A gripping portrait of the first president of the United States from the author of Alexander Hamilton, the New York Times bestselling biography that inspired the musical. Celebrated biographer Ron Chernow provides a richly nuanced portrait of the father of our nation and the first president of the United States. With a breadth and depth matched by no other one volume biography of George Washington, this crisply paced narrative carries the reader through his adventurous early years, his heroic exploits with the Continental Army during the Revolutionary War, his presiding over the Constitutional Convention, and his magnificent performance as America's first president. In this groundbreaking work, based on massive research, Chernow shatters forever the stereotype of George Washington as a stolid, unemotional figure and brings to vivid life a dashing, passionate man of fiery opinions and many moods. Winner of the 2011 Pulitzer Prize for Biography Ron Chernow's new biography, *Grant*, will be published by Penguin Press in October 2017. "Truly magnificent... [a] well-researched, well-written and absolutely definitive biography" -Andrew Roberts, *The Wall Street Journal* "Superb... the best, most comprehensive, and most balanced single-volume biography of Washington ever written." -Gordon S. Wood, *The New York Review of Books* "A truly gripping biography of George Washington I can't recommend it highly enough—as history, as epic, and, not least, as entertainment. It's as luxuriantly pleasurable as one of those great big sprawling, sweeping Victorian novels." -Hendrik Hertzberg, *The New Yorker* Lin-Manuel Miranda's smash Broadway musical *Hamilton* has sparked new interest in the Revolutionary War and the Founding Fathers. In addition to

Volume 15 of the Revolutionary War Series documents a period that includes the Continental Army's last weeks at Valley Forge, the British evacuation of Philadelphia, and the Battle of Monmouth Court House. The volume begins with George Washington's army at Valley Forge, Pennsylvania, celebrating the new alliance between the United States and France. Washington joined the festivities but did not become complacent, and as the celebrations ended he redirected his attention to winning the war.

The Papers of George Washington, a grant-funded project, established in 1968 at the University of Virginia, under the joint auspices of the University and the Mount Vernon Ladies' Association of the Union, to publish a comprehensive edition of Washington's correspondence. Letters written to Washington as well as letters and documents written by him are being published in the complete edition that will consist of approximately ninety volumes. The work is now (2011) more than two-thirds complete. The edition is supported financially by grants from the National Endowment for the Humanities, the National Historical Publications and Records Commission, the Mount Vernon Ladies' Association, the University of Virginia, and gifts from private foundations and individuals. Today there are copies of over 135,000 Washington documents in the project's document room. This is one of the richest collections of American historical manuscripts extant. There is almost no facet of research on life and enterprise in the late colonial and early national periods that will not be enhanced by material from these documents. The publication of Washington's papers will make this source material available not only to scholars but to all Americans interested in the founding of their nation. - Publisher.

### **The Papers of George Washington**

Washington was rarely isolated from the world during his eventful life. His diary for 1751-52 relates a voyage to Barbados when he was nineteen. The next two accounts concern the early phases of the French and Indian War, in which Washington commanded a Virginia regiment. By the 1760s when Washington's diaries resume, he considered himself retired from public life, but George III was on the British throne and in the American colonies the process of unrest was beginning that would ultimately place Washington in command of a revolutionary army. Even as he traveled to Philadelphia in 1787 to chair the Constitutional Convention, however, and later as president, Washington's first love remained his plantation, Mount Vernon. In his diary, he religiously recorded the changing methods of farming he employed there and the pleasures of riding and hunting. Rich in material from this private sphere, The Diaries of George Washington offer historians and anyone interested in Washington a closer view of the first president in this bicentennial year of his death.

him. Who better to unearth them than George Washington's great-nephew, Austin Washington? Most Washington fans have heard of "The Rules of Civility" and learned that this guided our first President. But that's not the book that truly made George Washington who he was. In *The Education of George Washington*, Austin Washington reveals the secret that he discovered about Washington's past that explains his true model for conduct, honor, and leadership—an example that we could all use. *The Education of George Washington* also includes a complete facsimile of the forgotten book that changed George Washington's life.

“Lengel’s Washington is the archetypal American soldier—an amateur citizen in arms who struggles to learn an unfamiliar and demanding craft on the job.Outstanding.” —Publishers Weekly (starred review) on The Glorious Struggle Editor-in-Chief of the Washington Papers Project Edward G. Lengel delivers an entertaining and erudite history of America's Founding Father. In *Inventing George Washington*, a captivating counterpart to Lengel’s *General George Washington: A Military Life*, the historian looks at Washington’s life and writings, at the creation of his mythos, and at what his legacy means for our nation and ourselves.
