Personal Financial Planning

Focus on Personal Finance is a brief, 14-chapter book, covering the critical topics in Personal Finance courses. This 4-color, paperback text is designed and written to appeal to a range of ages, life situations, and levels of financial literacy. A unique aspect of this text is its active approach. This text will not only get your students thinking about their current situation and financial goals, but also encourage them to put these in writing to use as a guide and revise over the course of their lives. New for this edition, sections are oriented around specific action-items for students. The more a student involves themselves in the assessments, exercises and worksheets provided, the more they will discover about their current habits and how to improve them for greater financial freedom. Students have many different financial goals, but none are more important than having a basic understanding of financial issues and peace of mind with regard to their decisions. The ultimate goal of Focus on Personal Finance is to get students to this point as a first step to achieving the many financial goals they have set for themselves.

Accelerate your journey to financial freedom with the tools, strategies, and mindset of money mastery. Regardless of your stage of life and your current financial picture, the quest for financial freedom can indeed be conquered. The journey will demand the right tools and strategies along with the mindset of money mastery. With decades of collective wisdom and hands-on experience, your guides for this expedition are Peter Mallouk, the only man in history to be ranked the #1 Financial Advisor in the U.S. for three consecutive years by Barron’s (2013, 2014, 2015), and Tony Robbins, the world-renowned life and business strategist. Mallouk and Robbins take the seemingly daunting goal of financial freedom and simplify it into a step-by-step process that anyone can achieve. The pages of this book are filled with real-life success stories and vital lessons, such as...

- Why the future is better than you think and why there is no greater time in history to be an investor
- How to chart your personally tailored course for financial security
- How markets behave and how to achieve peace of mind during volatility
- What the financial services industry doesn’t want you to know
- How to select a financial advisor that puts your interests first
- How to navigate, select, or reject the many types of investments available

Success without fulfillment is the ultimate failure! Financial freedom is not only about money—it’s about feeling deeply fulfilled in your own personal journey “Want an eye-opening guide to money management—one that tells it like it is and will make you laugh along the way? Peter Mallouk’s tour of the financial world is a tour de force that’ll change the way you think about money.” —Jonathan Clements, Former Columnist for The Wall Street Journal “Robbins is the best economic moderator that I’ve ever worked with. His mission to bring insights from the world’s greatest financial minds to the average investor is truly inspiring.” —Alan Greenspan, Former Federal Reserve Chairman “Tony is a force of nature.” —Jack Bogle, Founder of

The tenth edition of Mathematical Ideas is the best ever! We have continued with the features and pedagogy that has made this book so successful over the years and at the same time, we've spent a considerable amount of time to incorporate fresh data, new photos, and new content (by way of a new chapter on trigonometry). We have tried to reflect the needs of our users - both long-time readers and those new to the Math Ideas way of teaching liberal arts math. We hope you'll be pleased with the results. - Chapter Openers Each chapter opens with an application related to the chapter topic. These help students see the relevance of mathematics they are about to learn. - Varied Exercise Sets We continue to present a variety of exercises including drill, conceptual, and applied problems. We continue to use graphs, tables, and charts when appropriate. Most sections include a few challenging exercises that require students to extend the ideas presented in the section. To address the issue of writing across the curriculum, most exercise sets include some exercises that require the student to answer by writing a few sentences. - For Further Thought These entries encourage students to discuss a
