John Haynes

Harley-Davidson FLH/FLT Touring

Acclaimed as one of the most exciting books in the history of American letters, this modern epic became an instant bestseller upon publication in 1974, transforming a generation and continuing to inspire millions. This 25th Anniversary Quill Edition features a new introduction by the author; important typographical changes; and a Reader's Guide that includes discussion topics, an interview with the author, and letters and documents detailing how this extraordinary book came to be. A narration of a summer motorcycle trip undertaken by a father and his son, the book becomes a personal and philosophical odyssey into fundamental questions of how to live. The narrator's relationship with his son leads to a powerful self-reckoning; the craft of motorcycle maintenance leads to an austere beautiful process for reconciling science, religion, and humanism. Resonant with the confusions of existence, *Zen and the Art of Motorcycle Maintenance* is a touching and transcendent book of life.

Popular Mechanics

The popular how-to series with full color photography, fresh designs, step-by-step instructions, more practical and easy-to-use content, and written by the top experts in the industry. In the mid-1990s, fuel injection was available on only a handful of exotic, high-dollar European motorcycles. Today it is the predominant motorcycle technology. Despite its prevalence, very few motorcyclists understand fuel injection. "Motorcycle Fuel Injection Handbook dissects its mysteries, thoroughly explaining the technology from its origins through its subsequent development and examines ways to modify the technology for optimum performance. Systems from all the major manufacturers are included as are aftermarket products. "Motorcycle Fuel Injection Handbook discusses remapping tips, racing bike systems, and future development. It is the ultimate resource for those who want to master the most important motorcycle technology of our time.

BMW 2-Valve Twins 1970-1996

Guzziology has been called the bible for owning, operating, maintaining, servicing, repairing, updating, and modifying Moto Guzzi motorcycles. It has been continually updated for over a quarter of a century. Author Dave Richardson has 34 years of experience working in Moto Guzzi dealerships. Guzziology has been purchased by Guzzisti in all 50 US states, all 10 Canadian provinces, all 7 continents (Yes, someone ordered a copy from Antarctica!), and over 40 countries. This is the latest version, Version 9.
