## Wake Up Do, Lydia Lou!

Growing up in an abusive home lead me to marry an abusive man. I never knew I was a victim. I have been there and done that and I do NOT wish it on anyone. Victims need to know they aren't alone, that they don't have to be alone, that there is help out there and that they no longer need to be or to feel like victims. I want my story to make a difference to others, to show them they aren't alone and they CAN get help. I gave up my "victim" status and took back my "Power"! You can too!

## Juice the Pig

Scolded by his mother for his vain attention to a large hat collection and for not learning life's lessons, a piglet proves the hats teach him determination, bravery, patience, and kindness.

## Three Billy Goats Gruff

"It's the most politically incorrect work of art I have ever seen. It's also hilariously funny and scathingly insightful." -- Karen Selick, Canadian Lawyer Magazine "Takes the reader over the edge of the politically unthinkable and unsayable. It may be a nightmare into which we plunge, but it is a poignantly contemporary nightmare. This book just may wake some people up--if anything can." --Kurt Preinsperg, Vancouver Community College "Fair New World is that rare thing: an entirely independent-minded book that is fearless in its satire of existing orthodoxies, no matter which direction they come from . . . It is also great fun to read, making us constantly stop and think as we trip over its hilarious extrapolations from the everyday craziness that surrounds us." --Daphne Patai, University of Massachusetts "Tafler brings into play an abundance of invention, verbal ebullience and wit. These, together with an eye for and relish in the absurd and ridiculous, serve his anger

as he satirizes the excesses of feminism and political correctness of the contemporary scene." --Kaye Stockholder, The University of British Columbia "Swiftian in the savagery of its humor, which is directed at the very real and present dangers inherent in radical feminism and political correctness running amok." --Donald Todd, Simon Fraser University Book Description Lou Tafler's *Fair New World* offers a tonic for toxic political correctness. The novel portrays two dystopias--Feminania and Bruteland--and a utopia, Melior. Most of the action unfolds in Feminania, a polity governed by feminism-run-amok, steeped in denial of the social consequences of sex difference, and obsessed with changing human nature by inane legislation. Bruteland, a backlash state, is run by violent male chauvinists. Melior, Latin for "better," outlines Tafler's vision of political, social, and sexual sanity. As reviewer John Frary observed, Tafler set out to write satire, only to discover that he was writing prophecy. When *Fair New World* first appeared in 1994, the cancer of political correctness was still confined to academe. As Tafler warned, if left untreated political correctness would spread--as indeed it has--to governments, corporations, K-12 education, media, and society entire. His direst prophecies are highlighted in this edition's Introduction by professor Daphne Patai, who avers: "The world has not heeded Tafler's warnings, nor taken his wit to heart. Instead, readers of *Fair New World* on the 25th anniversary of its original publication need only look around to see how much the abandonment of wisdom, commonsense, and sanity has flourished in the intervening years." Readers who cherish our formerly unalienable rights and defend our hard-won freedoms will revel in Tafler's merciless mockery of the delusional radicalism and totalitarian ideology that has usurped them. Lou Tafler is the pen-name of philosopher Lou Marinoff, a stalwart defender of individual liberty, and a relentless opponent of identity politics.

## **Dave's Cave**

Named a best book of the summer by Literary Hub The life and times of a militant white supremacist, written by one of his offspring, National Book Award-winner Edward Ball *Life of a Klansman* tells the story of a warrior in the Ku Klux Klan, a carpenter in Louisiana who took up the cause of fanatical racism during the years after the Civil War. Edward Ball, a descendant of the Klansman, paints a portrait of his family's anti-black militant that is part history, part memoir rich in personal detail. Sifting through family lore about "our Klansman" as well as public and private records, Ball reconstructs the story of his great-great grandfather, Constant Lecorgne. A white French Creole, father of five, and working class ship carpenter, Lecorgne had a career in white terror of notable and bloody completeness: massacres, night riding, masked marches, street rampages—all part of a tireless effort that he and other Klansmen made to restore white power when it was threatened by the emancipation of four million enslaved African Americans. To offer a non-white view of the Ku-klux, Ball seeks out descendants of African Americans who were once victimized by "our Klansman" and his comrades, and shares their stories. For whites, to have a Klansman in the family tree is no rare thing: Demographic estimates suggest that fifty percent of whites in the United States have at least one ancestor who belonged to the Ku Klux Klan at some point in its history. That is, one-half of white Americans could write a Klan family memoir, if they wished. In an era when racist ideology and violence are again loose in the public square, *Life of a Klansman* offers a personal origin story of white supremacy. Ball's family memoir traces the vines that have grown from militant roots in the Old South into the bitter fruit of the present, when whiteness is again a cause that can veer into hate and domestic terror.

## **Color With Me! Grandma & Me Coloring Book**

Henry - My past is gruesome and unforgettable no matter how hard I try to let go. Writing is my escape. My only therapy. When I met my wife, had children, and my career sky-rocketed, I thought I'd never revisit those dark days again. So, the moment Blue Hill, Maine beckons for me, I go willingly in an effort to write the next big story. But when a ghost from my past shows up, all of my carefully rebuilt walls come crumbling down hard and fast. My only way of defense is ripped from my grasp as this distraction bounces into my life. Will I be able to sift through what's fiction to find reality? Eli - I'm a serial killer. A victim of narcissism and the need to satisfy my own urges. I have a thirst to snuff out the lives of those that remind me of her-the woman that ruined me-and I take great pleasure in quenching that thirst. I have no rules. No parameters. I do as I please. New York Times and USA Today bestselling author, Henry McElroy, is my god. His sick, twisted mind constructs the world to which I rule. I would be nothing without him-my dark creator. \*\*\* What happens when Henry McElroy's story begins to take a realistic form the moment he sets foot in the sleepy, seaside town in Maine? As soon as he begins sharing excerpts of his book with his fans on social media, including an obsessive one he meets in Blue Hill, bodies begin to stack up in similar fashion to that of which he writes about. Will the blame be placed on the town's newest and most twisted visitor? Or will Henry be able to prove his innocence and clear his name before it's too late?
