Police Sergeant William South has a good reason to

shy away from murder investigations: he is a murderer himself. **Longlisted for the Theakston Old Peculier Crime Novel of the Year A methodical, diligent, and exceptionally bright detective, South is an avid birdwatcher and trusted figure in his small town on the rugged Kentish coast. He also lives with the deeply buried secret that, as a child in Northern Ireland, he may have killed a man. When a fellow birdwatcher is found murdered in his remote home, South's world flips. The culprit seems to be a drifter from South's childhood; the victim was the only person connecting South to his early crime; and a troubled, vivacious new female sergeant has been relocated from London and assigned to work with South. As our hero investigates, he must work ever-harder to keep his own connections to the victim, and his past, a secret. The Birdwatcher is British crime fiction at its finest; a stirring portrait of flawed, vulnerable investigators; a meticulously constructed mystery; and a primal story of fear, loyalty and vengeance.

Mary Barton (Collins Classics)

"The curse—the curse!" I looked up in terror. In the great mirror opposite I saw myself, and right behind, another wicked, fearful self' An encounter with the supernatural in an everyday setting accentuates its strangeness; a truth used to eerie effect in Gaskell's Gothic tales. A portrait turned to the wall, a hidden manuscript, a mysterious child that lives on the freezing moors, a doppelganger formed by a woman's bitter curse: all of these things hint at male tyranny

and woman as avenging angel—or devil. Gaskell was fascinated by the dualities in women's lives and the way in which fact and fiction merge.

'Disappearances', a mix of gossip, legend and fact, relates stories of mysterious vanishings, 'Lois the Witch', based on an account of the Salem witch hunts, shows how sexual desire and jealousy lead to communal hysteria and persecution, while 'The Grey Woman' explores a common Gothic theme, the way in which the ghosts of the past always return to haunt us. This edition includes an introduction, chronology, explanatory notes and an appendix giving a reader's response to 'Disappearances'.

included here relate to the novels' own time and to a range of 20th century critical perspectives.

The Works of Elizabeth Gaskell: Mary Barton : a tale of Manchester life (1848) and William Gaskell, "Two lectures on the Lancashire dialect"

Critical assessments of Elizabeth Gaskell have tended to emphasise the regional and provincial aspects of her writing, but the scope of her influence extended across the globe. Building on theories of space and place, the contributors to this collection bring a variety of geographical, industrial, psychological, and spatial perspectives to bear on the vast range of Gaskell's literary output and on her place within the narrative of British letters and national identity. The advent of the railway and the increasing predominance of manufactory machinery reoriented the nation's physical and social countenance, but alongside the excitement of progress and industry was a sense of fear and loss manifested through an idealization of the country home, the pastoral retreat, and the agricultural south. In keeping with the theme of progress and change, the essays follow parallel narratives that acknowledge both the angst and nostalgia produced by industrial progress and the excitement and awe occasioned by the potential of the empire. Finally, the volume engages with adaptation and cultural performance, in keeping with the continuing importance of Gaskell in contemporary popular culture far beyond the historical and cultural environs of nineteenth-century Manchester.

""How knowest thou, ' may the distressed Novel-wright exclaim, 'that I, here where I sit, am the Foolishest of existing mortals; that this my Long-ear of a fictitious Biography shall not find one and the other, into whose still longer ears it may be the means, under Providence, of instilling somewhat?' We answer, 'None knows, none can certainly know: therefore, write on, worthy Brother, even as thou canst, even as it is given thee.'

Seminar paper from the year 2003 in the subject English Language and Literature Studies - Literature, grade: 1,3, Humboldt-University of Berlin (Institut für Anglistik), course: Mid-Victorian Social Problem Novels, 9 entries in the bibliography, language: English, comment: Based on a close analysis of Elizabeth Gaskell's novel Mary Barton, the paper outlines the position on the Social Question of this Mid-Victorian author. Gaskell believed that a return to Christian values (charity etc.) could be a solution to the Social Question that had arisen as a consequence of industrialization in the 19th century., abstract: Die Gesellschaft der Bundesrepublik hat sich seit dem 2. Weltkrieg stark verändert. Die damals bestehenden traditionellen Bindungen gelten heute weniger, gesellschaftliche Institutionen wie Parteien und Kirche verlieren immer mehr an Einfluss. Die Gesellschaft individualisiert sich immer weiter und stellt damit das politische System vor andere Bedingungen. Doch wie sehen diese Bedingungen genau aus? Kann die Vermittlung von Politik heute noch genauso vor sich gehen wie vor 20 Jahren oder muss das politische System heute im Bereich der Kommunikation neue Wege gehen? Und inwieweit ist dies mit den Rahmenbedingungen der politischen Vermittlung, welche im Grundgesetz verankert sind, vereinbar? Stellt die veränderte Situation vielleicht sogar eine Gefahr für die Demokratie dar? Diesen Fragen wird in dieser Hausarbeit nachgegangen. Um Antworten auf diese Fragen zu finden wird zunächst dargelegt, wie der Gesetzgeber die Rolle der politischen Vermittlung

durch die Parteien vorgesehen hat. Danach wird der Frage nachgegangen, inwiefern sich die deutsche Gesellschaft verändert, um daraufhin das Mediensystem zu analysieren. Hinsichtlich des Mediensystem wird der Schwerpunkt auf die Einführung des Privatfernsehens und dessen Auswirkungen gelegt und inwiefern man hier von einer Macht der Medien" sprechen kann. Novel Possibilities

The love affair between a neglected wife and a mysterious soldier is “a perfect ghost story” from the acclaimed author of *The Siege and The Betrayal* (*The Independent*). In the winter of 1952, Isabel Carey moves to the East Riding of Yorkshire with her new husband, Philip, a doctor. While he spends long hours on call, Isabel finds herself lonely and vulnerable, trying to adjust to the realities of being a country housewife. One evening, Isabel is woken by intense cold. Hunting for extra blankets, she discovers an old Royal Air Force greatcoat hidden in the back of a cupboard. Sleeping under the coat for warmth, she starts to dream and is soon startled by a knock at her window—where a young RAF pilot stands outside, wearing that same coat. His powerful presence both disturbs and excites Isabel. And soon, their unexpected connection sparks an affair that will change them both irreparably. “Written in crisp, enthralling prose,” *The Greatcoat* is an atmospheric tale of love and war that blurs the line between the real and the imaginary (*The New Yorker*). “Dunmore’s gift, familiar from *The Siege and The Betrayal*, is to use a finely drawn domestic setting to show the great events of European history on a human scale. She doesn’t need ‘horror’ to spook her readers; our past is bad enough.” —*The Guardian* “The most elegant flesh-creeper since *The Woman in Black*.” —*The Times* (London) “The sense of déjà vu surrounding the story makes it all the more chilling . . . Tense and engaging.” —*The New Yorker*

Joseph Childers contends that novels such as Benjamin Disraeli's *Coningsby*, Elizabeth Gaskell's *Mary Barton*, and Charles Kingsley's *Alton Locke* were in direct competition with other forms of public discourse for interpretive dominance of their age. Childers examines the interactions between the novel and a set of texts generated by parliamentary and radical politics, the sanitation reform movement, and religion. Reversing the position of earlier studies of this period, he argues that the novel was in fact constitutive of—and often provided the model for—texts as diverse as the political agendas of Robert Peel and T. B. Macaulay or Edwin Chadwick's enormously important *Report on the Sanitary Condition of the Labouring Population of Great Britain*, with its seemingly encyclopedic description of the conditions of poverty.

Fans of social realism will appreciate the surprisingly nuanced and multi-faceted perspective on Victorian era morals and mores offered in Elizabeth Cleghorn Gaskell's sweeping novel *Ruth*. The story follows the fortune of Ruth, an orphan who is tricked into an

intimate relationship with an aristocrat who later abandons her when she is pregnant with his child. Ruth, distraught, struggles with the social strictures that paint her as an irredeemable sinner. Can she and her child survive? Read Ruth to find out.

Mary Barton a Tale of Manchester Life by Mrs. Gaskell

Gravil shows Mary Barton to be a much more conflicted novel than it is usually thought to be, takes issue with patronizing accounts of Gaskell's views, and promotes her as an author whose grasp of the political and economic issues of the period runs deeper than is usually acknowledged. The Book considers what it meant to be a Unitarian in the hungry forties, what Gaskell understood of Chartism and 'political economy'; and attitudes to women's rights. It discusses the many ambiguities and instabilities in the book - suggesting where the reader may need to take issue with some of the standard critical assumptions about Gaskell's text, and considers how she might be compared to Dickens - and what Dickens learned from her. And it discusses some contemporary (i.e. Victorian) and recent critical approaches to the book. The aim is to leave the reader with a great deal of respect for a novel that is sometimes underestimated - while pointing out some of its real departures from the best practice of Realist writers, practices that Mrs Gaskell herself did much to invent.

Gothic Tales

This volume explores the intersection between culinary history and literature across a period of profound social and cultural change. Split into four parts, essays focus on the relationships between eating and childhood reading in the Victorian era, the role of hunger in depicting social instability and reform, the cultivation of taste through advertising and the formation of cultural legacies through imaginative and emotional experiences of food and drink. Contributors show that studying consumption is necessary for a full understanding of class, gender, national identity and the body. The works of writers such as Elizabeth Gaskell, Edward Lear, Isabella Beeton and Bram Stoker are considered alongside advice manuals, Home Front narratives and advertising to provide an innovative work that will be of interest to scholars of social, cultural and medical history as well as literary studies.
