It's your Vehicle to Success in the Intermediate Accounting course and beyond! Spiceland/Sepe/Nelson provides a decision maker's perspective to emphasize the professional judgment and critical thinking skills required of accountants today. Reviewers, instructors, and student users of Spiceland have enthusiastically embraced the relaxed, conversational writing style that engages students in an enjoyable and effective learning experience. In addition, accounting's preeminent textbook website provides students a wide variety of electronic learning resources, including iPod content. Study Guide, Instructor's Manual, Solutions Manual, Testbank, and Website content are all created by authors, ensuring seamless compatibility throughout the Spiceland learning package. The end-of-chapter material is also written by the author team and tested in their own classes before being included in Intermediate Accounting. Few areas see the kind of rapid change that accounting does, and the Spiceland team is committed to staying current. The sixth edition fully integrates all the latest FASB Standards, and the authors are committed to keeping you updated with all relevant content changes throughout the edition.

innovative approach that emphasizes critical thinking over the rote memorization of terms, such as “debits” and “credits”. The sequential learning model employed by the authors helps students see the bottom-line consequences of financial statements as it relates to the overall business, better preparing them for careers as accountants, entrepreneurs, and decision-makers. The authors focus initially on conceptual underpinnings -- the reasons why we approach procedures the way we do – rather than confusing students by front-loading the material with over-complicated details. Author Chris Edmonds has also created a highly popular and widely used series of video lectures, which engage students by clearly and charismatically going over each learning objective in a conversational style. These videos help reinforce important lessons and are always available for review. By developing this stronger foundation, students understand Accounting ideas more broadly and are able to ultimately learn procedural applications more quickly and accurately. With a straightforward writing style and highly engaging video lectures, this dynamic author team leads students down a streamlined learning path focused on critical thinking, clarity of concept, and applicability of material to the real world.

meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.

An Easy Introduction to Financial Accounting

Intermediate Accounting: IFRS Edition provides the tools global accounting students need to understand IFRS and how it is applied in practice. The emphasis on fair value, the proper accounting for financial instruments, and the new developments related to leasing, revenue recognition, and financial statement

presentation are examined in light of current practice. Global Accounting Insights highlight the important differences that remain between IFRS and U.S. GAAP, and discuss the ongoing joint convergence efforts to resolve them. Comprehensive, up-to-date, and accurate, Intermediate Accounting: IFRS Edition includes proven pedagogical tools, designed to help students learn more effectively and to answer the changing needs of this course.

Financial Accounting's distinctive focus company approach motivates students by involving them in the business decisions of a real company, demonstrating how using financial accounting information in decision making makes a difference in the success of a firm. This balanced approach ensures students understand both the preparation and use of financial statements. Libby's pedagogical features and wealth of end of chapter material have been praised by students and instructors alike - making it a market leader in financial accounting. In addition, today's students have diverse learning styles and numerous time commitments and they want technology supplements that help them study more efficiently and effectively. Lyryx Assessment, an online homework assessment solution, and iStudy, an interactive online study guide, provide students with powerful online tools tied directly to Financial Accounting Third Canadian edition. These tools will help students maximize their study time and make their learning experience more

enjoyable.

Forthcoming Books

Master the nuances of today's federal taxation using the balanced, conceptual approach in Murphy/Higgins' *CONCEPTS IN FEDERAL TAXATION 2019*. This edition presents the latest tax codes and changes for the most recent tax year using a clear, straightforward approach. You focus on understanding the unifying concepts behind the Internal Revenue Code rather than memorizing the details of the Code. Concepts and applications appear in brief, comprehensible segments that are ideal for CPA Exam review. In addition, examples relate concepts to familiar business scenarios while a wealth of exercises provides more practice than any other book of this kind. CengageNOWv2 online homework tool helps optimize study. Intuit ProConnect software and RIA Checkpoint® Student Edition from Thomson Reuters also provide practice with professional tax tools as you strengthen your conceptual understanding of taxation.

Financial Reporting & Analysis (FR&A) by Revsine/Collins/Johnson/Mittelstaedt emphasizes both the process of financial reporting and the analysis of financial statements. This book employs a true "user" perspective by discussing the contracting and decision implications of accounting and this helps readers understand why accounting choices matter and to whom. Revsine, Collins, Johnson, and Mittelstaedt train their readers to be good financial detectives, able to read, use, and interpret the statements and-most importantly understand how and why managers can utilize the flexibility in GAAP to manipulate the numbers for their own purposes.

An update to Financial and Managerial Accounting for School Administrators: Superintendents, School Business Administrators and Principals, this book and CD includes current best practices, GASB pronouncements, and web-based applications. It also provides school administrators with important accounting background, technique, and applications in the school environment and demonstrates the overall binding effect accounting has on all of the tasks and functions performed by school administrators. Knowledge about accounting and accounting skills pervades all aspects of the day-to-day operation of a school and school district. The proper day-to-day operation of the schools and quality planning and decision-making cannot realistically take place unless administrators and board members have an understanding of school fund accounting. The present and the future will see the need for both financial and managerial accounting. One type will not overshadow the other. Both will continue to evolve and develop to satisfy the needs of society and the education community. Financial and managerial

accounting together can be thought of as the process that gathers, produces, organizes, and presents information that can be consumed by a wide variety of users for the purpose of keeping an organization operating, growing, improving, and changing. This book and CD will be useful to superintendents, school business managers, and principals.

Financial Accounting: Making the Connection 1e, has been developed based on the great success of Financial Accounting 2e, Spiceland, Thomas, Herrmann. 2e was developed with feedback from over 330 reviewers and focus group participants from across the country. With the usage of digital resources growing exponentially, and high Connect usage rates among instructors and students using Financial Accounting, 2e, Financial Accounting: Making the Connection 1e, removes all end of chapter content from the 2e print text, and houses it exclusively in Connect. The result is the same highly successful content contained in 2e, without the added page length of end of chapter problems and exercises. Text with Connect Plus is a mandatory package. (ISBN 0077606191) Financial Accounting: Making the Connection, 1e also provides additional study materials and explanations through short tutorial videos and practice activities that can be accessed via SmartPhone by scanning the Quick Response codes in the margin. Just like with Financial Accounting 2e, the authors, David Spiceland, Wayne Thomas and Don Herrmann, have developed a unique text based on over 50 collective years of experience in the classroom. They've brought together best practices like highlighting Common Mistakes, offering frequent Let's Review exercises, integrating the course with a running Continuing Problem, demonstrating the relevance of the course to non-majors with a Career Corner, and communicating it all in a student-friendly Conversational Writing Style.

CD-ROM. The revision of this text is based around a "Learning System." The revision of this "Learning System" was built on improving the clarity of the chapters, emphasizing more decision-making in order to prepare students for the changes taking place on the CPA exam, acknowledging the diversity of students and their learning styles by creating supplemental materials to assure the success of every student, and creating a consistent text and supplemental package for both students and instructor's giving us the best possible intermediate text on the market. Returning to the Third edition is the award winning "Coach" CD-ROM. The Coach CD-ROM is a multimedia product integrating audio and video clips, animated illustrations, cases, and alternative reading material that helps students comprehend some of the more difficult topics associated with intermediate accounting. Designed specifically for the Spiceland text, instructors and students will find these learning tools placed strategically throughout the text. This is the most comprehensive Learning System in Intermediate Accounting. At only 1120 pages (300 pages less than the average intermediate accounting text), Spiceland/S/T has not sacrificed content for pages. Instead, the authors have created a very flexible text with a student friendly writing style that focuses on explaining not just how to apply a procedure, but why it's applied.

Intermediate Accounting: IFRS Edition (Global Edition) is an adaptation of Intermediate Accounting by David Spiceland, Jim Sepe, and Mark Nelson. This IFRS edition continues the strong tradition of the original text with its unique learning features but includes completely new in-depth content that is based on the IFRS. It aims to provide a rich learning experience for the global audience—it is written for the accounting student in the global IFRS community, with the primary purpose of enabling them to develop strong competencies in the IFRS. The IFRS edition has been designed to ensure students' careers are built upon a solid conceptual foundation that explains and presents the application of the IFRS clearly and in the engaging and conversational style of the original Spiceland text. It is the work of an expanded team of talented authors that includes three new authors who have taught and researched extensively on IFRS-related issues. The authors bring their rich pool of experience and knowledge of IFRS and insights on the real-world impact of the IFRS to this textbook. The IFRS edition presents a wealth of explanations, illustrations, real-world cases and challenging problems to equip accounting students worldwide with a rigorous understanding of the IFRS and their

applications. It is built upon the strengths of the original Spiceland text, which draws upon the feedback of more than 600 faculty reviewers who shared their insights, experience, and opinions with the authors. Key attributes The Intermediate Accounting learning system is built around these key attributes:

- Clarity – Both simple and complex topics are explained in language that is clear and approachable. The highly acclaimed conversational writing style establishes a friendly dialogue between the text and each individual student.
- A Decision-Making Perspective – A decision maker’s perspective to emphasize the professional judgment and critical thinking skills required of accountants today is provided in the text where relevant. This equips accounting students with professional skills needed to critically evaluate accounting method alternatives.
- Consistent Quality – Major supplements (Instructor’s Resource Manual, Solutions Manual, and Testbank) and end-of-chapter material are written and tested by the authors themselves to ensure seamless compatibility throughout the Spiceland learning package.
- A Commitment to Currency – The suite of IFRS that are relevant to intermediate accounting students worldwide is fully integrated, and the latest IASB standards, including IAS No. 19 Employee Benefits (2013), IFRS No. 9 Financial Instruments and IFRS No. 13 Fair Value Measurement are presented in this textbook. The authors have also added supplements and/or appendices addressing the joint IASB/FASB projects on revenue recognition, leases and financial instruments.

Garrison - Your guide through the challenging waters of managerial accounting. For centuries, the lighthouse has stood as a beacon of guidance for mariners at sea. More than an aid to navigation, the lighthouse symbolizes safety, permanence, reliability, and the comforts of the familiar. For this reason, we have chosen to illustrate the Canadian eighth edition of *Managerial Accounting* by Garrison, Chesley, Carroll and Webb with an image that encapsulates the greatest strengths of this market leading text. Garrison is your guide through the challenging waters of managerial accounting. It identifies the three functions managers must perform within their organizations—plan operations, control activities, and make decisions—and explains what accounting information is necessary for these functions, how to collect it, and how to interpret it. *Managerial Accounting* focuses, now as in the past, on three qualities: Relevance, Balance and Clarity. The authors' steady focus on these core elements has led to tremendous results! As seafarers look to the lighthouse for direction along unfamiliar shore, so too can Garrison act as a compass for students seeking to master this course.
