Our Story

Attributed to King David, Perek Shirah is recited every day by more and more people - but never has it been presented as beautifully and clearly as in this magnificent book. In Perek Shirah, all components of Creation - natural phenomena, animals, birds, fish - sing their own praises of their Maker. In this beautiful full-color book, each page features a magnificent photo, accompanied by the text and a lyrical translation of that creation's song, and an incisive, stimulating comment that lets us hear and absorb the inner meaning of Perek Shirah.

Relevance

Also examined. Authoritative and completely accessible, Sephardim will appeal to anyone interested in Spanish culture and Jewish civilization. Each chapter ends with a list of recommended reading, and the book includes an extensive bibliography of works in Spanish, French, and English. Fully updated by the author since its publication in Spanish, Sephardim also features notes by the translator that illuminate references which might otherwise be obscure to an.

Phrasis

This is volume 13 of the edition of the complete Jerusalem Talmud. Within the Fourth Order Neziqin (“damages”), these two tractates deal with various types of oaths and their consequences (Ševu’ot) and laws pertaining to Jews living amongst gentiles, including regulations about the interaction between Jews and “idolators” (‘Avodah Zarah).

The Shoah in the Sephardic Communities

A history of the Jewish community in Britain, including resettlement, integration, acculturation, economic transformation and immigration.

Sidur Šim Shalom Le-shabat Vele-yom Tov

The Spanish and Portuguese Jews of seventeenth-century Amsterdam cultivated a remarkable culture centered on the Bible. School children studied the Bible systematically, while rabbinic literature was pushed to levels reached by few students; adults met in confraternities to study Scripture; and families listened to Scripture-based sermons in synagogue, and to help pass the long, cold winter nights of northwest Europe. The community's rabbis produced creative, and often unprecedented scholarship on the Jewish Bible as well as the New Testament. Amsterdam's People of the Book shows that this unique, Bible-centered culture resulted from the confluence of the Jewish community's Catholic and converso past with the Protestant world in which they came to live. Studying Amsterdam's Jews offers an early window into the prioritization of the Bible over rabbinic literature -- a trend that continues through modernity in western Europe. It allows us to see how Amsterdam's rabbis experimented with new historical methods for understanding the Bible, and how they grappled with doubts about the authority and truth of the Bible that were growing in the world around them. Amsterdam's People of the Book allows us to appreciate how Benedict Spinoza's ideas were in fact shaped by the approaches to reading the Bible in the community where he was born, raised, and educated. After all, as Spinoza himself remarked, before becoming Amsterdam's most famous heretic and one of Europe's leading philosophers and biblical critics, he was "steeped in the common beliefs about the Bible from childhood on."

Encyclopaedia Judaica Year Book

An accessible introduction to the classics of Jewish literature, from the Bible to modern times, by "one of America's finest literary critics" (Wall Street Journal). Jews have long embraced their identity as “the people of the book.” But outside of the Bible, much of the Jewish literary tradition remains little known to nonspecialist readers. The People and the Books shows

how central questions and themes of our history and culture are reflected in the Jewish literary canon: the nature of God, the right way to understand the Bible, the relationship of the Jews to their Promised Land, and the challenges of living as a minority in Diaspora. Adam Kirsch explores eighteen classic texts, including the biblical books of Deuteronomy and Esther, the philosophy of Maimonides, the autobiography of the medieval businesswoman Glückel of Hameln, and the Zionist manifestoes of Theodor Herzl. From the Jews of Roman Egypt to the mystical devotees of Hasidism in Eastern Europe, *The People and the Books* brings the treasures of Jewish literature to life and offers new ways to think about their enduring power and influence.

Biblical Studies on the Internet

Gift of Rabbi W. Gunther Plaut.

Rav Lau on Pirkei Avot: Chapters 1-2

"This is only complete English translation available of the classic Jewish text known as Ein Yaakov." "Ein Yaakov is a collection of all the agaddah material of the Talmud, compiled by Rabbi Yaakov ibn Chaviv, the fifteenth century talmudist." "Aggadah is the non-legal part of the Talmud. Scattered among the more than 2,700 pages of the Talmud, the majority of which deal with the legal intricacies of halachah (Jewish law), aggadah focuses on the ethical and inspirational aspects of the Torah way of life. While halachah appeals to the intellect, aggadah touches the heart and rouses emotions. It is a vast reservoir of Torah thought, logic, and wisdom. Through a wealth of homilies, anecdotes, allegories, pithy sayings, and interpretations of biblical verses, it has been said that aggadah brings you closer to God and His Torah."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Languages in Jewish Communities, Past and Present

The People and the Books: 18 Classics of Jewish Literature

A scholarly journal devoted to the study of Dutch, French, English, German, Spanish, Italian, Latin, (ancient and new) Greek, and the Scandinavian language and literature.

A Study on the Meaning of Ladino, Judezmo, and the Spanish Jewish Dialect

Pirkei Avot is the urtext of Jewish practical wisdom. In many ways, the words of Pirkei Avot were the first recorded manifesto of social justice in Western civilization. This commentary explores text through a lens of contemporary social justice and moral philosophy, engaging both classical commentators and modern thinkers.

Pirke Avot

National Union Catalog

This book offers sociological and structural descriptions of language varieties used in over 2 dozen Jewish communities around the world, along with synthesizing and theoretical chapters. Language descriptions focus on historical development, contemporary use, regional and social variation, structural features, and Hebrew/Aramaic loanwords. The book covers commonly researched language varieties, like Yiddish, Judeo-Spanish, and Judeo-Arabic, as well as less commonly researched ones, like Judeo-Tat, Jewish Swedish, and Hebraized Amharic in Israel today.

The feet of the messenger

The new edition includes more than 4,800 resources available at more than 10,000 Internet sites that provide information on a range of biblical study topics including Bible translations in English and other languages, audio translations of the Bible in English and other languages, commentaries, dictionaries, and other resource materials including ones in Greek, Hebrew and other ancient languages. The author also has adopted a new method of referencing and cataloging the most widely used web pages to facilitate a major expansion of resources without increasing the physical length of the book itself. In cases when ten or more resources are listed on a single web page, the author has assigned the web page a three-digit code. The code is used to identify this web page as a major resource within the main text, while any needed instructions for use of the site are cross-referenced separately in the final chapter. In adopting this concise method, the author was able to add hundreds of additional or updated web resources, a surprising number of which can be downloaded onto a hard drive for immediate and continued use.

The Mishnah

Scientists claim to have found the Tomb of Jesus and that he is buried next to his son. A famous archaeologist says that after 150 chemical tests he could support his theory that Jesus was married and had offspring. A leading Israeli archaeologist and a Canadian documentalist presented the results after 35 years of investigation, claiming that they found the sepulcher of Jesus of Jerusalem, and that he would be buried next to his supposed wife and son. The journalist and documentary maker Simha Jacobovici announced that the archeologist and geologist Arye Shimron determined that the tomb found in 1980 in the Talpiot neighborhood, east of Jerusalem, really belonged to the family of Jesus, reported the Jerusalem Post site. Shimron and his team performed more than 150 chemical tests to determine the antiquity of the tomb, where in addition to Jesus would be buried "Judah, son of Jesus", and his wife, 20 percent of the ossuaries have inscriptions, and most of those found in the Barrio de Talpiot square with the information about the History of Jesus regarding the antiquity and the names, such as María, José and Judah. Although the names were very common in the time of Christ, it is assumed that few families would have a tomb where the kinship is read, for example, between Jesus, Mary and Joseph. Shimron and his team managed to access the so-called Osario de Santiago, found in 2002, where one can read that it belongs to Santiago, son of José, brother of Jesus. The archaeologist noted that the chemicals in the stone are identical to those found in the Talpiot tomb. The chemical composition of the stone of the Ossuary of Santiago and the earth in its interior were identical to the samples obtained from the supposed tomb of the family of Jesus found in Talpiot. "This discovery proves that the ossuary is authentic and that the tomb really belongs to the family of Jesus of Nazareth," said Jacobovici.

The Jews of Britain, 1656 to 2000

Siddur

Avos is a book of ethics, honesty, and advice. But at its very beginning it tells us that even this part of Jewish life came from Sinai. All of that is part of Judaism. This volume presents a new translation and concise commentary on Avos, and contains an Overview that sheds new light on this book. By Rabbi Meir Zlotowitz

The Koren Tehillim (Hebrew/English), Compact

הריש קרפ

Judaism Is Right

The Mishnah, or compilation of oral laws made at the close of the second century A.D., ranks second only to the Hebrew Scriptures as a Jewish national-religious creation and possession, and for sixteen centuries has been an essential ingredient in the education of orthodox Jews, and an object of devotional study through life. (Book jacket).

Encyclopaedia Judaica

Rabbi Aryeh Kaplan has translated Sefer Yetzirah, the oldest and most mysterious of all kabbalistic texts, and now brings its theoretical, meditative, and magical implications to light. He expounds on the dynamics of the spiritual domain, the worlds of the Sefirot, souls, and angels. When properly understood, Sefer Yetzirah becomes the instruction manual for a very special type of meditation meant to strengthen concentration and to aid the development of telekinetic and telepathic powers.

A Bride for One Night

For over forty years, Rebbitzin Esther Jungreis has been a globetrotting spokeswoman for Judaism. Whether counseling a searching soul or addressing a packed house in Madison Square Garden, her message is elegantly universal. In *Life Is A Test*, the Rebbitzin's insights on faith, her soul-stirring wisdom, and her palpable love of all people saturate every page. *Life Is A Test* is really three books in one, each bearing a particular focus to help readers look for the message embedded in any difficulty. The book begins with tests of self-discovery and then examines the challenging realm of interpersonal relationships, concluding with a section on perceiving the Divine Design in the big picture of global events, as well as in one's own world. Regardless of age or experience, people of all persuasions will find meaningful substance in *Life Is A Test*. Rebbitzin Jungreis has captured so many of our deep-seated questions, and has graciously provided us with a decipherable answer key.

Amsterdam's People of the Book

With his modern and accessible English translation, Rabbi Eli Cashdan brings out the lyrical elegance of the Psalms and offers clarity to the English reader. The text is accompanied by a sensitive analysis and commentary by Rabbi Dr. Tzvi Hersh Weinreb, communal leader, qualified psychotherapist and the Executive Vice President Emeritus of the Orthodox Union. Rabbi Weinreb is a distinguished scholar who brings from his many disciplines, an insightful and innovative approach to the understanding of Tehillim. Together with the textual accuracy and aesthetic presentation for which Koren is renowned, the new Koren Tehillim has been thoughtfully designed to provide readers with a deeper connection to the ancient words and the meaning they can bring to our everyday lives.

Ethics from Sinai

All twenty-two original articles in the current volume are based on lectures given at the conference “The Jews in Italy: Their Contribution to the Development and Diffusion of Jewish Heritage”, which was convened in September 2011, at the University of Bologna, Department of Cultural Heritage. Geographically, the articles range from Italy to the Ottoman Empire (the Balkans and Aleppo), from France and Germany to the Middle East, including Israel, North and East Africa (Morocco, Tunisia, Libya, and Ethiopia). Chronologically, articles begin with the Roman period, through the Middle Ages and

Renaissance until modern times. In this collection, the reader will find a wide range of subjects reflecting various scholarly perspectives such as history; Christian-Jewish relations; Kabbalah; commentary on the Bible and Talmud; language, grammar, and translation; literature; philosophy; gastronomy; art; culture; folklore; and education.
