## **Playing the Piano for Pleasure**

Stage fright is one of the human psyche's deepest fears. Over half of British adults name public speaking as their greatest fear, even greater than heights and snakes. Laurence Olivier learned to adapt to it, as have actors Salma Hayek and Hugh Grant. Musicians such as Paul McCartney and Adele have battled it and learned to cope. *Playing Scared* is Sara Solovitch's journey into the myriad causes of stage fright and the equally diverse ways we can overcome it. As a young child, Sara studied piano and fell in love with music. As a teen, she played Bach and Mozart at her hometown's annual music festival, but was overwhelmed by stage fright, which led her to give up aspirations of becoming a professional pianist. In her late fifties, Sara gave herself a one-year deadline to tame performance anxiety and play before an audience. She resumed music lessons, while exploring meditation, exposure therapy, cognitive therapy, biofeedback and beta blockers, among many other remedies. She practiced performing in airports, hospitals and retirement homes. Finally, the day before her sixtieth birthday, she gave a formal recital for an audience of fifty. Using her own journey as inspiration, Sara has written a thoughtful and insightful cultural history of performance anxiety and a tribute to pursuing personal growth at any age.

Drawing on experience, psychological insight, and wisdom ancient and modern, Westney shows how to trust yourself and set your own musicality free. The creator of the acclaimed Un-Master Class workshop also explores the special potential of group work, outlining the basics of his revelatory workshop that has transformed the music experience for participants the world over. Practicing, in Westney's view, is a lively, honest, adventurous, and spiritually rewarding enterprise, and it can (and should) meet with daily success, which empowers us to grow even more. Dans ce deuxième tome, Louis de Ny nous propose d'effectuer une nouvelle plongée au coeur du Petit Monde du Rock progressif Italien. Il y a bien sûr à nouveau une sélection d'albums d'hier et d'aujourd'hui avec une fois de plus beaucoup de découvertes à savourer et de curiosités à explorer. Il en profite aussi pour revenir longuement sur les années quatre-vingt et ainsi compléter son anthologie de ce courant musical si particulier et si riche dont la vitalité ne cesse de surprendre. La partie la plus originale est sûrement celle consacrée aux

musiciens actuels du mouvement progressif italien. Ce sont eux qui s'expriment directement dans ce livre, qui nous permettent d'entrer dans leur sphère et ainsi de mieux comprendre ce qui les fait avancer dans un contexte général économiquement peu porteur et culturellement peu ouvert aux musiques progressives. Quand vous aurez terminé de lire ce livre, vous comprendrez alors mieux la signification de son sous-titre : Le Théâtre des émotions.

Now more than ever, the ability to sight-read fluently is an essential part of the pianist's training, whether playing alone, as an accompanist or with ensemble. This workbook is designed to help overcome the nerves that can cause sight-reading problems. Step by step it helps the player to create a complete picture of each piece, first through rhythmic and melodic exercises related to specific problems, then by the study of prepared pieces with associated questions for the student to answer, then finally to the real, unprepared sight-reading test itself. Check-boxes for each stage allow both teacher and pupil to keep a record of progress.
