Before the Last Battle - Armageddon

The Eagle flies high Over Armageddon Everything you have heard about God abandoning America and letting it perish long before Christ's return in the End-Times is wrong! Instead, newly accurate translations of Revelations portray America as soaring like an Eagle over the end-times, an ally and deliverer of Israel, and leader of a "Holy Alliance" of Godly nations against the Antichrist. As interpreted by two seasoned scientists and experts in Intelligence, an astonishing new picture of America in the end-times has now emerged from modern translations of the scriptures. Instead of casting away America in the end-times because of its faults, God will instead hear the prayers and repentance of its people. He will remember America's great blessings and help to the Children of Israel and give blessings rather than condemnation. Clearly, as documented by scriptures in the Bible, America will fulfill its God-given destiny, through Armageddon and beyond, as God's superpower on Earth. America will therefore not perish but will be the deliverer of Israel's people. America, as the Eagle of Revelations, standing by God's Throne and helped by the Lion of Great Britain, is now understood to be the nation warning the world of God's wrath from the 'middle of heaven' in Revelations. America is the Eagle whose 'mighty wings' rescue Israel out of the flood from the Dragon's mouth moving from Asia and bears her away to a place of safety. America is the powerful "King of the North" of Daniel, who, at the time of the end, leads a Holy Alliance that wages war upon the Antichrist; America attacking the Antichrist by sea, land, and air "like a Whirlwind." This is America, now seen in the Bible, as we have always known her through history. As in the words of Abraham Lincoln: "The Last Great Hope on Earth" This is the America that Theodore Roosevelt spoke of when he said: "We stand at Armageddon and Battle for the Lord." So, as is shown clearly by the scriptures in this book, unlike works of previous writers on this subject, that America will enjoy the blessing and help

of God even through Armageddon and beyond. However, the end-times will be a period of great trials and tribulations for Americans, as possibly seen in the vision of George Washington at Valley Forge, perhaps even a period of terrible civil war, involving large numbers of foreign mercenaries, who will make a failed attempt to conquer America and bring it under control of the Anti-Christ. But as seen clearly, at the 'time of the end' America will triumph as Christ makes His triumphal return. This book depicts the geopolitical struggle of Godly and ungodly forces entwined in the Middle East through the ages, ending with the prophecy of the massive Chinese Army of 200 million men, the 'flood from the Dragon's mouth,' marching down the Silk Road to attempt to destroy Israel. Also discussed is the great persecution of Christians through its historic foreshadowing: the martyrdom of the horrendous Armenian Genocide, one of ten horrendous such genocides in modern times, mostly driven by religious differences. America needs to pray, be strong, steadfast, and trust the God of Israel who remains at your side always. J.E. Brandenburg Ph.D. is a theoretical physicist and author who has dedicated his career to the Defense of the United States. An Episcopalian who was saved in his youth, Dr. Brandenburg has written research on a wide variety of subjects, from space exploration, finding the Higgs-Boson or 'God' particle, finding residues on the Martian surface due to historical nuclear explosions, and field unification to impact gravity. P.A. Murad was an officer in the 82nd Airborne, served in the aerospace industry for 18 years and the Defense Intelligence Agency for 25 years as a sworn defender of America. He attends the Armenian Apostolic church and published research on space propulsion, nuclear power, alternative gravity laws, and relativity.

The End of Days (Book VII)

The impact of The Late Great Planet Earth cannot be overstated. The New York Times called it the "no. 1 non-fiction bestseller of the decade." For Christians and non-Christians of the 1970s, Hal Lindsey's blockbuster served as a wake-up call on events soon to come and events already unfolding -- all leading up to the greatest event of all: the return of Jesus Christ. The years since have confirmed Lindsey's insights into what biblical prophecy says about the times we live in. Whether you're a church-going believer or someone who wouldn't darken the door of a Christian institution, the Bible has much to tell you about the imminent future of this planet. In the midst of an out-of-control generation, it reveals a grand design that's unfolding exactly according to plan. The rebirth of Israel. The threat of war in the Middle East. An increase in natural catastrophes. The revival of Satanism and witchcraft. These and other signs, foreseen by prophets from Moses to Jesus, portend the coming of an antichrist . . . of a war which will bring humanity to the brink of destruction . . . and of incredible deliverance for a desperate, dying planet.

Notes from an Apocalypse

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly

images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

The Last Days of the End Times

"Insightful, affecting, funny, and appropriately terrifying." —Sally Rooney "Harrowing, tender-hearted, and funny as hell."
—Jenny Offill By the author of the award-winning *To Be a Machine*, an absorbing, deeply felt book about our anxious present tense—and coming to grips with the future We're alive in a time of worst-case scenarios: The weather has gone uncanny. A

viral pandemic has the power to draw our global community to a halt. Old postwar alliances are crumbling. Everywhere you look there's an omen, a joke whose punchline is the end of the world. How is a person supposed to live in the shadow of such a grim future? What does it mean to have children—nothing if not an act of hope—in such unsettled times? What might it be like to live through the worst? And what on Earth is anybody doing about it? Dublin-based writer Mark O'Connell is consumed by these questions—and, as the father of two young children himself, he finds them increasingly urgent. In *Notes from an Apocalypse*, he crosses the globe in pursuit of answers. He tours survival bunkers in South Dakota. He ventures to New Zealand, a favored retreat of billionaires banking on civilization's collapse. He engages with would-be Mars colonists, preppers, right-wing conspiracists. And he bears witness to those places, like Chernobyl, that the future has already visited—real-life portraits of the end of the world as we know it. In doing so, he comes to a resolution, while offering readers a unique window into our contemporary imagination. Both investigative and deeply personal, *Notes from an Apocalypse* is an affecting, humorous, and surprisingly hopeful meditation on our present moment. With insight, humanity, and wit, O'Connell leaves you to wonder: What if the end of the world isn't the end of the world?

Revelations

Never before have we read such jarring headlines, distressing news analyses, or dire predictions concerning the world's financial future. The American housing market -- or, more sentimentally, the American dream -- began to collapse in 2006, taking with it large chunks of the global financial system. Millions of jobs worldwide have vanished forever. Did Bible prophecy predict this catastrophe? Are there biblical clues to how soon, if ever, a viable, long-term recovery can be sustained? Is the financial collapse just one of several signs that we are living in the final days of Earth's history In *THE COMING ECONOMIC ARMAGEDDON*, David Jeremiah says we can know the meaning behind what we see in the daily news -- and understand and prepare for living in the New Global Economy.

The Powers of Prophecy

Who knew that doomsday would be so hot? Environmental disasters, Ebola outbreaks, the popularity of reality television, and strife in the Middle East, may all be signs that time has come today. Weak and ailing after the end of the Cold War and the financial spree of the nineties, the timeless notion that the end is near is once again exerting a powerful influence on pop culture, politics, religion, and Mel Gibson. Omens and prophecies, asteroids collisions and nuclear war, oil crises and global warming, fire or ice, bang or whimper, asteroid or alien, act of God or human folly, *Armageddon Now: The End of the World A to Z* is all over doomsday prophecies. From alpha to omega, it is packed with 200 entries and 100 illustrations. Satan, saints, survivalists, and evangelical preachers known for their views on Biblical prophecies receive their due. In the end, the end has never been so thoroughly covered as in *Armageddon Now*. It's the last word for the end user. So, don't be

left behind. Save yourself by buying this book.

The Lost Book of Enki

NATIONAL BESTSELLER WINNER OF THE PULITZER PRIZE The searing, post-apocalyptic novel about a father and son's fight to survive. A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. End of Days

Since earliest times, human beings have pondered the incomprehensible questions of the universe, life . . . and the afterlife. Where did mortal man go to join the immortal Gods? Was the immense and complex structure at Giza an Egyptian Pharaoh's portal to immortality? Or a pulsating beacon built by extraterrestrials for landing on Earth? In this second volume of his trailblazing series The Earth Chronicles, Zecharia Sitchin unveils secrets of the pyramids and hidden clues from ancient times to reveal a grand forgery on which established Egyptology is founded, and takes the reader to the Spaceport and Landing Place of the Anunnaki gods—"Those Who from Heaven to Earth Came."

America at Armageddon

Armageddon, Oil, and Terror

The Powers of Prophecy is an original attempt to investigate the subject of medieval eschatological prophecies: how and in what circumstances they were written; how they circulated; what they told people about the future; and how they were received. Although scholars have studied the ideas of a few outstanding medieval prophetic thinkers or the role of

prophecies in heretical movements and popular insurrections, up to now there has been no attempt to study the most commonplace medieval prophetic ideas as they were communicated in the most frequently copied and widely read anonymous prophetic texts. Dedicated to pursuing the typical, Lerner's book traces the fortunes of an eschatological prophecy that was first written around 1240 and thereafter circulated throughout Western Europe for more than four centuries. Originally composed as a response to the Mongol onslaught, the prophecy was resurrected and reconceived to apply to other crises such as the fall of the Holy Land, the Black Death, and the Protestant Reformation. Although it was supposed to have descended from on high, allegedly being a message written by a disembodied moving hand over an altar during mass, countless scribes felt no qualms about recirculating the text with substantial changes. Among the many who took note of the prophecy in one or another of its numerous guises were the scholastic theological John of Paris; the Infante Peter, a prince of the house of Aragon; John Clyn, an Irish monk who entered it into his chronicle shortly before dying of the bubonic plague; and Martin Luther. -- "American Historical Review"

End of Days

Deluxe hardcover edition of the 7th and final book in Zecharia Sitchin's Earth Chronicles series • Explains how mankind and its planet Earth are subject to a predetermined cyclical Celestial Time • Details how if you learn Earth's ancient history it becomes possible to foretell the Future • Based on Sitchin's more than 30 years of research into the Sumerian civilization's record of the Anunnaki Why is it that our current twenty-first century A.D. is so similar to the twenty-first century B.C.? Is history destined to repeat itself? Will biblical prophecies come true, and if so, when? It has been more than three decades since Zecharia Sitchin's trailblazing book *The 12th Planet* brought to life the Sumerian civilization and its record of the Anunnaki--the extraterrestrials who fashioned man and gave mankind civilization and religion. In this final volume of the Earth Chronicles Series, Sitchin shows that the End is anchored in the events of the Beginning, and once you learn of this Beginning, it is possible to foretell the Future. In *The End of Days*, a masterwork that required thirty years of additional research, Sitchin presents compelling new evidence that the Past is the Future--that mankind and its planet Earth are subject to a predetermined cyclical Celestial Time. In an age when religious fanaticism and a clash of civilizations raise the specter of a nuclear Armageddon, Zecharia Sitchin shatters perceptions and uses history to reveal what is to come at *The End of Days*.

Divine Encounters

End of Days: An Encyclopedia of the Apocalypse in World Religions describes apocalyptic writings in the world's major religious traditions, including Judaism, Christianity, Islam, Hinduism, and Buddhism. The cross-referenced entries address ancient traditions--Zoroastrianism, as one example--as well as modern apocalyptic movements, such as Arun Shinrikyo, the Branch Davidians, and the Order of the Solar Temple. This book's broad scope offers coverage of overlooked traditions, such as Mayan Apocalyptic, Norse Apocalyptic, Native American eschatological literatures, and the Tibetan Book of the Dead. Readers seeking detailed information on the eschatological and apocalyptic movements and proponents of End Times can reference entries about individuals such as Harold Camping, Jerry Falwell, David Koresh of the Branch Davidians, and James Jones and the People's Temple. This single-volume encyclopedia also contains numerous historical entries on subjects such as the Great Disappointment, the Great Awakening periods of religious revival, Joachim of Flora, the Maccabean Revolt, and the Plymouth Brethren. The influence of apocalyptic ideas far outside the realm of religion itself is documented through entries on film, including well-known modern movies such as The Hunger Games and Apocalypse Now, literature by writers such as Dante, and works of fine art like Wagner's Gotterdammerung. The inclusion of entries related

to literature, film, and other art forms further attests to the wide-ranging social influence of belief in the end of days.

Revelation

Explains the links between the Bible and ancient Sumerian texts, probing the age-old question of the relationship between humanity and its creators. • Challenges scientific maxims of the basis of human life. • Draws fascinating parallels between the leaders of the Anunnaki (from the 12th planet) and Yahweh. • A comprehensive new look at the history of man. • First time available in hardcover. In Divine Encounters Zecharia Sitchin draws on basic Judeo-Christian texts to analyze the creation myths, paralleling Biblical stories to the myths of Sumer and Mesopotamia in order to show that humanity did not evolve without assistance. Sitchin daringly hypothesizes instead that Enki, one of the leaders of the Anunnaki from the 12th planet, created humanity as a "primitive worker." Furthermore, Sitchin suggests that the extraterrestrial encounters of today demonstrate the continued interest of the Anunnaki in the Earthlings they created.

The End Times in Chronological Order

Don't forget to stop by our website and check out our articles. (Link is on the left under the ADD TO CART button) This book looks into the Christian Last Days/End Times view. Christianity and much of the world are awaiting the last days of mankind and the planet as they currently exist. This Latter Days prophesied within the pages of the Bible are believed to be as of yet, unfulfilled; these Latter Days are consistently applied to each passing generation, but was this the intention of this Latter Days message in the Bible? Why proper Eschatology matters? The Man, Message, Mission, Purpose, Authority, Messiahship and the Integrity of Christ are at stake in matters of Eschatology. Within Christian Eschatology, far too many live with a defeatist mentality of mankind and the planet; feelings of hopelessness about the destiny, direction and future of mankind and our planet, forces many to view Christians as defeatists. Apathy and complacency; though certainly not openly proclaimed by the majority of Christians, are very real side effects of/in a faith that believes God has us on a collision course with destiny, and that we are helpless to reverse that course. Are we in The Last Days of The End Times? Are we about to witness the Great Battle of Armageddon? Are we about to experience the Great Tribulation? Are we about to be brought into a 1 World Order, where Antichrist reigns supreme? These and many other issues are explored in this book.

The Last Battle (adult)

Are we living in the final chapter of the world as we know it?

The End Times

The companion volume to The Earth Chronicles series that reveals the identity of mankind's ancient gods • Explains why these "gods" from Nibiru, the Anunnaki, genetically engineered Homo sapiens, gave Earthlings civilization, and promised to return • 30,000 sold in hardcover Zecharia Sitchin's bestselling series The Earth Chronicles provided humanity's side of the story concerning our origins at the hands of the Anunnaki, "those who from heaven to earth came." In The Lost Book of Enki we now view this saga from the perspective of Lord Enki, an Anunnaki leader revered in antiquity as a god, who tells the story of these extraterrestrials' arrival on Earth from the planet Nibiru. In his previous works Sitchin compiled the complete story of the Anunnaki's impact on human civilization from fragments scattered throughout Sumerian, Akkadian, Babylonian, Assyrian, Hittite, Egyptian, Canaanite, and Hebrew sources. Missing from these accounts, however, was the perspective of the Anunnaki themselves. What was life like on their own planet? What motives propelled them to settle on Earth--and what drove them from their new home? Convinced of the existence of a lost book that held the answers to these questions, the author began his search for evidence. Through exhaustive research of primary sources, he has here re-created tales as the memoirs of Enki, the leader of these first "astronauts." What takes shape is the story of a world of mounting tensions, deep rivalries, and sophisticated scientific knowledge that is only today being confirmed. An epic tale of gods and men unfolds, challenging every assumption we hold about our past and our future.

Armageddon Now

Draws on cosmological phenomena of the modern world as well as the author's own research into shamanic and metaphysical belief systems to support the Mayan theory about an unprecedented global shift predicted for the year 2012.

The Late Great Planet Earth

One-third of the Bible concerns prophecy, and yet our religious leaders often do not understand these prophecies and do not teach them. Most scriptural prophecies reside in the Old Testament and in Revelation in the New Testament, and most direct our attention to the final years of human government on this earth. These final years are here at last. In Woe! Woe! Woe! And then Armageddon: A Prophecy of the End Time, minister and author John A. Pinkston guides us deep into understanding of biblical prophecy and how it links to history and to the present, where catastrophic and foretold events are

driving inexorably toward the return of Jesus Christ and the battle of Armageddon. Pinkston does not claim to be a prophet, but his forty years of experience in ministry and extensive research into biblical prophecies help him understand how current worldwide events are leading to the fulfillment of the words of the Old and New Testaments. With full scriptural support, each chapter explores in depth a prophecy of the Bible and the issues it raises. The Bible, the Word of God, holds the answers to all questions about prophecy and the end time, and there is no greater question than What should we do now? To that, the Bible offers the only advice, If my people, which are called by my name, shall humble themselves and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin and will heal their land. (II Chronicles 7:14)
