Decision at Midnight

Reports of the Inspectors of Mines of the Anthracite and Bituminous Coal Regions of Pennsylvania, for the Year

A vivid and intimate account of the Ukrainian Revolution, the rare moment when the political became the existential. What is worth dying for? While the world watched the uprising on the Maidan as an episode in geopolitics, those in Ukraine during the extraordinary winter of 2013–14 lived the revolution as an existential transformation: the blurring of night and day, the loss of a sense of time, the sudden disappearance of fear, the imperative to make choices. In this lyrical and intimate book, Marci Shore evokes the human face of the Ukrainian Revolution. Grounded in the true stories of activists and soldiers, parents and children, Shore's book blends a narrative of suspenseful choices with a historian's reflections on what revolution is and what it means. She gently sets her portraits of individual revolutionaries against the past as they understand it—and the future as they hope to make it. In so doing, she provides a lesson about human solidarity in a world, our world, where the boundary between reality and fiction is ever more effaced.

Report of the Department of Mines of Pennsylvania

Gruesome Spectacles tells the sobering history of botched, mismanaged, and painful executions in the U.S. from 1890 to the present. Since the book's initial publication in 2014, the cruel and unusual executions of a number of people on death

row, including Clayton Lockett in Oklahoma and Joseph Wood in Arizona, have made headlines and renewed vigorous debate surrounding the death penalty in America. Austin Sarat's book instantly became an essential resource for citizens, scholars, and lawmakers interested in capital punishment—even the Supreme Court, which cited the book in its recent opinion, *Glossip v. Gross*. Now in paperback, the book includes a new preface outlining the latest twists and turns in the death penalty debate, including the recent galvanization of citizens and leaders alike as recent botched executions have unfolded in the press. Sarat argues that unlike in the past, today's botched executions seem less like inexplicable mishaps and more like the latest symptoms of a death penalty machinery in disarray. *Gruesome Spectacles* traces the historical evolution of methods of execution, from hanging or firing squad to electrocution to gas and lethal injection. Even though each of these technologies was developed to "perfect" state killing by decreasing the chance of a cruel death, an estimated three percent of all American executions went awry in one way or another. Sarat recounts the gripping and truly gruesome stories of some of these deaths—stories obscured by history and to some extent, the popular press.

They tell me that my memory will never be the same, that I'll start forgetting things. At first just a little, and then a lot. So I'm writing to remember. Sammie McCoy is a girl with a plan: graduate at the top of her class and get out of her small town as soon as possible. Nothing will stand in her way--not even the rare genetic disorder the doctors say will slowly steal her memories and then her health. So the memory book is born: a journal written to Sammie's future self, so she can remember everything from where she stashed her study guides to just how great it feels to have a best friend again. It's where she'll record every perfect detail of her first date with longtime-crush Stuart, a gifted young writer home for the summer. And where she'll admit how much she's missed her childhood friend Cooper, and the ridiculous lengths he will go to make her laugh. The memory book will ensure Sammie never forgets the most important parts of her life--the people who have broken her heart, those who have mended it--and most of all, that if she's going to die, she's going to die living. This moving and remarkable novel introduces an inspiring character you're sure to remember, long after the last page.

A Midsummer-night's Dream

On 2 January 1988, Canada and the United States signed what was then the most comprehensive free trade agreement the world had ever seen. This book is the story of those FTA negotiations, the preparations for and conduct of the negotiations, as well as the ideas and issues behind them. From their unique perspective as participants, Michael Hart, Bill Dymond, and Colin Robertson capture the drama and the personalities involved in the long struggle to make a free trade deal. They describe the extensive consultations, the turf-fighting among insiders, the innate caution of both politicians and

bureaucrats, and the need to cultivate powerful constituencies in order to overcome the inertia of conventional wisdom.

Midnight Falls

In 1943, The United Kingdom is alive with men and women making ready for the greatest invasion in history: preparing to assault Hitler's Fortress Europe. The skies are full of training aircraft, their engines merging with the throb of the RAF and USAAF bombers heading on round-the-clock missions against Germany. With fresh bloodshed on the horizon, the coming Christmas preparations seem even more poignant. But with just ten days to go, the seasonal mood is shattered in the quiet market town of Wantage in Berkshire by the discovery of two badly battered bodies. It seems that the victims were tortured before being beaten to death. Detective Chief Superintendent Tommy Livermore and DS Suzie Mountford, Tommy's right-hand woman and secret lover, are assigned to the case. The bodies are identified as Lieutenant Colonel Tim Weaving, an officer commanding a detachment from the Glider Pilot Regiment stationed at a nearby airfield; and Emily Burrage, wife of the town's hero, an officer with the Desert Rats who was awarded the Victoria Cross at Tobruk. As they begin to investigate the double murder, Tommy and Suzie are joined by Curry Shepherd, a representative of the Intelligence Services. It is possible that an enemy agent has interrogated Tim Weaving and as he was in possession of information concerning the plans for Overlord---the Allied plan for the invasion of occupied Europe---things become urgent. Suzie finds herself seconded to War Office Intelligence Liaison and so enters the secret world. This is a surprising, dark, and imaginative novel from one of Britain's best thriller writers.

Troubled Midnight

For each of us, there is one event or series of events that shapes the direction of our lives. His life became a journey of exploration, complicated by his deep-seated ties to the land and family home, The Homestead where he was raised. Part memoir, part oral history, *Earthbound* is a story of resilience, love, hate, and redemption. Set in the rich farmland of Western New Jersey beginning in 1914, the story is told through the voices of three generations which transcends a family biography to become a social history of our national experience that gives you a deeper understanding of what America is all about. *Earthbound* is a richly detailed portrait of a society in transition, as small family farms gave way to an increasingly urbanized lifestyle. Ballinger became an actor, teacher, director, photographer, horse breeder and more. He married twice and fathered two sons and a daughter. Ten years before his death in 2005, he began researching *Earthbound*, beginning by interviewing members of his family in a quest to uncover the roots of the man he had become.

The Ukrainian Night

Golden Cross Journal

Whiskey Road chronicles two generations of women who use every faculty at their disposal to carve out meaningful lives in the oppressive south of the Depression era. Lillian Taylor Jackson struggles to rectify her past as a wealthy plantation owner's son's paramour in Virginia when it comes home to roost after the murder of her loving husband Denver at the hands of a notorious hate group. As a single mother of two daughters, Goldie and Rose, she must find a way to navigate the heated political climate, complex racial tensions, and social hierarchy in Aiken, South Carolina, the small town hotbed where rum-running turf wars run like deep waters underneath the wealthy white elite stronghold. As tough as life is, Lillian appears to have everything under control-until Goldie falls for the notorious rum-runner Jake Freeman while fending off the advances of Mayor Zachary Stanton, Jr.-pushing Lillian to confront the past she'd hoped would remain forever buried knowing that doing so could lead to her family's ultimate destruction. Whiskey Road is a convincing look into the annals of the fight for equality in the old South during the Prohibition era, where people of both races are caught between unwritten social and legal constructs, their conscience, and a world bringing change with the force of a harshly indifferent tornado.
