distribution, and marketing advantages that smaller pioneers cannot hope to match, imitators use the most prevalent strategy of all -- bullying their way into a pioneer's market on sheer power. In several cases a one-two-punch, or combination of strategies, is often utilized by the imitator to remove any doubt regarding their dominance in the market and in the eyes of the public. Schnaars concludes that the benefits of pioneering have been oversold, and that imitation compels recognition as a legitimate marketing strategy. It should be as much a part of a company's strategic arsenal as strategies for innovation.

Strategic Marketing Management in Asia

With a view to continue the current growth momentum, excel in all phases of business, and create future leadership in Asia and across the globe, there is a felt need to develop a deep understanding of the Asian business environment, and how to create effective marketing strategies that will help growing their businesses.

Innovation and Marketing in the Pharmaceutical Industry

Engaging, enlightening, provocative, and sensational are the words people use to describe compelling experiences and these words also describe this extraordinary book by Bernd Schmitt. Moving beyond traditional "features-and-benefits" marketing, Schmitt presents a revolutionary approach to marketing for the branding and information age. Schmitt shows how managers can create holistic experiences for their customers through brands that provide sensory, affective, and creative associations as well as lifestyle marketing and social identity campaigns. In this masterful handbook of tools and techniques, Schmitt presents a battery of business cases to show how cutting-edge companies use "experience providers" such as visual identity, communication, product presence, Web sites, and service to create different types of customer experiences. To illustrate the essential concepts and frameworks of experiential marketing, Schmitt provides: SENSE cases on Nokia mobile phones, Hennessy cognac, and Procter & Gamble's Tide Mountain Fresh detergent; FEEL cases on Hallmark, Campbell's Soup, and Häagen Dazs Cafés in Asia, Europe, and the United States; THINK cases on Apple Computer's revival, Genesis ElderCare, and Siemens; ACT cases on Gillette's Mach3, the Milk Mustache campaign, and Martha Stewart Living; RELATE cases on Harley-Davidson, Tommy Hilfiger, and Wonderbra. Using the New Beetle and Sony as examples, Schmitt discusses the strategic and implementation intricacies of creating holistic experiences for customers. In an intriguing final chapter, he

presents turn-around techniques such as "Objective: To Dream," "Send in the Iconoclasts," and "Quit the Bull," to show how traditional marketing firms can transform themselves into experience-oriented organizations. This book will forever change your perception of customers, marketing, and brands -- from Amtrak and Singapore Airlines to Herbal Essences products and Gwyneth Paltrow.

Business-to-Business Marketing

'This is a welcome addition to the body of work on IJV performance. The emphasis on marketing and on S.E. Asia is particularly timely.' - Paul Beamish, University of Western Ontario, Canada
Craig Julian argues that the International Joint Venture (IJV) phenomena represents two opposing trends. On the one hand, an analysis of the number of new IJVs reveals that they are becoming increasingly popular as a mode of overseas market entry and expansion. On the other hand, however, the significance of a robust growth trend is overshadowed by the incidence of high failure. The book examines the factors influencing the marketing performance of IJVs in South East Asia, including market characteristics, conflict, commitment, product characteristics, marketing orientation, control, trust, partner's contributions and partner's needs.

Vol. for 1963 includes section Current Australian serials; a subject list.

Loose-leaf Edition Marketing

Digital transformation is no longer news--it's a necessity. Despite the widespread threat of disruption, many large companies in traditional industries have succeeded at digitizing their businesses in truly transformative ways. The New York Times, formerly a bastion of traditional media, has created a thriving digital product behind a carefully designed paywall. Best Buy has transformed its business in the face of Amazon's threat. John Deere has formed a data-analysis arm to complement its farm-equipment business. And Goldman Sachs and many others are using digital technologies to reimagine their businesses. In *Driving Digital Strategy*, Harvard Business School professor Sunil Gupta provides an actionable framework for following their lead. For over a decade, Gupta has studied digital transformation at Fortune 500 companies. He knows what works and what doesn't. Merely dabbling in digital or launching a small independent unit, which many companies do, will not bring success. Instead you need to fundamentally change the core of your business and ensure that your digital strategy touches all aspects of your organization: your business model, value chain, customer relationships, and company culture. Gupta covers each aspect in vivid detail while providing navigation tips and best practices along the way. Filled with rich and illuminating case studies of companies at the forefront of digital transformation, *Driving Digital Strategy* is the comprehensive guide you need to take full advantage of the limitless opportunities the digital age provides.

Consumer Behavior and Marketing Strategy

Asian Brand Strategy

There has long been a gap for a text that bridges the fundamental ecological issues facing society and modern marketing. This is that text. Following an ecological imperative, Fuller, explores the reasons for studying sustainable marketing in 8 key chapters which encompass strategy, products, channel networks, Communications, pricing and market development. At a time when one is looking at global warming, hydrocarbon taxes, air and water pollution and increased incidences of respiratory diseases this is a very opportune text. In the UK, BAA have just launched a sustainable company strategy for its business and this is the book that outlines what that approach means for the modern marketer.

Consumer Behaviour: Asia-Pacific Edition

The Tenth Canadian Edition of Marketing provides students with a solid foundation of marketing principles that they need to become successful marketers in today's competitive business world. Written in an engaging, student friendly style with a strong pedagogical framework, Crane Marketing has been updated to reflect cutting edge topics, and exciting examples of marketing in Canada and around the world.

Marketing

Content analysis is one of the most important but complex research methodologies in the social sciences. In this thoroughly updated Second Edition of The Content Analysis Guidebook, author Kimberly Neuendorf draws on examples from across numerous disciplines to clarify the complicated aspects of content analysis through step-by-step instruction and practical advice. Throughout the book, the author also describes a wide range of innovative content analysis projects from both academia and commercial research that provide readers with a deeper understanding of the research process and its many real-world applications.

APAIS, Australian Public Affairs Information Service

The Second Edition of this bestselling B2B marketing textbook offers the same accessible clarity of insight, combined with updated and engaging examples. Each chapter contains a detailed case study to further engage the reader with the topics examined. - Featuring updated case studies and a range of new examples. - Incorporating additional coverage of B2B branding and the B2B strategic marketing process, and issues of sustainability. - Extended coverage of Key Account Management - Online lecturer support including PowerPoint slides and key web links Drawing on their substantial experience of business-to-business marketing as practitioners, researchers and educators, the authors make this exciting and challenging area accessible to advanced undergraduate and to postgraduate students of marketing, management and business studies. Praise for the Second Edition: 'I found that the first edition of Brennan, Canning and McDowell's text was excellent for raising students' awareness and understanding of the most important concepts and phenomena associated with B2B marketing. The second edition should prove even more successful by using several new case studies and short

'snapshots' to illustrate possible solutions to common B2B marketing dilemmas, such as the design and delivery of business products and services, the selection of promotional tools and alternative routes to market. The new edition also deals clearly with complex issues such as inter-firm relationships and networks, e-B2B, logistics, supply chain management and B2B branding' - Michael Saren, Professor of Marketing, University of Leicester 'This textbook makes a unique contribution to business-to-business teaching: not only does it provide up-to-date cases and issues for discussion that reach to the heart of business-to-business marketing; it also brings in the latest academic debates and makes them both relevant and accessible to the readers. A fantastic addition to any library or course' - Dr Judy Zolkiewski, Senior Lecturer in Business-to-Business Marketing, Manchester Business School 'The advantage of the approach taken by Brennan and his colleagues is that this book manages to convey both the typical North American view of B2B marketing as the optimisation of a set of marketing mix variables, and the more emergent European view of B2B Marketing as being focused on the management of relationships between companies. This updated second edition sees the addition of a number of 'snapshots' in each chapter that bring the subject alive through the description of current examples, as well as some more expansive end-of-chapter case studies. It is truly a most welcome addition to the bookshelves of those students and faculty interested in this facet of marketing' - Peter Naudé, Professor of Marketing, Manchester Business School 'The strength of this text lies in the interconnection of academic theory with real world examples. Special attention has been given to the role that relationships play within the Business-to-business environment, linking these to key concepts such as segmentation, targeting and marketing communications, which importantly encompasses the role personal selling as relationshipmmunications building and not just order taking. With good coverage of international cultural differences this is a valuable resource for both students of marketing and sales' - Andrew Whalley, Lecturer in Business-to-Business Marketing, Royal Holloway University of London 'The text provides an authoritative, up-to-date review of organisational strategy development and 'firmographic' market segmentation. It provides a comprehensive literature review and empiric examples through a range of relevant case studies. The approach to strategy formulation, ethics and corporate social responsibility are especially strong' - Stuart Challinor, Lecturer in Marketing, Newcastle University 'This revised second edition offers an excellent contemporary view of Business-to-Business Marketing. Refreshingly, the text is packed with an eclectic mix of largely European case studies that make for extremely interesting reading. It is a 'must read' for any undergraduate or postgraduate Marketing student' - Dr Jonathan Wilson, Senior Lecturer, Ashcroft International Business School, Anglia Ruskin University, Cambridge

Developing Relationships in Business Networks

Marketing 10/e by Kerin, Hartley and Rudelius continues a tradition of leading the market with contemporary, cutting-edge content presented in a conversational student-oriented style, supported by the most comprehensive, innovative, and useful supplement package available. This text and package is designed to meet the needs of a wide spectrum of faculty—from the professor who just wants a good textbook and a few key supplements, to the professor who wants a top-notch fully integrated multimedia program. Marketing utilizes a unique, innovative, and

effective pedagogical approach developed by the authors through the integration of their combined classroom, college, and university experiences. The elements of this approach have been the foundation for each edition of Marketing and serve as the core of the text and its supplements as they evolve and adapt to changes in student learning styles, the growth of the marketing discipline, and the development of new instructional technologies. The distinctive features of the approach are illustrated below: High Engagement Style - Easy-to-read, interactive, writing style that engages students through active learning techniques. Personalized Marketing - A vivid and accurate description of businesses, marketing professionals, and entrepreneurs—through cases, exercises, and testimonials—that allows students to personalize marketing and identify possible career interests. Marketing Decision Making - The use of extended examples, cases, and videos involving people making marketing decisions. Integrated Technology - The use of powerful technical resources and learning solutions. Traditional and Contemporary Coverage - Comprehensive and integrated coverage of traditional and contemporary concepts. Rigorous Framework - A pedagogy based on the use of Learning Objectives, Learning Reviews, Learning Objectives Reviews, and supportive student supplements.

International Journal of Advertising

Marketing attempts to influence the way consumers behave. These attempts have implications for the organizations making the attempt, the consumers they are trying to influence, and the society in which these attempts occur. We are all consumers and we are all members of society, so consumer behavior, and attempts to influence it, are critical to all of us. This text is designed to provide an understanding of consumer behavior. This understanding can make us better consumer, better marketers, and better citizens. A primary purpose of this text is to provide the student with a usable, managerial understanding of consumer behavior.-Pref.

APAIS 1991: Australian public affairs information service

"Exhibition organizers and venue managers must have a thorough knowledge of their customers and they must be very close to the industries they serve. We must react rapidly to their changing needs and even be ahead of the curve in providing the tools and services which they'll need to successfully meet their business objectives. This book, Exhibit Marketing and Trade Show Intelligence, will assist all those in the exhibition industry to stay on top of trends and changes as we work to improve our customer's ROI and at the same time strengthen our own bottom line." Paul Woodward Managing Director UFI, the Global Association of the Exhibition Industry "The Exhibit and Event industry has been rapidly expanding over the past several years and offers many global opportunities for a fascinating and rewarding career. Exhibit Marketing & Trade Show Intelligence provides those interested in a career in Exhibit and Event Management a solid foundation on how to become a valuable asset to any organization." Jim Wurm, Executive Director Exhibit & Event Marketers Association (E2MA) "Dr. Klaus Solberg Søilen's book is a vital handbook for all marketers who work with exhibitions as a marketing tool. The book provides clear and extremely useful recommendations for actions before, under and after the exhibition has taken place". Svend Hollensen, author of "Global

Marketing"(Pearson) and Associate Professor of International Marketing at the University of Southern Denmark.

Advertising Promotion and Other Aspects of Integrated Marketing Communications

International Joint Venture Performance in South East Asia

Loose Leaf for Marketing

Marketing: The Core is a more brief, 18-chapter version of the Kerin/Hartley Marketing 14e product, the most rigorous and robust program on the market. The Core 8e also continues to demonstrate the authors' commitment to engagement, leadership, and innovation: Engagement in class-tested, active learning activities to help instructors illustrate textbook concepts as well as examples throughout featuring real people, cases and companies throughout. Media-enhanced PPT slides, alternate cases, and a 5,000+ item test bank are included in the comprehensive instructor resource suite. Leadership in leading, current content and conversational writing style, with new emphasis on marketing metrics and data-driven decision-making, with hyperlinked assignments throughout to easily correlate activities. Innovation in outcomes-oriented Connect®, a highly reliable, easy-to-use homework and learning management solution that embeds learning science and award-winning adaptive tools to improve student results.

Information Communication Technologies and City Marketing: Digital Opportunities for Cities Around the World

Experiential Marketing

This book offers insights, knowledge and perspectives on Asian brands and branding as a strategic tool and provides a comprehensive framework for understanding Asian branding strategies and Asian brands, including success stories and challenges for future growth and strengths. The book includes theoretical frameworks and models and up-to-date case studies on Asian brands

Nonprofit Marketing

Nonprofit Marketing: Marketing Management for Charitable and Nongovernmental Organizations is a conceptually strong text that gives students marketing strategies for nonprofit, charitable, and nongovernmental organizations, while providing them with a broad treatment of marketing basics. Written in an easy-to-follow style, marketing concepts are clearly presented and supported with real-world examples.

Driving Digital Strategy

Marketing

MARKETING: THE CORE, 2/e by Kerin, Berkowitz, Hartley, and Rudelius continues the tradition of cutting-edge content and student-friendliness set by Marketing 8/e, but in a shorter, more accessible package. The Core distills Marketing's 22 chapters down to 18, leaving instructors just the content they need to cover the essentials of marketing in a single semester. Instructors using The Core also benefit from a full-sized supplements package that surpasses anything offered by the competition, while students will appreciate the easy-to-read paperback format that's equally kind to both the eyes and the pocketbook. The Core is more than just a "baby Kerin"; it combines great writing, currency, and supplements into the ideal package for budget-conscious students and time-conscious professors.

Retailing in the 21st Century

This work shows how the various elements of consumer analysis fit together in an integrated framework, called the Wheel of Consumer Analysis. Psychological, social and behavioural theories are shown as useful for understanding consumers and developing more effective marketing strategies. The aim is to enable students to develop skills in analyzing consumers from a marketing management perspective and in using this knowledge to develop and evaluate marketing strategies. The text identifies three groups of concepts - affect and cognition, behaviour and the environment - and shows how these they influence each other as well as marketing strategy. The focus of the text is managerial, with a distinctive emphasis on strategic issues and problems. Cases and questions are included in each chapter.

Marketing

Marketing, 12e utilises a unique, innovative, and effective pedagogical approach. The elements of this approach have been the foundation for each edition of Marketing and serve as the core of the text and its supplements. They have evolved and adapted to changes in student learning style preferences, the growth of the marketing discipline, and the development of new instructional technologies. The distinctive features of the approach are illustrated below. High Engagement Style Easy-to-read, conversational, high-involvement, interactive writing style that engages students through active learning techniques. Rigorous Pedagogical Framework Pedagogy based on the use of Learning Objectives, Learning Reviews, Learning Objectives Reviews, Applying Marketing Knowledge exercises, Building Your Marketing Plan guidelines, video and written cases, and other helpful supplements. Traditional and Contemporary Coverage and Examples Comprehensive and integrated coverage of traditional and contemporary marketing concepts supported by current and interesting examples. Integrated Technology The use of powerful technical resources and learning solutions, such as Connect, LearnSmart with SmartBook, www.kerin.tv, www.kerinmarketing.com, and QR codes. Marketing Decision Making The use of extended examples, cases, and videos involving people making marketing decisions. Personalized Marketing Vivid and accurate description of businesses, nonprofit organizations, marketing professionals (including many of whom are women and minorities), and

entrepreneurs - through cases, exercises, and testimonials - that allows students to personalise marketing and identify possible career interests. Course Management System Integration Marketing, 12e content can be integrated with the following online course management systems: Blackboard, WebCT, eCollege, Moodle, and Desire2Learn. The goal of Marketing, 12e is to create an exceptional experience for today's students and instructors of marketing. The development of Marketing, 12e was based on a rigorous process of assessment. The outcome of this process is a text and package of learning tools that are based on engagement, leadership, and innovation in marketing education.

Firms of Endearment

Market-leading ADVERTISING, PROMOTION, AND OTHER ASPECTS OF INTEGRATED MARKETING COMMUNICATIONS, 9th Edition discusses all aspects of marketing communications, from time-honored methods to the newest developments in the field. Comprehensive treatment of the fundamentals focuses on advertising and promotion, including planning, branding, media buying, sales, public relations, and much more. Emerging topics get special attention in this edition, such as the enormous popularity of social media outlets, online and digital practices, viral communications, and personal selling, along with all of their effects on traditional marketing. Revised to make ADVERTISING, PROMOTION, AND OTHER ASPECTS OF INTEGRATED MARKETING COMMUNICATIONS, 9th Edition the most current I.M.C. text on the market, chapters address must-know changes to environmental, regulatory, and ethical issues, as well as Marcom insights, place-based applications, privacy, global marketing, and of course, memorable advertising campaigns. Exhibit Marketing and Trade Show Intelligence

Today's best companies get it. From Costco® to Commerce Bank, Wegmans to Whole Foods®: they're becoming the ultimate value creators. They're generating every form of value that matters: emotional, experiential, social, and financial. And they're doing it for all their stakeholders. Not because it's "politically correct": because it's the only path to long-term competitive advantage. These are the Firms of Endearment. Companies people love doing business with. Love partnering with. Love working for. Love investing in. Companies for whom "loyalty" isn't just real: it's palpable, and driving unbeatable advantages in everything from marketing to recruitment. You need to become one of those companies. This book will show you how. You'll find specific, practical guidance on transforming every relationship you have: with customers, associates, partners, investors, and society. If you want to be great—truly great—this is your blueprint. We're entering an Age of Transcendence, as people increasingly search for higher meaning in their lives, not just more possessions. This is transforming the marketplace, the workplace, the very soul of capitalism. Increasingly, today's most successful companies are bringing love, joy, authenticity, empathy, and soulfulness into their businesses: they are delivering emotional, experiential, and social value—not just profits. Firms of Endearment illuminates this, the most fundamental transformation in capitalism since Adam Smith. It's not about "corporate social responsibility": it's about building companies that can sustain success in a radically new era. It's about great

companies like IDEO and IKEA®, Commerce Bank and Costco®, Wegmans and Whole Foods®: how they earn the powerful loyalty and affection that enables truly breathtaking performance. This book is about gaining “share of heart,” not just share of wallet. It’s about aligning stakeholders’ interests, not just juggling them. It’s about building companies that leave the world a better place. Most of all, it’s about why you must do all this, or risk being left in the dust and how to get there from wherever you are now.

Development of Tourism and the Hospitality Industry in Southeast Asia

"The goal of the 15th edition of Marketing is to create an exceptional experience for today's students and instructors of marketing. The development of Marketing was based on a rigorous process of assessment, and the outcome of the process is a text and package of learning tools that are based on engagement, leadership, and innovation in marketing education"--

Business Review Weekly

Market Leader. Casebook for advanced marketing course. Excellent mix of cases by industry; students learn by "active" participation. Includes a new video package, a New section on International and a new section on building a marketing plan. Cases reflect a broad overview of marketing and applications.

Looseleaf for Marketing: The Core

With crisp and insightful contributions from 47 of the world’s leading experts in various facets of retailing, Retailing in the 21st Century offers in one book a compendium of state-of-the-art, cutting-edge knowledge to guide successful retailing in the new millennium. In our competitive world, retailing is an exciting,

complex and critical sector of business in most developed as well as emerging economies. Today, the retailing industry is being buffeted by a number of forces simultaneously, for example the growth of online retailing and the advent of 'radio frequency identification' (RFID) technology. Making sense of it all is not easy but of vital importance to retailing practitioners, analysts and policymakers.
