Collins International Primary English is a six-level, multi-component course for the international market which has been carefully developed to meet the needs of teachers and students. This title is endorsed by Cambridge Assessment International Education. Collins International Primary English is a self-contained, cohesive course which develops reading, writing, speaking and listening skills at primary level. The course follows a clear structure and progression through the levels, with carefully selected texts covering both fiction and non-fiction genres, including extracts from the highly successful Collins Big Cat series. The Teacher's Books support the Student's Books by providing comprehensive, clear and easy-to-use teacher resources, including step-by-step lesson plans and suggestions for classroom activities. Provides support as part of a set of resources for the Cambridge Primary curriculum framework from 2018.

Essential German Grammar

Imagine being famous. Being recognized on the street, adored by people who have never even met you, known the world over. Wouldn't that be great? But what if, one day, you got stuck in a country where celebrity means nothing, where no one spoke your language and you didn't speak theirs, where no one knew your face (no

book jackets, no TV) and you had no way of calling home? How would your fame help you then? What if someone got hold of your cell phone? What if they spoke to your girlfriends, your agent, your director, and started making decisions for you? And worse, what if no one believed you were you anymore? When you saw a look-alike acting your roles for you, what would you do? And what if one day you realized your magnum opus, like everything else you'd ever written, was a total waste of time, empty nonsense? What would you do next? Would your audience of seven million people keep you going? Or would you lose the capacity to keep on doing it? Fame and facelessness, truth and deception, spin their way through all nine episodes of this captivating, wickedly funny, and perpetually surprising novel as paths cross and plots thicken, as characters become real people and real people morph into characters. The result is a dazzling tour de force by one of Europe's finest young writers.

It's true that some people spend years studying German before they finally get around to speaking the language. But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of German,

#LanguageHacking shows you how to learn and speak German through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in German from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more.
