Cædmon's Hymn

Winner of the Max Ritvo Poetry Prize, *The Milk Hours* is an elegant debut that searches widely to ask what it means to exist in a state of loss. “We lived overlooking the walls overlooking the cemetery.” So begins the title poem of this collection, whose recursive temporality is filled with living, grieving things, punctuated by an unseen world of roots, bodies, and concealed histories. Like a cemetery, too, *The Milk Hours* sets unlikely neighbors alongside each other: Hegel and Murakami, Melville and the Persian astronomer al-Sufi, enacting a transhistorical poetics even as it brims with intimacy. These are poems of frequent swerves and transformations, which never stray far from an engagement with science, geography, art, and aesthetics, nor from the dream logic that motivates their incessant investigations. Indeed, while John James begins with the biographical—the haunting loss of a father in childhood, the exhausted hours of early fatherhood—the questions that emerge from his poetic synthesis are both timely and universal: what is it to be human in an era where nature and culture have fused? To live in a time of political and environmental upheaval, of both personal and public loss? How do we make meaning, and to whom—or what—do we turn, when such boundaries so radically collapse?

Cædmon's Hymn and Material Culture in the World of Bede

Beginning in February 1952, Dylan Thomas made a series of memorable and historic recordings for a new record label called Caedmon. In fact, Dylan Thomas was the first to record for this new label, started by two 22-year-old women, Marianne Roney and Barbara Cohen. Little did they know that in addition to capturing a part of history they also launched an industry of spoken-word recording. This collection not only contains the incredible Caedmon recording sessions, but also recordings from the BBC, CBC, and other archival material Caedmon originally published in the 1950s and 1960s. Highlights include: "A Child's Christmas in Wales" and "Five Poems"; "Do Not Go Gentle Into that Good Night", his prose: Adventures in the Skin Trade and Quite Early One Morning, and his final work - Under Milk Wood, a play. With stunning original album cover art, and an introduction read by former poet laureate Billy Collins, this unique collection includes not only Dylan Thomas reading his finest works, but also rare recordings of Thomas reading his favorite writers, including W.H. Auden and William Shakespeare.

Biblical poetry

In *She Walks in Beauty*, Caroline Kennedy has once again marshaled the gifts of our greatest poets to pay a very personal tribute to the human experience, this time to the complex and fascinating subject of womanhood. Inspired by her own reflections on more than fifty years of life as a young girl, a woman, a wife, and a mother, *She Walks in Beauty* draws on poetry's eloquent wisdom to ponder the many joys and challenges of being a woman. Kennedy has divided the collection into sections that signify to her the most notable milestones, passages, and universal experiences in a woman's life, and she begins each of these sections with an introduction in which she explores and celebrates the most important elements of life's journey. The collection includes works by Elizabeth Bishop, Sharon Olds, Edna St. Vincent Millay, Mary Oliver, Pablo Neruda, W. H. Auden, Adrienne Rich, Sandra Cisneros, Anne Sexton, W. S. Merwin, Dorothy Parker, Queen Elizabeth I, Lucille Clifton, Naomi Shahib Nye, and W. B. Yeats. Whether it's falling in love, breaking up, friendship, marriage, motherhood, or growing old, *She Walks in Beauty* is a priceless resource for anyone, male or female, who wants a deeper understanding and appreciation of what it means to be a woman.

Excerpt: Beowulf (; in Old English or, literally "bee wolf" i.e. "bee hunter," a kenning for "bear") is the conventional title of an Old English heroic epic poem consisting of 3182 alliterative long lines, set in Scandinavia, commonly cited as one of the most important works of Anglo-Saxon literature. It survives in a single manuscript known as the Nowell Codex. Its composition by an anonymous Anglo-Saxon poet is dated between the 8th and the early 11th century. In 1731, the manuscript was badly damaged by a fire that swept through the building which housed a collection of medieval manuscripts that had been assembled by Sir Robert Bruce Cotton. It fell into obscurity for many decades, and its existence did not become widely known again until it was printed in 1815 in an edition prepared by the Icelandic scholar Grmur Jnsson Thorkelin. In the poem, Beowulf, a hero of the Geats, battles three antagonists: Grendel, who has been attacking the resident warriors of th

Pulitzer Prize winner and celebrated American master N. Scott Momaday returns with a radiant collection of more than 200 new and selected poems rooted in Native American tradition. "The poems in this book reflect my deep respect for and appreciation of words. . . . I believe that poetry is the highest form of verbal expression. Although I have written in other forms, I find that poems are what I want and need most to read and write. They give life to my mind." One of the most important and unique voices in American letters,

distinguished poet, novelist, artist, teacher, and storyteller N. Scott Momaday was born into the Kiowa tribe and grew up on Indian reservations in the Southwest. The customs and traditions that influenced his upbringing—most notably the Native American oral tradition—are the centerpiece of his work. This luminous collection demonstrates Momaday's mastery and love of language and the matters closest to his heart. To Momaday, words are sacred; language is power. Spanning nearly fifty years, the poems gathered here illuminate the human condition, Momaday's connection to his Kiowa roots, and his spiritual relationship to the American landscape. The title poem, "The Death of Sitting Bear" is a celebration of heritage and a memorial to the great Kiowa warrior and chief. "I feel his presence close by in my blood and imagination," Momaday writes, "and I sing him an honor song." Here, too, are meditations on mortality, love, and loss, as well as reflections on the incomparable and holy landscape of the Southwest. The Death of Sitting Bear evokes the essence of human experience and speaks to us all.

Books Out Loud

Who reads poetry? We know that poets do, but what about the rest of us? When and why do we turn to verse? Seeking the answer, Poetry magazine since 2005 has published a column called "The View From Here," which has invited readers "from outside the world of poetry" to describe what has drawn them to poetry. Over the years, the incredibly diverse set of contributors have included philosophers, journalists, musicians, and artists, as well as doctors and soldiers, an iron-worker, an anthropologist, and an economist.

This collection brings together fifty compelling pieces, which are in turns surprising, provocative, touching, and funny. In one essay, musician Neko Case calls poetry “a delicate, pretty lady with a candy exoskeleton on the outside of her crepe-paper dress.” In another, anthropologist Helen Fisher turns to poetry while researching the effects of love on the brain, “As other anthropologists have studied fossils, arrowheads, or pot shards to understand human thought, I studied poetry. . . . I wasn’t disappointed: everywhere poets have described the emotional fallout produced by the brain’s eruptions.” Even film critic Roger Ebert memorized the poetry of e. e. cummings, and the rapper Rhymefest attests here to the self-actualizing power of poems: “Words can create worlds, and I’ve discovered that poetry can not only be read but also lived out. My life is a poem.” Music critic Alex Ross tells us that he keeps a paperback of *The Palm at the End of the Mind* by Wallace Stevens on his desk next to other, more utilitarian books like a German dictionary, a King James Bible, and a Macintosh troubleshooting manual. *Who Reads Poetry* offers a truly unique and broad selection of perspectives and reflections, proving that poetry can be read by everyone. No matter what you’re seeking, you can find it within the lines of a poem.

Caedmon's Vision

No art has been denounced as often as poetry. It's even bemoaned by poets: "I, too, dislike it," wrote Marianne Moore. "Many more people agree they hate poetry," Ben Lerner writes, "than can agree what poetry is. I, too, dislike it and have largely organized my life around it and do not experience that as a contradiction because poetry and the hatred of poetry are inextricable in ways it is my purpose to explore." In this inventive and lucid essay, Lerner takes the hatred of poetry as the starting point of his defense of the art. He examines poetry's greatest haters (beginning with Plato's famous claim that an ideal city had no place for poets, who would only corrupt and mislead the young) and both its greatest and worst practitioners, providing inspired close readings of Keats, Dickinson, McGonagall, Whitman, and others. Throughout, he attempts to explain the noble failure at the heart of every truly great and truly horrible poem: the impulse to launch the experience of an individual into a timeless communal existence. In *The Hatred of Poetry*, Lerner has crafted an entertaining, personal, and entirely original examination of a vocation no less essential for being impossible.

ancient, and ancient poems sound new. Award-winning scholar-poet Miller Oberman's startlingly fresh translations of well-known and less familiar Old English poems often move between archaic and contemporary diction, while his original poems frequently draw on a compressed, tactile Old English lexicon and the powerful formal qualities of medieval verse. Shaped by Oberman's scholarly training in poetry, medieval language, translation, and queer theory, these remarkable poems explore sites of damage and transformation, both new and ancient. "Wulf and Eadwacer," a radical new translation of a thousand-year-old lyric, merges scholarly practice with a queer- and feminist-inspired rendering, while original poems such as "On Trans" draw lyrical connections between multiple processes of change and boundary crossing, from translation to transgender identity. Richly combining scholarly rigor, a finely tuned contemporary aesthetic, and an inventiveness that springs from a deep knowledge of the earliest forms of English, *The Unstill Ones* marks the emergence of a major new voice in poetry.

Poetry Speaks

This is the first scholarly work to examine the cultural significance of the "talking book" since the invention of the phonograph in 1877, the earliest machine to enable the reproduction of the human voice. Recent advances in sound technology make this an opportune moment to reflect on the evolution of our reading practices since this remarkable invention. Some questions addressed by the collection include: How does auditory literature adapt printed texts? What skills in close listening are necessary for its reception? What are the social consequences of new listening technologies? In sum, the essays gathered together by this collection explore the extent to which the audiobook enables us not just to hear literature but to hear it in new ways. Bringing together a set of reflections on the enrichments and impoverishments of the reading experience brought about by developments in sound technology, this collection spans the earliest adaptations of printed texts into sound by Charles Dickens, Thomas Hardy, and other novelists from the late nineteenth century to recordings by contemporary figures such as Toni Morrison and Barack Obama at the turn of the twenty-first century. As the voices gathered here suggest, it is time to give a hearing to one of the most talked about new media of the past century.

From Betty Smith, author of the beloved American classic *A Tree Grows in Brooklyn*, comes an unsentimental yet radiant and powerfully uplifting tale of young love and marriage. In 1927, in Brooklyn, New York, Carl Brown and Annie McGairy meet and fall in love. Though only eighteen, Annie travels alone halfway across the country to the Midwestern university where Carl is studying law—and there they marry. But Carl and Annie’s first year together is much more difficult than they anticipated as they find themselves in a faraway place with little money and few friends. With hardship and poverty weighing heavily upon them, they come to realize that their greatest sources of strength, loyalty, and love, will help them make it through. A moving and unforgettable story, *Joy in the Morning* is “a glad affirmation that love can accomplish the impossible.” (Chicago Tribune)
