Poor's Manual of Industrials

Poor's Manual of Industrials; Manufacturing, Mining and Miscellaneous Companies

One of the only aircraft to fly and fight in three wars ' World War II, Korea and Vietnam ' the Douglas A-26 Invader earned a reputation for its durability under fire.

First flown in 1942, the Invader (known after 1948 as the B-26) featured a single pilot, with a navigator / bombardier sitting in the co-pilot's position. Many B-26's served as transport and fire-fighting aircraft after their combat service. This reproduction of an original A-26 Pilot's Flight Manual gives a rare glimpse into the cockpit of this warbird.
