## **The 7 Laws of Magical Thinking**

For fans of *Hatchet* and *Island of the Blue Dolphins* comes Theodore Taylor's classic bestseller and Lewis Carroll Shelf Award winner, *The Cay*. Phillip is excited when the Germans invade the small island of Curaçao. War has always been a game to him, and he's eager to glimpse it firsthand—until the freighter he and his mother are traveling to the United States on is torpedoed. When Phillip comes to, he is on a small raft in the middle of the sea. Besides Stew Cat, his only companion is an old West Indian, Timothy. Phillip remembers his mother's warning about black people: "They are different, and they live differently." But by the time the castaways arrive on a small island, Phillip's head injury has made him blind and dependent on Timothy. "Mr. Taylor has provided an exciting story...The idea that all humanity would benefit from this special form of color blindness permeates the whole book...The result is a story with a high ethical purpose but no sermon."—New York Times Book Review "A taut tightly compressed story of endurance and revelation...At once barbed and tender, tense and fragile—as Timothy would say, 'outrageous good.'"—Kirkus Reviews \* "Fully realized setting...artful, unobtrusive use of dialect...the representation of a hauntingly deep love, the poignancy of which is rarely achieved in children's literature."—School Library Journal, Starred "Starkly dramatic, believable and compelling."—Saturday Review "A tense and moving experience in reading."—Publishers Weekly "Eloquently underscores the intrinsic brotherhood of man."—Booklist "This is one of the best survival stories since *Robinson Crusoe*."—The Washington Star · A New York Times Best Book of the Year · A School Library Journal Best Book of the Year · A Horn Book Honor Book · An American Library Association Notable Book · A Publishers Weekly Children's Book to Remember · A Child Study Association's Pick of Children's Books of the Year · Jane Addams Book Award · Lewis Carroll Shelf Award · Commonwealth Club of California: Literature Award · Southern California Council on Literature for Children and Young People Award · Woodward School Annual Book Award · Friends of the Library Award, University of California at Irvine

## **The Lost Boy**

A stunningly powerful novel of man's will to survive against all odds, by the winner of the 1998 Nobel Prize for Literature. "This is a shattering work by a literary master."—The Boston Globe A New York Times Notable Book of the Year A Los Angeles Times Best Book of the Year A city is hit by an epidemic of "white blindness" which spares no one. Authorities confine the blind to an empty mental hospital, but there the criminal element holds everyone captive, stealing food rations and raping women. There is one eyewitness to this nightmare who guides seven strangers—among them a boy with no mother, a girl with dark glasses, a dog of tears—through the barren streets, and the procession becomes as uncanny as the surroundings are harrowing. A magnificent parable of loss and disorientation and a vivid evocation of the horrors of the twentieth century, *Blindness* has swept the reading public with its powerful portrayal of man's worst appetites and weaknesses—and man's ultimately exhilarating spirit.

## **The Cinema of Mika Kaurismäki**

This open access book presents fresh ethnographic work from the regions of Africa and Melanesia—where the popularity of charismatic Christianity can be linked to a revival and transformation of witchcraft. The volume demonstrates how the Holy Spirit has become an adversary to the reconfirmed presence of witches, demons, and sorcerers as manifestations of evil. We learn how this is articulated in spiritual warfare, in crusades, and in healing or witch-killing raids. The contributors highlight what happens to phenomena that people address as locally specific witchcraft or sorcery when re-molded within the universalist Pentecostal demonology, vocabulary, and confrontational methodology.

## **The Hesitant Mistress**

In this witty and perceptive debut, a former editor at Psychology Today shows us how magical thinking makes life worth living. Psychologists have documented a litany of cognitive biases- misperceptions of the world-and explained their positive functions. Now, Matthew Hutson shows us that even the most hardcore skeptic indulges in magical thinking all the time-and it's crucial to our survival. Drawing on evolution, cognitive science, and neuroscience, Hutson shows us that magical thinking has been so useful to us that it's hardwired into our brains. It encourages us to think that we actually have free will. It helps make us believe that we have an underlying purpose in the world. It can even protect us from the paralyzing awareness of our own mortality. In other words, magical thinking is a completely irrational way of making our lives make rational sense. With wonderfully entertaining stories, personal reflections, and sharp observations, Hutson reveals our deepest fears and longings. He also assures us that it is no accident his surname contains so many of the same letters as this imprint.

## **Vitro**

Imagine a young boy who has never had a loving home. His only possessions are the old, torn clothes he carries in a paper bag. The only world he knows is one of isolation and fear. Although others had rescued this boy from his abusive alcoholic

mother, his real hurt is just begining -- he has no place to call home. This is Dave Pelzer's long-awaited sequel to A Child Called "It". In The Lost Boy, he answers questions and reveals new adventures through the compelling story of his life as an adolescent. Now considered an F-Child (Foster Child), Dave is moved in and out of five different homes. He suffers shame and experiences resentment from those who feel that all foster kids are trouble and unworthy of being loved just because they are not part of a "real" family. Tears, laughter, devastation and hope create the journey of this little lost boy who searches desperately for just one thing -- the love of a family.

## **Better Off Dead**

Mike Birbiglia never wanted to be a father. In fact, there are seven very specific reasons he never wanted a kid, including his aversion to sticky surfaces and his less-than-ideal genes: he's had Lyme Disease, a bladder tumor, diabetes, and dangerous sleepwalking, to name a few. Not to mention the fact that Mike generally doesn't think people (including himself) are really all that great. Then Mike's wife, poet Jen Hope Stein, becomes infected with the contagion "baby fever" and convinces him she'll do all of the parenting and that their lives don't have to change because of future baby Oona. Yes, he bought that line. In a hilarious memoir about the trials and tribulations of parenting, Mike Birbiglia shares anecdotes all parents can relate to, including laugh-out-loud observations on the lead up to being a parent, the birth of the baby, and the very messy aftermath of bringing this new one home for a forever stay! Borne out of and based on his Broadway show The New One, and entirely expanded upon with at least 50% new material for this book, new dad Birbiglia will have you crying from laughter and smiling with joy as he falls in love with baby Oona, despite how smelly she is! Mike's candid thoughts on his reluctance about becoming a dad, what he describes as being the "pudgy milkless vice president of his family," laced with Stein's poetry combine to form a heartfelt and hilarious book.

Zombie stories are peculiarly American, as the creature was born in the New World and functions as a reminder of the atrocities of colonialism and slavery. The voodoo-based zombie films of the 1930s and '40s reveal deep-seated racist attitudes and imperialist paranoia, but the contagious, cannibalistic zombie horde invasion narrative established by George A. Romero has even greater singularity.

This book provides a cultural and critical analysis of the cinematic zombie tradition, starting with its origins in Haitian folklore and tracking the development of the subgenre into the twenty-first century. Closely examining such influential works as Victor Halperin's *White Zombie*, Jacques Tourneur's *I Walked with a Zombie*, Lucio Fulci's *Zombi 2*, Dan O'Bannon's *The Return of the Living Dead*, Danny Boyle's *28 Days Later*, and, of course, Romero's entire "Dead" series, it establishes the place of zombies in the Gothic tradition. Instructors considering this book for use in a course may request an examination copy here.

## **The Fool's Progress**

Africa is a complicated place, and the Peace Corps Volunteers who have worked in 43 African nations have seen it all: from public executions to public celebrations to life in a time of AIDS. This heartfelt collection is the first of its kind to chronicle 50 years of Peace Corps service. Stories range from poignant to hilarious, involve political intrigue and cultural missteps, illuminating the joys and agony of volunteering abroad and representing the United States in the process. Sixty stories provide a broad overview and give readers a glimpse into the life and times of these brave volunteers, who each learned at least one new language and went to work in the villages and cities from Morocco to South Africa. They worked hard, too. But in these stories you will see that they also danced, faced death by elephant, and witnessed unbearably grim events. One is admired for her "big butt," another reminded that he had taught proper police procedure in a time of civil unrest. Saying "I was there" is sometimes a bittersweet declaration.

## **American Zombie Gothic**

The submissive man in a vanilla relationship faces a daunting challenge. How can he convince his demure girlfriend to take charge without turning her off? How can he show her that female domination is not a sick stereotype, but a healthy and romantic way to enhance her life? This book is the answer to his prayers. His girlfriend's hesitation is perfectly understandable. Since female dominants are so often depicted as arrogant sadists intent on hurting and humiliating men, it's not surprising that any woman would feel reluctant to adopt this role in her relationship. After all, who would treat her beloved partner as if she hated him? But she has no need to worry. The real female dominant is not a cruel psychopath. Her relationship involves mutual trust, cooperation, and communication. She can be nurturing and reasonable. She can share her feelings and needs. She can be herself, more bravely than ever - and her partner will love her for it. In *The Hesitant Mistress*, author and dominant Dvanna Hightower gently introduces the novice mistress to a new world of life-enhancing possibilities. The male submissive will try to give his lady everything she desires; all she needs to do is recognize the confidence she already has inside her. ## **Gynecocracy. A Narrative of the Adventures and Psychological Experiences of Julian Robinson (afterwards Viscount Ladywood) Under Petticoat-Rule, Written by Himself**

The #1 New York Times bestselling author's ultimate edition of his wildly successful first novel featuring his "preferred text"—and including his special Neverwhere tale "How the Marquis Got His Coat Back" Published in 1997, Neil Gaiman's darkly hypnotic first novel, *Neverwhere*, heralded the arrival of a major talent and became a touchstone of urban fantasy. Over the years, a number of versions were produced both in the U.S. and the U.K. Now Gaiman's preferred edition of his classic novel reconciles these works and reinstates a number of scenes cut from the original published books. *Neverwhere* is the story of Richard Mayhew, a young London businessman with a good heart and an ordinary life, which is changed forever when he discovers a girl bleeding on the sidewalk. He stops to help her—an act of kindness that plunges him into a world he never dreamed existed. Slipping through the cracks of reality, Richard lands in the *Neverwhere*—a London of shadows and darkness, monsters and saints, murderers and angels that exists entirely in a subterranean labyrinth. The *Neverwhere* is home to Door, the mysterious girl Richard helped in the London Above. Door, a noblewoman whose family has been murdered, is on a quest to find the agent that slaughtered her family and thwart the destruction of this underworld kingdom. If Richard is ever to return to his former life, he must join the journey to save Door's world—and find a way to survive. A hallucinatory fantasia of mystery, mythology, and terror that "draws equally from George Lucas, Monty Python, Doctor Who, and John Milton" (*USA Today*), *Neverwhere* is an "Alice in Wonderland with a punk

edge" (Poppy Z. Brite), "that is both the stuff of dreams and nightmares" (San Diego Union-Tribune).

## **Hawaii Place Names**

Following an indiscretion with a maid, exuberant Julian Robinson is sent to his family's country estate to be educated by a beautiful and bewitching French governess, Mademoiselle de Chambonnard, who subjects him to a rigorous disciplinary regime of birching and cross-dressing. Complete in three volumes, Gynecocracy is an influential masterpiece of Victorian clandestine erotica, first published in 1893. It is significant for the novelty of its focus on the subjection of a young man to women through enforced cross-dressing. This Birchgrove Press edition includes the excerpt from Don Juan, which modern reprints often omit, and a number of chapter head decorations from a nineteenth-century edition. The authorship of Gynecocracy is usually attributed to an English lawyer, Stanislas Matthew de Rhodès (1857-1932), who is also credited with writing The Yellow Room (1891) and The Petticoat Dominant (1898), which are also available from Birchgrove Press.

### **Real Life Female Domination**

WINNER OF THE THURBER PRIZE The compelling, inspiring, (often comic) coming-of-age story of Trevor Noah, set during the twilight of apartheid and the tumultuous days of freedom that followed. One of the comedy world's brightest new voices, Trevor Noah is a light-footed but sharp-minded observer of the absurdities of politics, race and identity, sharing jokes and insights drawn from the wealth of experience acquired in his relatively young life. As host of the US hit show The Daily Show with Trevor Noah, he provides viewers around the globe with their nightly dose of biting satire, but here Noah turns his focus inward, giving readers a deeply personal, heartfelt and humorous look at the world that shaped him. Noah was born a crime, son of a white Swiss father and a black Xhosa mother, at a time when such a union was punishable by five years in prison. Living proof of his parents' indiscretion, Trevor was kept mostly indoors for the first years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, take him away. A collection of eighteen personal stories, Born a Crime tells the story of a mischievous young boy growing into a restless young man as he struggles to find his place in a world where he was never supposed to exist. Born a Crime is equally the story of that young man's fearless, rebellious and fervently religious mother - a woman determined to save her son from the cycle of poverty, violence and abuse that ultimately threatens her own life. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Noah illuminates his curious world with an incisive wit and an unflinching honesty. His stories weave together to form a personal portrait of an unlikely childhood in a dangerous time, as moving and unforgettable as the very best memoirs and as funny as Noah's own hilarious stand-up. Born a Crime is a must read.
